TOASTMISTRESSES COMING TO CHUGIAK SEPT. 27th

A demonstration meeting of the Toastmistresses Club will be held in the multi-purpose room of the Chugiak School on Saturday, September 27th from 2:00 to 4:00 p.m. Mrs. Snipes of Anchorage is in charge. Guest speaker will be Mrs. Wilbur of Tacoma, Washington, who is a National officer. This demonstration is being presented by members of Alaskan Council # 1 to show what the Toastmistress Club is and what they do. It is hoped that a chapter can be formed in Chugiak. The public is invited to this September 27th meeting.

VETERINARY SERVICE MAY BE AVAILABLE TO CHUGIAK

Mrs. R.W. Burg of the Burg Birchwood Kennels, has long deplored the fact that the inconvenience of driving all the way to Palmer or Spenard for veterinary service has caused many of the people of the community to neglect their pets. In an effort to remedy this situation, Mrs. Burg has sought out Dr. Barnes of Spenard who has a mobile clinic. If Mrs. Burg can assure him that the residents of this area are interested, Dr. Barnes will visit the Birchwood Kennels every two weeks and make available any veterinary service that is needed, such as immunizations, worming, spaying, clipping, etc. Residents with pets who would like the convenience of this service are requested to call Mrs. Burg at Ho. 5206 and let her know so that she can inform Dr. Barnes and set up the date for the first visit.

The paper will be discontinued after one month if the rate is not paid. Papers such as this bring very little revenue and show very little if any profit, Even large papers such as Mr. Atwoods have to be run on a business basis and everyone has to work hard to make his wages, and we don't doubt but that there were times when even

Mr. Atwood wondered if it was worth it. All papers operate on their advertising rates but this paper enjoys a very small circulation so it is felt that a greater charge to the advertiser is not justified therefore we are making this policy on subscriber payments. Thank you very much for your consideration,

It is understood that the blinkers on the high school bus are not always blinking when it is stopped. The grapevine says that letters have been written regarding the situation. More parents ought to be more concerned about the operation of the busses that haul their children. Surely we don't want to lose a busload of children. It happened there, it CAN happen here too. Children should certainly be more valuable than vehicles.

SHOPPING in Chugiak

On a trip to shop stop in at McGann's Eagle River Shopping Center and just browse around. You will be amazed at the different lines that are carried there. Besides a good supply of groceries there are notions, drug sundries, clothing and gifts. There are lovely things to choose from for that new baby, and there are school clothes for junior, quality socks for Dad and many other items, and the price is right. Then too, Mac can supply you with that extra something for a celebration or a pick-up if you are "plus". Many residents of this area just don't realize how many of their needs can be supplied locally.

The Cook of The Month

COOK FOR SEPT.
LIZ HARRIMAN

by Rusty Bellringer

For her final recipe, Liz Harriman offers this favorite donut, which is made with a sweet dough that requires no icing or sugar coating.

DELECTABLE DONUTS

Makes 3 dozen.

- 1/4 cup Fluffo
- 1 cup sugar
- 2 eggs
- 4 cups flour
- 4 tsp. baking powder
- 1 tsp. salt
- 3/4 cup milk
- 1 tsp. vanilla

CREAM: shortening, sugar and eggs

COMBINE: dry ingredients and add alternately with

milk and vanilla stirring after each addition until well blended. Dough should be soft and a little sticky. Divide dough into 3 parts and chill for 1 hour.

Roll 1/3 dough at a time to 1/4 inch thickness on a lightly floured board and cut with donut cutter. Fry in salad oil heated to 365. As soon as donuts rise to top of oil, turn, then turn again when light brown.

Continue turning until they are the desired shade of brown. Drain on paper towels.

This dough will keep in the refrigerator up to 2 weeks.

FRIENDLY NEIGHBORS

The Wednesday meeting of the Friendly Neighbors was at the home of Katy Phillis on Sept. 17th. The ladies decided that since evening meetings are inconvenient to some of the members, they would alternate one afternoon and one evening meeting per month, at the convenience of the hostess. Jeanette Wetherspoon received her gift from the jewelry club, a pair of delft earrings from Holland. There was also a birthday gift for Rusty Bellringer

from her Secret Pal. This was a pair of Cat figurines.

The next meeting is scheduled for the afternoon of October 1st at 1:00 p.m. at the home of Marie Petronovich. Marie was the winner of the hostess raffle which was a box of Floral Note paper.

Young JACK BRITAIN, an eighth grade pupil at the Onugiak School received a broken wrist in an accident during Physical Education class.

Plan **DIRT** Gardening

Fall seems to be the proper time to fertilize strawberries, since application in the spring may give beautiful large leaves but few strawberries, as this gardener has painfully discovered. Manure is excellent applied alongside the rows. Superphosphate is also recommended, while other gardeners advise using bone-meal since it is slow acting. Another novel mulching suggestion is to use wet newspapers with peat on top. Grass clippings are excellent to use as a mulch around strawberries.

When dahlia bulbs are dug in the fall is a good time to divide them since the eyes can be seen more readily now than in the spring when they are dried out. Begonia bulbs may also be cut at this time into three sections. Dry off dahlia bulbs after digging, shake off loose dirt and store upside down in a box lined with newspaper and place in a cool, dark place. In late fall some gardeners cut back delphinium close to the ground. All bushes may be safely moved now.

Hardy annual and perennial seed may be sown in late fall just before the ground has frozen for the winter. Do not sow too early or they will begin to germinate. Prepare the beds in the usual manner, and cover in the same depth of soil as in spring planting. You may get only 30% germination in the spring, but the plants will be sturdier and 6 to 8 weeks ahead of those started indoors or in a greenhouse.

Gardener DICK HANNEN says that the tips for keeping flowers as printed in the Courier of August 25th, are very good tips; they really do preserve the flowers.

NEW BOOKS

20 New books have been received from the Territorial Library Service at the Chugiak Library. A large percentage of them are childrens and youth's books. Among the titles are: *Avalanche* by A. van der Loeff, *He Went With Columbus* by Louise A. Kent, *My Favorite Stories of the Great Outdoors* by Roy Chapman Andrews, and *The Age of the Moguls*, a story of the empire builders who changed the face of America, by Stewart H. Holbrook.

MR. & MRS. E.G. MC GLUSKY have sold their beautiful home on Frary Drive to Mr. and Mrs. Arthur Johnson. Due to Mr. McClusky's health they will leave the State sometime this fall for their farm in Iowa.

MR. EVERETT MAY has been operating the Barber Green paving machine on the street paving contract in the city of Palmer. Rain has delayed the completion somewhat.

WELL CHILD CLINIC

Due to next Wednesday coming as the first day of the month, Miss Mary Rowley, Health Nurse, will postpone her regular well-child visit to Chugiak until the following Wednesday, October 3th, from 1:00 to 3:00 p.m.

HEALTH COUNCIL

The Chugiak Health Council will hold it's regular meeting on October 3th at 8:00 P.M. at the Chugiak School. Members of the Council are urged to make a special note of this date.
