CHUGI A K -10¢

## Birchwood Man Overcome

A Birchwood man was overcome by carbon-monoxide fumes last Sunday in what was believed to be an attempted suicide.

The State Police were summoned and they, in turn, called the ambulance of the Chugiak Fire Company.

The rescue team administered oxygen and transported the victim to Providence Hospital where his condition was pronounced satisfactory.

The identity of the victim is being withheld.

\*\*\*\*\*

### CHUGIYAK TEAM FORFEITS GAME

The Chugiak Little League Team, last Monday forfeited the game against the White Socks when they were unable to muster nine players.

However, the team is still in first place, with one more game to be played Wednesday (tonight) against the Indians; the game to be played in Chugiak.

In the event that Chugiak should lose this final game, a play-off of two more games would be necessary in order to determine which team would have first place.

\*\*\*\*\*

### SCHOOL TO START

School for Chugiak pupils will begin on Tuesday, September 6th, when registration will be held.

School will begin at 9:00 am, as on each day of the school year.

(cont page 7 col 3)

CHET DEE, PILOT OF PLANE WHICH CRASHED AT MIRROR LAKE

### LOCAL PILOT CRASHES PLANE

Chet Dee, operator of Dee's Service at mile 14½, crashed his plane, while attempting a take-off at Mirror Lake at mile 23.

Dee was preparing to take off for a hunting trip with Jim Varnick of Eagle River, when the crash occurred.

According to Dee, the plane was not overloaded, but was unable to climb fast enough to clear the trees at the end of the lake.

Dee escaped with very minor injuries and his passenger was uninjured.

The damage to the plane was estimated at around \$2500, with major damage sustained to the wings, floats, propeller and fuselage.

Chet has already begun repairs on his plane, but doubts that he will get it repaired in time to use for this hunting season.

The accident occurred on Friday, August 19th.

Dee blames a downdraft for the failure of his plane to perform properly.

\*\*\*\*\*

## Chugiak School Largest Enrollment In State

This year Chugiak has the honor of having the largest enrollment of any state operated school, exclusive of those on military bases.

According to an estimate from the Department of Education, Chugiak will have an enrollment of 576 pupils. This figure is not based on the recent school census, the figures of which have not yet been compiled.

This year Chugiak will have 23 teachers, ten of whom will be new.

Returning to teach this year are:

- Mrs. Beverly Emmons, Mrs. Irene Emmert, Mrs. Dorothy Thompson, Mrs. Theo Knight, Mrs. Evelyn Veach, Mrs. Zona Dahoman (formerly Miss Miles) Mrs. Elaine Aske (formerly Miss Eggleston) Mrs. Carol Connell (formerly Miss Witherell), Mr. Bucky Morse, Mr. Robert Veach, Mr. Roy Pierce and Mr. Howard D'Spain.

- New teachers to the System:
- Miss Natalie Haskell, of Orrington Maine (music & Phys Ed.)
  - Mrs. Doris Larson, Anchorage
  - Mr. Paul Kerr, Sterling Alaska,
  - Mr. Seymour Liebowitz, Hollis, Alaska,
  - Miss Daisy Tunnell, Y Yukatat, Alaska,
  - Miss Gladys Sprague, Chugiak Alaska, (taught at Alleghany Calif. last year)
  - Mr. Albert Watkins, Ewok Alaska,
  - Mrs. May Watkins, Ewok Alaska,
  - Mrs. Dorothy Erickson, Chugiak Alaska (taught last year at Ft. Richardson)
  - Mrs. Irene Hildeman, Chugiak, Alaska.

By contrast with Chugiak, which has the largest enrollment in the State is the school of Gildersleeve, near Ketchikan which has only eight pupils and one teacher.

WHY STAY IN SCHOOL

A recent letter received from  
the Alaska department of lab-  
or discussed a problem that a  
great many parents are fac-  
ing at this time.

To quote the letter, "...  
many teenagers, tempted by a  
high paying summer job, are  
reluctant to return to sch-  
ool and complete their ed-  
ucation."

This is especially true in  
Alaska where a teen-ager can  
expect to be paid a wage that  
in some parts of the country  
would be ample for an adult  
man to support his family.

It is difficult for paren-  
te to convince a youngster  
of the advantages of contin-  
uing his education in the  
face of this, especially if  
he was an indifferent stud-  
ent to begin with.

The Alaska State Employ-  
ment Service can cite nation-  
al statistics that show young  
people that they gain but a  
temporary advantage by quit-  
ting school to go to work.

However, teen-agers are  
not too likely to be im-  
pressed with statistics, when  
they are weighed against  
the imposing looking pay-  
check that they may have  
been drawing, or the car  
or other possessions which  
they were able to purchase  
(next col.)

(back to school)

with their own earnings. Also  
the taste of financial inde-  
pendence is sweet in their  
mouths, and the allowance  
that their parents are able to  
give them while attending  
school looks mighty puny by  
comparison.

Of course, not all teen-  
agers take this attitude.  
To a great many, the summer  
job serves the purpose it is  
intended to. It gives them  
a next egg for that college  
education. But, to the av-  
erage or below average stu-  
dent, each year of summer  
work increases the temptation  
to quit school, until some  
never return to complete  
their senior year.

This is a very deplorable  
situation and the solution  
is one that will not be easy  
to find.

A nationwide "return to  
school" campaign is being  
started by the employment  
services, utilizing posters  
and other media to be placed  
in employment service offices.  
Also the service is of-  
fering to enroll students  
in its program and help  
them find part-time jobs  
outside of school hours.

It is hoped that in some  
measure they can answer the  
question of "Why stay in  
school", and encourage our  
young people to continue  
their education.

SUBSCRIBE TO THE COURIER

Anyone with an eye to the fut-  
ure and Christmas gift giv-  
ing, might do well to inves-  
tigate an ad appearing in  
this issue of the COURIER.

A lady in our community is  
putting her hobby to a prac-  
tical use and is offering  
custom made doll clothing and  
furniture.

The amazing thing about the  
offer is that the price is  
lower than the ready made ar-  
ticles which we are accus-  
tomed to seeing in the stores  
and the mail order catalogs.

Samples of the clothing are  
on display at the Eagle Riv-  
er Washeteria, and we would  
like to suggest that anyone  
passing by drop in and look  
them over.

This may be a way to solve  
the problem of what to give  
that certain little girl for  
Christmas.

# The Cook of The Month

COOK FOR AUGUST -

CHRISTA BURGE

We are all familiar with stuffed peppers, but I am sure not many of us have ever tasted the following German version of vegetables cooked with a hamburger filling.

## FILLED TOMATOES & CUCUMBERS

(use same principal for both)

Take 2 or 3 tomatoes for each person  
CUT off a small top  
CLEAN out inside  
SPRINKLE with salt & pepper  
SET aside  
PREPARE meat filling using

1# lean hamburger  
1 egg  
Onion (minced)  
Salt & pepper

STUFF each tomato with mixture  
REPLACE "lid"

BROWN in bacon grease in cast iron skillet

ADD more onion  
PREPARE Broth using

2 bouillon cubes  
2 cups water

ADD broth to pan to make gravy

COVER and bake at med. heat for 30 minutes

SERVE with dry rice  
(Leftover meat mixture may be formed into small meat balls and cooked in same pan.)

THICKEN gravy slightly before serving if desired.

\*\*\*\*\*

## GAME VIOLATORS PROSECUTED

In a unique case in the Tok District, a non-resident was prosecuted for possession of two gyrfalcons and a golden eagle, without valid permit.

This is the first case of its kind since the state took over control of its fish and game resources last January 1.

The arrest in the case was made by W.B. Stewart, Conservation Officer in Charge of the Tok District for the Alaska Dept. of Fish and Game.

Deputy Magistrate Amelia Meinert of Big Delta levied a \$250 fine and a six month jail sentence; \$190 of the fine was suspended.

The violator is now serving 30 days in jail and will be placed on probation for the remaining five months, with the admonition that probation will be revoked if he violates any municipal, state or federal law or regulation within one year.

Another case investigated by Stewart resulted in a \$25 fine for Robert Rogers of Fort Greely.

Rogers, a non-resident without a license, next col

(violators prosecuted)

was found guilty of stretching the "protection of life or property" clause of the Alaska Game Regulations when he shot a black bear, which, according to the Tok agents, was not molesting anybody or anything.

Jim Brooks, Chief of the Division of Game, pointed out that game killed in defense of life or property must be turned over to the nearest office of the Alaska Department of Fish and Game, (cont page 4 col 1)

CHILD BURNS TONGUE

Little four year old Valda Ob-  
erg learned an unpleasant les-  
son last week while playing in  
the family car.

Valda pressed the button of  
cars cigarette lighter, and  
when it became heated, she re-  
moved and placed it against  
the end of her tongue.

Fortunately for Valda, she  
escaped with only minor burns,  
Valda is the child of Mr. and  
Mrs. Russell Ob-erg, of mile 21½.

\* \* \* \* \*

(violators prosecuted cont page  
3 col 3)

and a written report describ-  
ing the circumstances of the  
killing must be filed with  
the Department within 15 days.

Jack Rhien, Chief of the  
Division of Protection, re-  
ported that there is an in-  
crease in the number of black  
bears killed for "protection"  
this year, and said that these  
cases are being thoroughly in-  
vestigated to determine if  
the killings are absolutely  
necessary.

BOY LOSES BICYCLE  
(reprinted from the Frontiers-  
man, of Palmer)

A young Palmer boy, while be-  
friending four abandoned kit-  
tens, lost his bicycle last  
week.

The youth had ridden into the  
dump located near the Matanuska  
bridge, and left the bicycle  
leaning against the remains of  
an abandoned vehicle while he  
searched for kittens he could  
hear crying.

During the time it took him  
(next col.)

(bicycle)

to find the kittens and  
safely deposit them inside  
his shirt, two cars drove  
into the dump. When he re-  
turned to the spot where he  
had left his bicycle, he  
found it gone.

It is believed that the oc-  
cupants of one of the cars  
took the bicycle..possibly  
in the belief that it had  
been abandoned by someone.

Anyway, there is a young  
boy in Palmer today, who  
does not have a bicycle,  
and would appreciate having  
it returned to him.

Anyone knowing about the  
bicycle is asked to contact  
the Frontiersman.

YOUTH CAMP RECEIVES EQUIP-  
MENT

The Matanuska Valley Sports-  
men have donated fishing  
equipment to the new State  
Youth Conservation Camp lo-  
cated in the valley.

In response to a plea for  
sports equipment, the Pal-  
mer group took up a collec-  
tion of \$60 with which the  
equipment was purchased.

Anyone wishing to donate  
any of their surplus fish-  
ing equipment can be assur-  
ed that it will be most  
welcomed.

AMBULANCE RUN:

Sunday, August 21st, 11:30 AM  
Man overcome by carbon-monoxide fumes.

Chugiak rescue unit was summoned by State Police and transported victim to Providence Hospital. The resuscitator was used enroute.

Fire Chief Fred Hahn wishes to remind the residents of the area of the fact that the Fire Company possesses a resuscitator and that members of the rescue unit are trained in its use.

In many cases valuable time is lost when (next col.)

(fire report)

the Fire Company is not immediately notified in the case of an accident.

In the above case, the State Police were called, and they in turn summoned the Rescue Unit. In such a case, the time lost by not calling the Chugiak unit directly might result in the loss of the victims life.

Remember, when calling the police to the scene of an accident, also place a call to HO-2-5555, and the Chugiak Volunteer Fire. Company will be able to be on the scene that much quicker.

CALL HO-2-5555 FOR EMERGENCIES

WATERFOWL REGULATIONS ANNOUNCED

C.L. Anderson, Commissioner of the Alaska Department of Fish and Game announced today that the 1960 Alaska Waterfowl Regulations have been received from the printer and are being distributed throughout the state.

Copies of the new regulations, designated Supplement No. 2 to the ALASKA Game Regulations, 1960 Edition, will be available shortly from all Department of Fish and Game offices and from licensing officers.

Shooting hours are the same as last year, as are the season dates, according to Jim Brooks, Chief of the Departments Division of Game.

Shooting hours are from one-half hour before sunrise to sunset, including opening day on September 1.

The season on ducks, geese, brant, and coot lasts until December 3, while the snipe season closes at sunset October 15.

Duck limits are 5 per day (cont page 6 col 2)

MILE 17

AUGUST 24, 1960

The Leon Hartman family of mile 22 have returned from Cordova, where they spent the summer.

\*\*\*\*\*

Martha Hall from the Knik Knak Shop has left on a 2 week vacation and hunting trip. Her hunting partner is Mrs. Careta Ulrickson, lately of Homer, now living at the Eagle River Trailer Court.

\*\*\*\*\*

Mr. and Mrs. Lee Emmert have returned from a vacation trip outside. Mr. Emmert is the superintendent of the Chugiak School.

\*\*\*\*\*

Chuck and Liz Harriman and their three children have returned from their vacation to the Dalles Oregon. The Harrimans live on Jayhawk Drive in Birchwood.

\*\*\*\*\*

Mrs. Grace Erwin and her son Jimmy Hernandez have returned (next col.)

(comings & goings)

to their home in Los Vegas Nevada. Mrs. Erwin was visiting with her son Steve Lund of Birchwood and his family.

\*\*\*\*\*

The O.J. McGanns of Happy Valley were up to pick up a load of lumber for their lodge down near Anchor Point. The McGanns were the former owners of Bradley's Market at Eagle River.

\*\*\*\*\*

(waterfowl)

unlike those for ducks and geese. Limits 3 brant, 15 coot and 8 snipe daily or in possession.

The Department of Fish and Game, for the convenience of migratory bird hunters, has compiled a table of sunrise and sunset times through Nov. 15. Persons wishing to hunt after that date should obtain times from the nearest office of the U.S. Weather Bureau.

\*\*\*\*\*

(Waterfowl cont page 5 col 3)

and 10 in possession, with an additional 10 per day, 20 in possession of eider, oldsquaw scoter and mergansers being allowed.

The daily bag limit for geese is also 5 birds, the possession limit being double that number; however, only 3 of the geese ( or 6 in possession) may be Canada or white fronted geese.

Possession limits on brant, snipe or coot are the same as the daily bag limits (next col)

GETS FIRST MOOSE

John Steeby, of Jayhawk Drive in Birchwood has finally shot a moose after six years of fruitless and patient hunting.

Steeby, has hunted in this area and in many others in the six years that he has lived here, but with no success.

He is very proud of the nice young bull that he shot practically in his own backyard a few days ago.

(school begins cont page 1 col 1)

Parents of children in grades one to four are asked to bring their children to school to register them, if at all possible.

The school busses will make the trips on the regular bus routes, Tuesday morning, and will leave the school to take the children home at 11:45am the same day.

The school hours will be regular the rest of the week, 9:00am to 3:30 pm.

When registration has been completed, it may be necessary to have a double run for one or more busses.

Tim schedules will be sent home with the children. On opening day, children should be at the bus stops by 8:20 to make sure that they will be picked up.

Children should bring pencils, pencil tablets and crayolas to school with them.

In upper grades, it would be well to bring, in addition, notebooks and ball point pens. Teachers will announce any other materials that may be needed later.

All pupils who are entering Chugiak School from some other school, should bring report cards and other records that they may have.

Children who are entering the first grade must be six years old by October 31st. The state regulations will not allow any exceptions to this ruling.

Parents should bring birth certificates or other proof of date of birth.

QUESTION:

Will there be double shifts at the Chugiak School this year?

ANSWER:

No, According to Mr. Emmert, superintendent of the Chugiak School, unless there is a far greater enrollment than is anticipated, there will not be any need to have double shifts this year.

However, there will probably be double runs of the school busses in some areas.

It is hoped that additional school buses will be authorized; but until such a time as these buses are available, some of the routes will have a second bus run.

It will not be possible to state which routes will have the double bus runs, until enrollment has been evaluated.

HEALTH PROGRAM TO BE DISCUSSED

Means for instigating a project for increased control and prevention of venereal disease in Alaska are being discussed this week by Department of Health and Welfare officials in Juneau and a representative of the U.S. Public Health Service Communicable Disease Center services.

Incidence of the disease has increased in Alaska as well as in the rest of the nation, according to Dr. David Duncan, acting director of the Division of Health.

He said Arthur E. Callin of the Public Health Service, San Francisco office will (next col)

(health program)

work with both state and federal health personnel in an effort to plan and finance an intensified project for venereal disease control in Alaska.

Mr. Callin is scheduled to leave Juneau August 23 for Anchorage, where he will confer with Dr. Bascom Johnson, acting field health officer for the Division of Health, and Dr. A.B. Colyar, medical officer in charge of the Arctic Health Research Center.

Cases of gonorrhea reported in Alaska in 1959 almost doubled the number reported in 1958, Dr. Duncan said.

The 1959 report was 392 or almost double the 217 reported in 1958.

Cases of syphilis rose from 20 reported in 1958, to 28 in 1959.

He said that these figures for the past two years the military reported four gonorrhea and no syphilis cases in 1958 and 85 gonorrhea and one syphilis case in 1959.
