PUPPET SHOW TO BE FEATURE OF FUN FESTIVAL

An original puppet show will be one of the main attractions at the PTA Fun Festival which is scheduled for April 2nd at the Chugiak Carnival Hall beginning at noon and lasting until 8 pm.

The puppet show is the project of Miss Winteral's 5B class, and is from beginning to end the product of the youngsters own skill and imagination. The fifth graders have made their own puppets, written the script, painted the scenery and are directing the show. It should be well worth seeing.

Other classes are busy arranging their work schedules with a job for everyone.

The 8B class has taken charge of the refreshment stand and plan to sell hot-dogs, coffee, pop and donuts.

All classes are making their own posters and competition is quite keen.

This promises to be fun for the whole family and an affair that no one will want to miss.

MOOSEHORN GARAGE DESTROYED BY FIRE

Prompt action of the Chugiak Volunteer Fire Co. with the assistance of units from Ft. Richardson and Fairview, confined a fire at the Moosehorn Trading Post to the automotive shop; leaving the cafe and living quarters virtually intact.

The blaze was discovered around 8pm on Monday evening, at which time the shop was unoccupied.

State Police officers who happened to be at the cafe when the fire was discovered, radioed the alarm in to Anchorage. Chugiak Fireman appeared on the scene in about five minutes with the jeep pumper and the tanker and were able to keep the fire confined to the shop until units from both Fairview and Ft. Richardson answered the call. Both of these fire departments operate on a mutual aid agreement with Chugiak.

The combined efforts of the three fire Companies was sufficient to save the main part of the Trading Post from the fire, however the garage, a frame structure was completely destroyed.

The building belongs to Jim McDowell, (who now resides in Homer) but at the present time service station, shop & cafe is being leased and operated by Mr. and Mrs. Walter Day.

Property loss consisted of hand and machine tools belonging to Day and a 1954 Buick belonging to Wayne Crabtree, of Birchwood, which was in the shop for repairs at the time.

None of the service station stock or the Day's personal belongings were damaged. The loss was partially covered by insurance.

The only casualties were two cases of smoke poisoning

BLOOD TYPING PROGRAM
NEEDED

When one of our neighbors
fell ill last week and requir-
ed a blood transfusion, there
was a mad scramble of phoning
all the names in the book in
an attempt to find donors with
the proper type blood.

This points very strongly
to the need of an up to date
list of available donors that
can be called upon at a mom-
ents notice.

A number of responsible cit-
izens in the community are aw-
are of this and an attempt to
organize an efficient blood
typing program is already in
the mill.

The Alaska Dept. of Health
has expressed it's readiness
to provide Chugiak with the
qualified technicians and eq-
uipment to conduct such a
program, provided a spons-
oring organization and a place
to conduct the tests be found.

Ray Henriches, Chugiak dir-
ector of Civil Defense has
undertaken to sponsor this
program and the ladies of the
Chugiak Health Council have
expressed their willingness
to assist.

Therefore, we hope that in
the near future we will be
able to announce the time
and place for these tests.

The important thing is to
be able to enlist the co-
operation of all the res-
idents of Chugiak; to en-
courage each person to go
down and have their blood
typed, regardless of whether
(next col.)

(blood typing)

or not they wish to sign up
as blood donors themselves.

The need for a sudden
blood transfusion can affect
any of us; and it is only
by having a record of each
person that quick, life-saving
action can be taken.

NEW FEATURE

Since our return from vacation
a number of persons have ask-
ed if I was planning to do a
series of articles on our trip.

In view of this interest,
the COURIER will run from
time to time a column which
will reflect my personal
observations on the various
places we visited and on trav-
el in general.

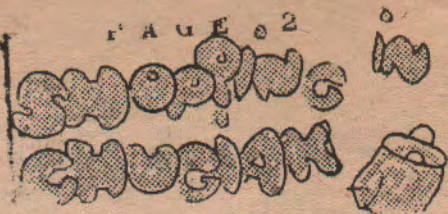

This will be in no way chro-
nological, but merely consist
of bits and pieces of inform-
ation and opinions that I have
formulated.

The series will be titled
"CROSS-COUNTRY COMMENTS"; hope
you like it.

Art Wallace and "Tex" Gates,
both Chugiak firemen were
overcome. Wallace was treat-
ed with the resuscitator and
recovered. Gates required
hospitalization and was taken
to the 5040th Air Force Hosp-
ital.

The cause of the fire has
not yet been determined and
is still under investigation.

One of the finest culinary
artists in Chugiak has decided
to make the products of her
skill available to those of
us who are less talented.

Mrs. F.S. (Pen) Lee, of
Swanee Slopes is famous for
her beautiful and origginally
decorated wedding and birth-
day cakes, although in the
past only close friend and
members of her family were
fortunate enough to be able
to sample them.

However, now that Pen has
decided to take orders for
fancy cakes this treat is av-
ailable to anyone.

Pen will take orders for
wedding, birthday or special
occasion cakes decorated to
the customer's specifications.

Anyone desiring to place an
order for special cakes may
leave their order at the Chu-
giak Post Office, or see Mrs.
Lee at her home.

CANCER MONTH PROCLAIMED

The month of April will be observed as Cancer Control month throughout the state as well as the nation by order of a proclamation of Governor Egan.

SPECIAL ANNOUNCEMENT:

With the exception of the automotive shop it is business as usual at Moosehorn. The Service Station and the Cafe are still operating.

HIGHWAY FUNDS APPLIED FOR

Governor William H. Egan has advised that an application by the State of Alaska for Federal highway money to be used on three projects covering some 32 miles "will be given full consideration."

The assurance came from Ellis L. Armstrong, Commissioner of the Bureau of Public Roads in acknowledging receipt of the State's application.

One of these three projects is the Eagle River revision, a distance of 3.5 miles; which is estimated will cost around \$860,000.

Egan said the Eagle River revision, located on Federal-Aid primary route 42, seven miles east of Anchorage, "is badly needed." At the present time, he said, military maneuvers often hold up traffic and create traffic hazards in the heavily populated areas.

Book Report

(News and activities of the CHUGIAK LIBRARY)

In the past few months there has been a new interest shown in your Library by many people of the community. We have mentioned the tremendous response at the bingo game held by the VFW Post, and we must not neglect to mention the donations of books by several of your neighbors. Mrs. James Lake purchased 6 books suitable for children and presented them to your library; Mrs. Juhnke, who is also a new librarian, donated some of her sons books, which he no longer uses; Mr. & Mrs. McPherson presented the library with quite a few almost new fiction books and Dick Kannen gave us a whole series of Religious, History and Philosophy books, which are beautifully bound and a welcome addition to the reference section.

Besides Mrs. Juhnke, our new librarians include Mrs. Rierce, Mrs. Ray Bean, Mrs. Jos. Shooshanian, Mrs. Bucky Horse and Mrs. Wesley Jones.

We could use a few more librarians every other Tuesday or Friday afternoons from 2 to 4 pm until school closes in about

will be able to "draw" blood from the bank when a transfusion is needed; which may be replaced by them or their family on a rate of two pints for every one pint used. This to build up an adequate reserve for extreme emergencies.

The charges for blood transfusions handled in this manner would be only to cover the technical work involved.

The program will also work in with the Community Blood Bank, which is in the planning stages in the Anchorage area.
