CHUGIAK - 10¢

## Family in Birchwood Wreck

An Anchorage family of five were involved in wreck on the Birchwood loop Rd. last Saturday, when their car overturned after failing to negotiate a curve in front of the Callahan Residence.

Injured, was Mrs. Ransome Bradley, of Tudor Rd and Wright St. in Anchorage. She was taken to the ANS Hospital with facial cuts and bruises and possible internal injuries.

The Chugiak Volunteer Fire Company's Ambulance answered the call.

However, contrary to the report in the Anchorage Times, it did not take the ambulance a half hour to arrive at the scene of the wreck.

The wreck apparently occurred at 7:30 pm, but the ambulance was not called until 8 pm and responded immediately.

Mrs. Bradley was transported in the ambulance, while the father and three children were taken in a private vehicle belonging to Chick LeDoux.

The Bradley's had been returning from a visit in Birchwood when the accident occurred.

According to the Anchorage Times this is the second such accident for Bradley in the past three months.

CLEDA STEPHENS, ELIZABETH HARRIMAN AND LORENE JOFSON EXAMINE HANDMADE ITEMS TO BE SOLD AT THE COMING CHARITY BAZAAR, AT A RECENT MEETING OF THE FRIENDLY NEIGHBOR CLUB.

### DATE SET FOR CHARITY BAZAAR

November 14th has been set as the date for the Charity Bazaar which will benefit the fund for the Public Health Nurse.

This was voted on at the last meeting of the Friendly Neighbor Club at the home of Liz Harriman last Wednesday, Sept 16th.

Most of the members brought to the meeting some of the items which they had made for sale, and many new ideas were discussed.

Among some of the articles that will be offered for sale will be hand-carved leather bill-folds and purses, tooled copper plaques, hand painted ceramics, stuffed toys, aprons etc.

It was decided to hold a free dance in conjunction with the Bazaar to help draw the crowds,  
(cont page 10 col 2)

\*\*\*\*\*

### DEMO CAUCUS SCHEDULED FRIDAY

George Allen, Chairman for the democratic party in Chugiak has announced that a caucus has been  
(cont page 9 col 3)

## Local fliers Escape Injury

Ralph Doyle and Roe Huling, both of Chugiak, miraculously escaped injury when the plane in which they were flying crashed in the Friday Creek area up the Knik River.

The two men had been hunting for moose, when the weather closed in.

By the time they had become oriented they discovered that they were headed toward a mountain without either sufficient altitude to climb over, or room to turn the plane. Faced with the decision of either crashing into the creek bottom, or the tree covered hillside, the pilot (Huling) took to the trees.

The plane was completely demolished in the crash, however neither of the men was injured other than superficial scratches. The trees, bushy alders had cushioned the fall sufficiently.

The men had to hike approximately 20 miles back to civilization.

The plane, a Piper Super Cruiser belonged to Ralph Doyle, although Huling was at the controls at the time of the crash.

Earlier in the hunting season Huling's brother Ken also wrecked a plane belonging to himself in the vicinity of Boulder Creek while attempting to land on a sand bar.

PROGRESS REPORT

At least once a month we  
like to report on the pro-  
gress that we have been  
making and to bring to  
our readers any problems  
that may come up.

With each edition of the  
COURIER we like to show  
some improvement. Perhaps  
just a new and improved  
style of type or a new  
feature or two. The won-  
derful cooperation and  
encouragement that the  
people of Chugiak have  
given the COURIER has had  
an awful lot to do with  
the progress to date.

On one item, however we  
would like a little help.

Although the deadline  
for news items is listed  
as 6pm on Tuesdays, that  
applies mainly to last  
minute happenings and  
bulletins. Routine re-  
ports and activity news  
(next col.)

(progress report)

should be in by noon on  
Monday along with the ads.

The COURIER is still a  
one-man (woman) show, and  
failure to turn in reports  
until the last minute  
means just that much more  
midnight oil that your  
editor has to burn to get  
the paper out on time.

I am happy to say that  
since I have taken over  
sole operation of the  
COURIER it has never fail-  
ed to hit the stands on  
Wednesday; but each week  
I have the feeling that  
this is going to be the  
one, I'm not going to  
make it.

So please, keep those  
reports coming. Without  
them there would be no  
newspaper; but try to get  
them to me as early as  
possible.

LETTER TO THE EDITOR

The other day the follow-  
ing very provocative let-  
ter was received from the  
Matanuska Valley Chamber of  
Commerce, along with a re-  
quest for editorial com-  
ment.

DEAR ALASKANS:

Many Alaskans have ex-  
pressed the opinion that  
the permanent site for the  
Capitol of Alaska should  
be located in an area that  
will be to the best advan-  
tage of the State as a  
whole. Such a site should  
(cont. ppage3 col 1)

Ray Henriches, down at the  
Eagle River Hardware Store  
has happy news for those  
who prefer the economy of  
burning wood and coal, but  
long for the even heat and  
freedom from constant atten-  
tion that oil burning heat-  
ers offer.

In the new Riteway heater  
both these advantages are  
combined. Finally someone  
has discovered a method to  
manufacture a space heater  
which can provide thermo-  
statically controlled heat  
while burning wood.

These fully automatic,  
attractive pieces of equip-  
ment have to be seen to be  
appreciated, or even to be  
believed. They claim to be  
as efficient as any other  
type of automatic heater  
available, and are so econ-  
omical to operate that they  
save their own cose in just  
a few short months.

The homesteader with an  
unlimited supply of fire-  
wood now can heat his home  
with the free fuel on hand  
and still enjoy the even  
heat and comfort of those  
who have to pay the monthly  
fuel Bills.

(letter to the Editor)

be one that is centrally located, easily accessible by all means of transportation, and economically and efficient to operate.

It is felt by the Natanuska Valley Chamber of Commerce than an analysis of this subject should be conducted. If such an analysis should determine that a new site should be selected, this Chamber feels that every effort should be put forth to accomplish it at the earliest suitable time.

Since economy and efficiency in government operation are of prime importance, it seems proper that the people of the State should be solicited for their opinions regarding the permanent location of the State Capitol.

Other States have faced this same problem for similar reasons, we feel that as a part of developing into a modern efficient State each Alaskan should give this matter serious consideration. In view of the foregoing you or our organization support the creation (next col)

(letter )

of a special committee to assist The State planning Commission in this analysis?

We would appreciate any suggestions of recommendations in the space provided below. An early reply would be appreciated.

Very truly yours,  
NATANUSKA VALLEY  
CHAMBER OF COMMERCE  
WILSON R. WOODS  
Secretary.

Editors note:

This subject is of prime interest to all Alaskans. Of course, no one will (next col.)

(editors note)

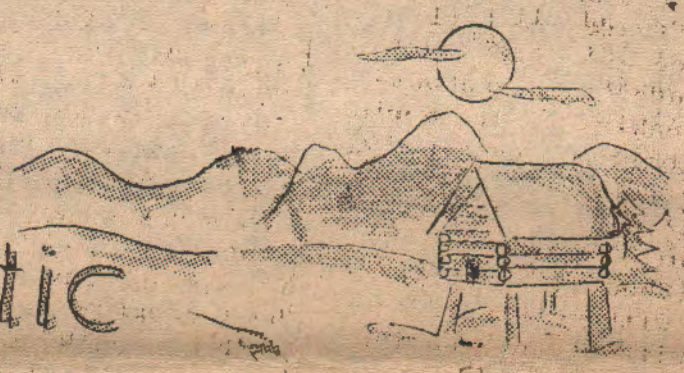

fail to recognize the thinly veiled beginning of a campaign to locate the Capitol in the City of Palmer, or elsewhere in the Natanuska Valley; and the advantages of such, would benefit our own community as well as those in the valley.

Space does not permit an answer to this letter in this issue, however we intend to give the matter much thought.

What we would like is the opinions of our readers on the subject.

Any letters pertaining to the preceding subject will be printed, providing they are signed.

# The Cook of the Month

COOK FOR SEPTEMBER

ELSIE OBERG

Elsie winds up her month as our cook with two recipes: One for a simple to make, but very unusual cake, and one for hearty old-fashioned cookies.

### FRUIT COCKTAIL CAKE

- 1 1/2 cup flour
- 1 tsp soda
- 1 cup sugar
- 1/2 tsp. salt

Sift into mixing bowl.  
 ADD 1 beaten egg and 2 cups fruit cocktail (juice and all)  
 MIX, put into large buttered baking dish. Sprinkle top with 1/2 cup nuts and 1/2 cup firmly packed brown sugar.  
 BAKE in 350° oven until done (about 40 minutes)  
 SERVE with whipped cream.  
 Good without any topping.

### OATMEAL COOKIES

- 1 cup sugar
- 1 cup brown sugar
- 1 cup shortening
- 2 eggs
- 1 tsp vanilla (next col.)

(oatmeal cookies)  
 COMBINE above ingredients and MIX well.

MIX in:  
 1 1/2 cup flour  
 1 tsp soda  
 1 tsp salt  
 STIR in:  
 3 cups oatmeal.  
 BAKE in 375° oven about 10 minutes.

\*\*\*\*\*

### RUTH BRIGGS MAKES TV DEBUT

Ruth Briggs of Eagle River, who for the past ten years has been conducting a women's program on a local radio station this week began a new television show.

The TV series has all the interest that her radio programs offered, plus the advantage of being able to see her guests as well.

Ruth conducts her television interviews as charmingly as she did on radio and except for an occasional reference to "listeners" rather than "viewers", one would never suspect that she was not a veteran on that media.

For those who have enjoyed Ruth's programs on the radio, we can only say that if you don't have a television set, go out and buy one, or you will be missing one of the best programs of its type to be seen in the Anchorage area.

\*\*\*\*\*

LIBRARY BOOKS..DUE OCT 1st.

### "BOOK REPORT"

(Library News and Activities)

Your Chugiak Library wishes to remind you that until Oct. 1st there will be no fine for over due books. There are still a number that have been out all summer, and a list of those that are not returned by Oct. 1st will be published in the COURIER. We also would like to encourage readers to renew their membership cards if they have expired----only \$1.00 per family for a whole year.

We wish to thank the VFW for voting to give the library \$5.00 per month to help meet fuel costs for the coming winter.

### JUST RECEIVED:

From the Department of Library Service at Juneau, a shipment of children's books including these two that our young readers will love:

BEAN BLOSSOM HILL. by..

Martha Bennett King  
 Amazing and exciting things happen at Bean Blossom Hill when handsome young dreamer, Punkin Johnny buys three magic pumpkin seeds from the old peddler. This charming new story based on an old American folk tale is accompanied by highly unusual, gay and colorful illustrations.

CAPTAIN GHOST: by....

Thelma Harrington Bell  
 How Gary, Mike and Ginger aged 11, 8 and 10 come to meet the owner of a big old mysterious house, learn how to build and man a ship,

JARMANS IN FLORIDA

The following letter was received from Rev. and Mrs. Ali B. Jarman. Rev. Jarman was the former minister of the Christian Chapel in Eagle River, and is now living in Panama City, Florida, where he has been transferred.

Dear Mrs. Bellringer:  
We had a very enjoyable trip down. (next col.)

(Jarmans in Fla.)

The weather hasn't been too hot, but has rained every day since we arrived. We are happy to have Ali working as a full time minister, but really miss all our Alaska friends.

The children are both in school. Jim goes to Boy's high School in town, while Mary Jane goes to a Junior High. They were thrilled to find they teach Bible in the high school here and give a full credit for the course.

Please greet any of our friends and if any time anyone comes this way, be sure to look us up.

sincerely,

Marion Jarman  
4703, 19th Ct.  
Panama City, Fla.

\* \* \* \* \*

NEW PASTOR AT METHODIST CHURCH

The new pastor of the Chugiak Methodist Church is H. Wayne Hull. He has been the pastor at Kenai and Ninilchik the past four years. Coming with him to the Eagle River parsonage, is Esther, his wife, and their sons, Stevie 10 and Danny 7.

Their former home was in Wichita, Kansas, and they spent the summer there, arriving back in Alaska Sept. 1st.

Rev. and Mrs. Hull attended Southwestern College at Winfield Kansas and then Drew University (next col.)

(new Pastor)

at Madison New Jersey, where Mr. Hull received his Bachelor of Divinity degree in 1947. He has done graduate work in Pennsylvania State College and in Wichita University.

Rev. Hull has been in the ministry for 19 years, mostly in Kansas, with one year in Pennsylvania, and the last four in Alaska. He comes to this area with the hope of doing a lot of good and expecting to participate in the life of pioneering that's going on all around in the fields of thought as well as fields of ground. Mr. and Mrs. Hull welcome visitors to their home and invite all who want a church home to attend the services of the Methodist Church and participate in it's total program for spiritual guidance and the bond of fellowship in the Church.

# The Green Thumb Corner

## WINTER STORAGE OF VEGETABLES

With the gardening season finally over and this being the last Green Thumb Corner for the year, all that there seems left to talk about is storing of vegetables during the winter months.

Most root vegetables are preferred to be stored raw, rather than by canning or freezing. The same holds true of cabbage and cauliflower.

The most important thing in storing of vegetables is the temperature and humidity at which they are stored. While it is most important to avoid freezing, too warm and moist a store room causes decay and other spoilage.

Cabbages are usually pulled roots and all and either stored with the roots placed in moist sand, or hung upside down with the outer leaves (next col.)

(Green Thumb) tied around the head. It is important to keep heads from touching each other as circulation of air is important.

Root vegetables, such as beets, carrots, turnips etc. should either be stored in damp sand, or in covered containers to prevent evaporation and consequent shriveling. When pulled the tops should be twisted off, with perhaps an inch or two of the stems remaining.

Potatoes are more susceptible to freezing than most other root vegetables and should be stored in bins or boxes, preferable in a cellar with an earthen floor. If the temperature at which they are stored is too high they tend to become soft and start to develop sprouts early.

Cauliflower is stored in much the same manner as is cabbage. However is transplanted into boxes of sand, they will continue to grow somewhat while in storage. However, if storage space is at a premium. Cauliflower freezes exceptionally well and most people prefer to prepare it that way.

\*\*\*\*\*

## 4H WINNERS TO RECEIVE CASH AWARDS

Local 4h'ers who received ribbons at the recent State Fair will also receive cash awards. This was announced at the last meeting by Mrs. Al Hilderman, 4H leader of the sewing group.

(new Fire Hall)

cont from page 1 col 3

so that protection will be available to the community even in the coldest (next col)

(new Fire Hall) weather is the first large scale venture of the Association.

Foundation is being prepared this week and it is hoped that volunteers will contact Tom Towne or Jess Straight as work must all be voluntary, to keep costs down.

The basic cost will not exceed \$1500, but on the present membership basis this will use all the capital with the exception of amounts withheld for monthly phone and fuel bills with very little left for maintenance. The board's decision was based on the fact that without housing for vehicles where they could be kept heated

(cont page 11, col 3)

Friendly Neighbors, cont from page 1 col 2)

with refreshments for sale. with regards to what disposition would be made of any funds that might be raised over and above the \$250 needed to pay the nurse, the group decided that in event that this unlikely thing were to happen, it would be used to establish a fund for future needs of the Public Health Nurses or the Health Council.

among the booths to be (next col)

set up, would be a grab-bag and a white elephant booth. It was hoped that the merchants of the community might have items to contribute which could be used in that capacity.

Members were chosen to solicit these contributions.

Also contributions of home canned fruits and jellies are needed, these will be welcome from any member of the community who may choose to contribute them.

Since a meeting had been missed earlier in the month, the next meeting was scheduled only a week later. This to be a dinner meeting at the Inn of the Arctic Moon.

All members both active as well as inactive are invited to attend. Acting as hostess at this meeting will be Rusty Bellringer.

The winner of the hostess drawing at the meeting at Liz Harrimans was Darlene Robinson, who won a silver pie server.

The club welcomed a new member at the last meeting, Dee Stalard of Birchwood.

Dee has been selected to collect the white elephant items for the Bazaar.

The next meeting will be Wednesday Sept 23rd at the Inn of the Arctic Moon at 7pm. \*\*\*\*\*

(Fire Hall cont. page 10 col 2)

No amount of money for maintenance would be of great value. In view of this building project,, I sincerely hope that families not now assisting in this community project of Fire and Ambulance protection go to the Eagle River Hardware and join at once. **YOUR HELP IS NEEDED.** Family membership for the year is \$25., which may be made monthly in installments of \$3 down and \$2.00 per month. **WORK PARTIES NEEDED BOTH SATURDAY AND SUNDAY. Sept. 26th and 27th. THANK YOU**
