PARENT TEACHER MEETING

Despite the fact that the guest speaker was unable to appear at the December 9th meeting of the Chugiak P.T.A. the meeting was a lengthy one. The greater part of the time was consumed with the discussion of a re-run of the play "Harvey". The members of the cast felt that with enough advance publicity and early pushing of ticket sales, a full house could be anticipated for one or possibly two performances. It was requested that this time the entire membership of the P.T.A. get behind the cast and help in every way possible, from selling of tickets to acting as stage hands. The play was tentatively scheduled for a week-end at the end of January with sale of tickets and publicity to start immediately. Christmas parties and treats were also taken into consideration. In view of the large number of school and pre-school children now in our community, providing a small sack of candy and nuts or fruit for each child would still cost the P.T.A. about \$100. Members were reluctant to discontinue this tradition but still felt that it was a rather large financial burden for P.T.A. to stand this year. It was voted to ask parents to contribute .50¢ per family to help defray the expense. Notes will be sent home with the children explaining this situation as it was felt sure that parents would be glad to contribute. It was brought to the attention of the membership that a candy sale had been tried at the last Friday night meeting with great success. Sale of candy will be a feature of succeeding bi-monthly meetings for this will add to the profit from the showings, said profits being set aside to purchase educational film for the classrooms.

LIGHTING CONTEST UNDER WAY

Entries are starting to come in for the Christmas lighting contest which is sponsored as a non-profit project by the Friendly Neighbor Club. While the businesses are responding readily, the private homes and clubs are rather slow. Residents are once again urged to participate. All homes, even those on far back roads, are welcomed. The judges will go anywhere that the road is accessible. All agree that nothing is more cheering than the warm glow of Christmas lights greeting guests at the remote cabin or homestead. Remember, the deadline to enter is December 16th, so don't wait until the last minute. Judging will be on the 20th and the 21st so keep those lights on and keep Chugiak bright!

REMINDER!!!!!! PETERS CREEK RESIDENTS

The residents of the Peters Creek area are once again reminded of the Christmas party to be held at the Half Way House on December 16th. This is an opportunity for residents who have not joined the club to meet the members and enjoy a social evening. The party starts at 8:00 p.m. and a hot and cold dish to contribute to the Pot-Luck is the only admission.

TELEPHONE NUMBERS

On December 13th (Saturday) all telephone numbers in the area will change by the addition of the number 2 immediately following the exchange name of Homestead.

2 Fires in Chugiak

Last Thursday afternoon Chugiak Volunteer Firemen answered a fire call at the home of Mrs. Miller on the Eagle River Homestead Road. A blowtorch being used to thaw pipes in a well house had ignited the building. A large crew of men answered the call with water back pack pumps which was the only equipment available. By holding the fire down with these pump cans the men were able to tear the structure apart so that the fire did not involve the adjoining home.

On Saturday afternoon the Quonset Hut home of Clare "Pop" McDowell and its entire contents were destroyed by fire. The fire had gotten a good start before it was discovered and although a large crew responded to the alarm there was no equipment available to quell the roaring blaze. Once again, plenty men but no tools!

RESCUE TOOLS ARRIVE!

The PUSHMASTER, a hydraulic device for forcing entry to wrecked cars or buildings was received by the Fire Company Rescue unit. This tool is the only one of its kind in use by Rescue teams in Alaska. So once again, the Chugiak Volunteer Fire Company has "paved the way". The Pushmaster was paid for by contributions from the following people: Ann & A.J. Cornerford, Dallan Oberg, Elva Osborn, Grace Tatro, James Carawan, Nolan Hibbard, Tom Slanker, Jim Polyefko, Paul Swanson, Mr. Lewis, More on page 6

TILES CHANGE - GOODY!

One of the days of my many years that have been filled with amazement was last Friday when I made a trip to the dentist. I had a very bad cavity drilled and filled absolutely WITHOUT pain and WITHOUT drugs. Really! The dentist has a new drill which sprays water from the tap on the tooth while drilling which keeps the tooth cool and this method leaves the patient free from pain, free from the misery of the needle and free from the aftereffects of the drugs; the miserable stiff-faced feeling, the soreness and the grogginess. The dentist jokingly remarked that it took 50 years to find out that patients don't like to be hurt. Even the worst and deepest cavity would give only an occasional mild twinge of pain when drilled in this manner, he said, and then a surface deadener could be employed. No longer need children fear those periodic trips to the dentist, nor do adults need

to put off tooth repair. In fact, it should encourage adults to have regular dental care for it will be no different than a trip to the barber or beauty parlor and will certainly be as rewarding in appearance to say nothing of health. No longer can dentist be regarded as ogres, and surely it will eventually lead to fewer and fewer folks having to wear dentures. Poor George Washington, what he must have suffered with those wooden plates! If only he were alive today! Anyway, it is a day to remember. It was one of the days that make me know that I have to live to be 99, for I don't want to miss a single day that holds discoveries such as that one, and I am sure that the days to come will hold many such advancements of which we can only dream today.

Letter to the Editor:
 This is to inform the people of Chugiak that I am being accused of starting an investigation into the recent election. I want it known that this is a false rumor.

Wm. Reuter

It is the opinion of the Editor that the men who did start the ball rolling so to speak, on the election will be only too glad to assume the responsibility.

THE MOOSE CALL

The contest we have been having to get a name for the school page is now complete. The name chosen is "The Moose Call" written by Nelda Moonier in Mr. Kirk's 6B class. The prize offered by the Knik Arm Courier will be presented to Miss Moonier in the very near future.

JoAnn Hughes
Editor

Our school secretary, Mrs. Steelman, took a trip to Florida. She left October 31st and returned November 11th. While she was there she visited Africa, U.S.A. It is a park made up to resemble true Africa. She was pulled around by little cars that were pulled by a little jeep. She saw all kinds of African animals such as camels, ostriches, two kinds of zebra, a beautiful donkey, and gazelles. Gazelles are small animals. The doe is brown and the buck is black and white. There are no cages in this park so it gives a true picture of Africa. She also visited Nassau in the Grand Bahamas. There they have the only flock of trained Flamingoes in the world. The Flamingoes are a beautiful pink color and their wings are lined with black and they eat shell food. A gentleman trained the Flamingoes for three years. They obey the commands of the master very well. When he has them do "double-time" they spread their wings.

Flamingoes are very interesting. These were the two most interesting things on Mrs. Steelman's trip.

Miss Search's class is studying musical sounds in science. Several of the students have brought their own instruments to show the class. So far we've seen a violin, a guitar, an accordion and a clarinet. We also took the front of the piano off to see how it worked. Danny Kratz is going back to Baltimore. He has been visiting his Aunt and Uncle here.

SANTA CLAUS COMING TO CHUGIAK

The merchants of the Eagle River shopping center are once again proving that there is no need to leave our community for any of your Christmas buying.

Arrangements have been made for Santa Claus to appear every Saturday afternoon from 1:00 p.m. through 3:00 p.m. until Christmas. The jolly Saint will preside at Lorraine's Shop, and all parents are urged to come down and bring the kiddies. There are plans to have a photographer present, so that pictures of the youngsters with Santa will be available. So all take advantage of this wonderful opportunity to do your Xmas shopping in the comfort and convenience of your own community and at the same time let the children give their Christmas orders to Saint Nick and receive a little gift of appreciation from the friendly merchants of Eagle River.

The premium at the Market Basket this week is a handsome West Bend Electric Fry-Pan - no less! So look for the coupon in the Knit: Art Courier and hurry to do your marketing so that you may drop your name in the box. Remember the drawing takes place on Saturday, just two days away.

PAPER BOX PILFERED AT PETERS CREEK

There is still obviously a thief at work in the Peters Creek area. So far as it is possible to determine, the pilfering has been confined mainly to magazines from mailboxes and newspapers from paper tubes. However, one subscriber has had his Times paper taken so regularly that he is being forced to cancel his subscription. This will however only result in the thief turning his attention to one of the other paper tubes in the group of mail and paper boxes. It is unfortunate that something can not be done to stop petty thoughtless action. ("There's all kinds of varmint traps, folks. I'm not actually suggestin' such drastic measures, I'm just sayin'.")

MAKE CHUGIAK GLOW

SHOPPING IN Chugiak

Mr. Ed Fortier addressed the Anchorage Chamber of Commerce meeting this past Monday in the following manner: "Fellow residents of one of the biggest targets for Russia". Then he went on to say that in case of warfare, Alaskans would be on their own for two weeks at least. "The payoff will be readiness in case of trouble." McGann's Eagle River Shopping Center is ready, ready to help you to help yourself if we do have trouble. They have put in a stock of the special kits of dehydrated meals which Civilian Defense recommends for survival in case of attack. Stop in and get your supply. Then have them handy along with your clean clear supply of water and in case of trouble, the payoff in exchange for your life and the life of your loved ones will not be so hard to make. Don't put it off, go to McGann's today for those ration kits.

GIRL SCOUT PROGRAM AND INVESTITURE CEREMONY

Girl Scout Troop # 120 of Eagle River will present a Christmas program for their parents and friends on Wednesday December 17th at 7:30 p.m. at the Christian Chapel, one quarter mile east of the shopping center. There will be short plays, dialogues and songs. A beautiful investiture ceremony will clinax the evening when the following girls will be invested: Mary Donnelly, Kay Ranger, Carolyn Sue Van Zant, Gayle Charles, Cynthia Headlough, Linda Underwood, Carol Dodge, Elizabeth Brasher, Sharon Lee, and Karle Ranger. We have two new girls; Sharon

Moyer, who has come to us from the troop at Honer, and Peggy Eller who came from Fort Richardson. This will be the last meeting until the 7th of January. We have a total of 26 girls in our troop which was started in April of this year. Mrs. Ali B. Jarman is the leader with Mrs. C.B. Ashby as assistant. Badge awards will also be made. Starr and Maureen Frary will receive their Hone Gardener badge, Dorothy Gay will get her Dog & Cat badge and Mary Jane Jarman will receive her Dog & Cat and Writer badge. The troop has changed their meeting day to Wednesday due to the school bus schedule.

FRIENDLY NEIGHBORS XMAS PARTY

The Christmas Party for the children of Freindly Neighbors will be held Wednesday December 17th beginning at

noon, at the V.F.W. Hall at 21 Mile. Luncheon will be followed by a party and games. It is open to members both active and inactive, and their children.
