LOCAL MAN KILLED IN WRECK

FIRE LAKE: Wallace M. Long, of Swanee Slopes died within seconds of a collision of the car which he was driving and one owned by Wm. J. Melton of Elmendorf Air Force Base.

The accident occurred about 8:45pm on Saturday.

With Long at the time was his wife Ammie Sue and Sp4 Robert C. West of Birchwood and his wife Brenda.

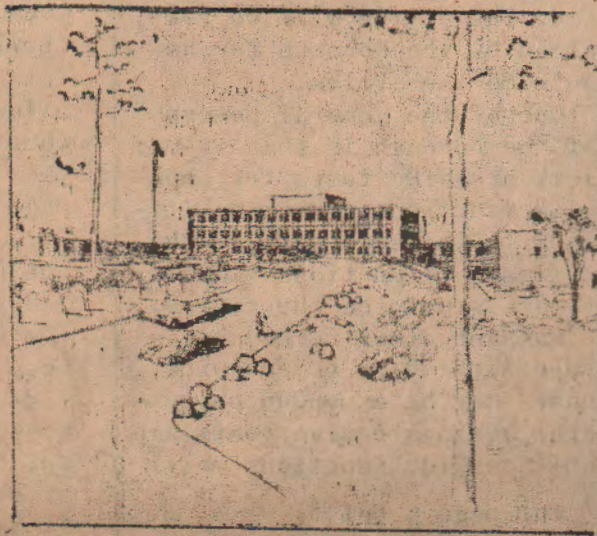

Long's wife, who was seated in the front seat beside him is in critical condition in the 5040th Air Force Hospital. Mrs. West was also hospitalized West was treated and released.

Long had been proceeding south toward Eagle River where they had planned to stop at the Tastee Freeze and buy ice cream for their children, when the 61 Chevrolet sedan belonging to Melton emerged from the blind driveway of the Fire Lake Lodge parking lot. Long was unable to avoid hitting the Melton vehicle.

With Melton in the car was Jimmie Nelson and Carl Bowman, all three Elmendorf airmen.

All three admitted that they had been drinking, but none of them would admit to driving the car.

State Police summoned two military ambulances and the Anchorage Little Red Wagon to transport the injured to the hospital. Melton was admitted (cont page 7 col 1)

ALASKA PSYCHIATRIC INSTITUTE ANCHORAGE

ANCHORAGE: The Alaska Psychiatric Institute is a 225 bed hospital with the primary function of providing treatment for patients with major mental illness. In addition the hospital offers diagnostic and evaluation services for related disabilities, serves as a teaching and training area for health care disciplines, and can provide a setting for research in mental health care.

The institute is situated on a 70 acre tract in southeast Anchorage about four miles from the city center. A six and one half million dollar Federal grant to Alaska financed its construction which was begun May, 1960 to be completed in the summer of 1962.

Architecturally, the Institute is a modified H-shaped structure. Wings are two stories in height and the central core four stories three above ground and one service floor below ground level.

The largest ward unit accommodates 25 patients and the largest bedroom area accommodates 6 patients.

OCHS TO HOLD ANNUAL MEETING

CHUGIAK: Operation Chugiak High School will hold their annual meeting for the purpose of electing officers tomorrow, Thursday May 24th at 8pm at the Chugiak VFW Hall at mile 21.

All member organizations are urged to see that their representative is present.

In addition to the election, a discussion of possible sites for the location of Chugiak High School will be held.

The group will also discuss ways in which OCHS can encourage voters to approve the bond issue which includes the Chugiak High School.

MACKAY CHILD UNDERGOES SURGERY

SEATTLE: Six year old Ginger Lee Mackey last Sunday underwent brain surgery for injuries which she received when struck by a car while running for the school bus earlier this month.

Ginger has regained consciousness and is in what has been termed 'satisfactory condition'.

Ginger's father Wayne Mackey of mile 22 flew out Sunday evening to join the Child's mother who had accompanied Ginger when she was evacuated to Seattle in General Mundy's personal airplane.

Ginger is hospitalized in the Swedish Hospital in Seattle.

*The following is an answer to a letter written several weeks ago by Mr. Glenn Briggs of Chugiak to Phil O'Neil, President of the board of directors of the Matanuska Electric Association.

Dear Mr. Briggs:

I will attempt to answer the questions posed and observations made in your letter of April 26th, 1962.

1. Voting by proxy is not allowed under state law. See chapter 93, SLA59, beginning page 77, Section 10, Part 5 page 80 and Section 36, page 88. This the reason why proxy voting or absentee voting if you prefer, was taken out of the By-laws during the process of revision in 1961.

2. Nominating committees have always included representatives from the Eagle River, Birchwood-Chugiak area. It is obvious (cont page 4 col 1)

MY BOROUGH

By Jesse E. Wooten

Many people think that the larger area that is incorporated into a borough, the lower their taxes will be.

There is a lot of concern by city dwellers that they will pay the larger share of the borough taxes. The fact that one area has more taxable property than another has no bearing on how much taxes you pay.

One feature of the borough is that taxes collected in the cities by the borough will be returned to the

(borough)

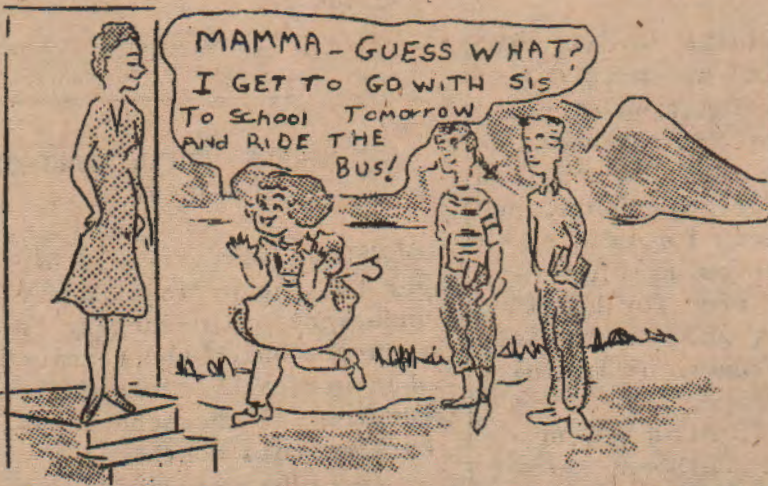

cities. Taxes collected outside the cities will be retained by the borough for use outside the cities.

One of the general powers of the borough is that it may levy areawide taxes for areawide functions and taxes limited to the area outside the cities for functions limited to areas outside the cities.

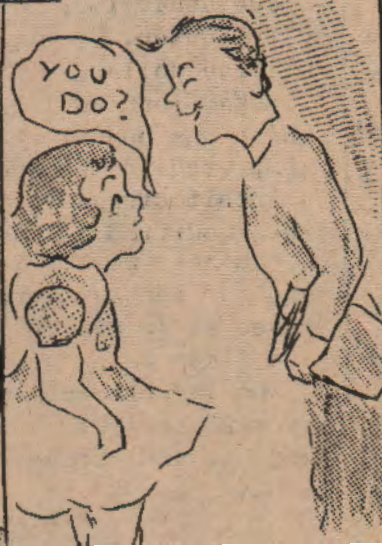

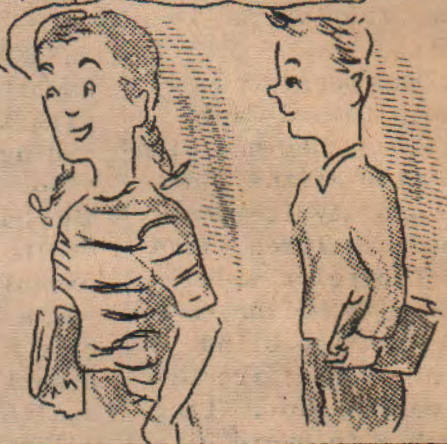

Tax and other revenue measures levied on an areawide basis may be expanded on general administrative costs and on areawide functions only,

COOK OF THE MONTH

COOK FOR MAY
ELLA WALLACE

This week Ella offers a rich fancy dessert..the kind that most ladies delight in fixing for a club luncheon.

VANILLA FRUIT CRÈME

BOIL:

- 2½ cups milk
- 2 tsp vanilla extract
- ADD and boil with vanilla mixture:
- 2½ tbs cornstarch
- ½ cup milk or cream
- BEAT until foamy, then add gradually to hot milk stirring constantly
- 2 egg yolks
- 4 tbs sugar
- CONTINUE COOKING until almost to a boil (do not boil)
- BEAT until frothy
- 2 egg whites
- MIX with crème
- ADD
- 5 tbs fresh or cooked fruits (sweetened)
- MIX and allow to cool.

HOMEMAKERS TAKE SEWING LESSONS

OLD CHUGIAK: A course in basic sewing is being sponsored by the Chugiak Homemakers Club and is being conducted by Miss Myrtle Bang, home demonstration agent for the extension service of the University of Alaska.

These classes are being held daily at the Chugiak Methodist Church at mile 18.

IMMUNIZATION CLINIC SCHEDULED

CHUGIAK: Mrs. Pricilla Bacon Public Health Nurse for the Matanuska Valley and Chugiak area stated that she will be conducting Well Child immunizations in Chugiak on the 2nd and 4th Wednesday in June from 1pm to 3pm.

The clinic will be held in the Chugiak Public Health Center, which is located in the Old Methodist Church Building, across from the Chugiak School.

Mrs Bacon also stated that residents of Chugiak could bring their children to the Palmer Public Health Center for immunization.

The Health Center is located in the Valley Presbyterian Hospital, and immunizations are given every Tuesday.

LADIES CLUB PLACES CANNISTERS

BIRCHWOOD: The Chugiak Ladies Club at their last meeting, voted to place cannisters in local business establishment for donations to help the family of Ginger Mackey.

The group, meeting at the Birchwood home of Dee Steeby with Betty Pyles acting as hostess, also discussed their annual anniversary dinner.

This will be held early in July this year.

Club President, Elsie Boroughs turned in her resignation. Vice President Rusty Bellringer will assume the duties of President.

The group will meet again on Thursday, May 31st at the home of Katie Phillips in Birchwood.

The club will meet on Thursday this time, since the regular meeting night falls on Memorial Day.

**

BOWLERAMA AIDS MACKEY FAMILY

EAGLE RIVER: A bowlerama was held last Saturday at the Eagle River Bowl, for the benefit of the family of Ginger Mackey.

A total of twenty five dollars was taken in which will be added to other benefits which are being held throughout the community to help the family of the injured child.

FURNITURE DONATIONS SOUGHT

CHUGIAK: Mrs. Ralph Long, President of the Chugiak Health and Welfare Council has asked for donations or loan of chairs and tables to be used at the Health Clinic to be held at the Old Chugiak Methodist Church in June.

Mrs. Long stated that the furniture will be needed before June 11th.

Anyone desiring to lend or donate this furniture is requested to call Mrs. Paul Jones, secretary of the Health and Welfare Council at HO-2-5311.

REMINDER OF SALE

EAGLE RIVER: The Chugiak Chapter of the Alaska Crippled Children's Association has asked that all prospective gardeners be reminded of the plants which will be sold this weekend, along with a variety of baked goods at the Eagle River Shopping Center.

There will be bedding plants in both flower and vegetable varieties, as well as some lovely house plants.

The sale will be on two (cont page 6 col 3)

(letter cont page 2 col 3)
 that if 900 voting members wished to elect board members they could easily outclass the 200 members from Sutton and probably the rest of the 1500 members as well. As you recall, there were considerably less than 900 votes cast overall. I am concerned more over the feeling you express and at a loss for the reason. Let me point out that in 1961, out of a total amount expended for construction, system wide, of \$378,000 over \$171,000 was expended in the Eagle River area. This is certainly not discrimination, by the wildest stretch of the imagination unless it would be against other areas. Bear in mind that the Eagle River area had approximately one third of the total membership. This area is the only one which has a full time MEA service employee assigned to it. We have set up a main radio station in Birchwood for better communications to the area. Based upon service done, the general Eagle River area enjoys at least the same status as the headquarters area in Palmer.

3. Alternating the place of meeting between Palmer and Eagle River would, of course, raise some complications. First some 1700 consumers would have to agree to meet where 800 consumers wished them to meet. It appears that it would be easier for the smaller group to meet with the larger. Second, all the records and personnel are in Palmer which also raises a question, as you can see. It appears that unless some very compelling reason existed, it would not really be too feasible to meet in Eagle River.

4. Your suggestion regarding arrangement of the meeting time is helpful and will certainly be studied. The propose of awarding various prizes in between times, so to speak, is to keep the meeting from becoming monotonous. The loud speaker system was admittedly inadequate. This was a newly acquired one and it was not realized that more speakers would be needed. These will be procured so that there should be no problem next year.

Your letter was appreciated and the Board thanks you for it. If there should be

(letter to the editor cont page 2 col 3)

sure that your area will be requested to furnish a replacement. In the meantime, as a Board, the management and staff will continue to provide all the service which can be feasibly justified in your area. As outlined above, this service amounts to a very large percentage of the total expenditure by your association.

Very truly yours,
 Phil O'Neill, Pres.

DAY CAMP TO BEGIN

BIRCHWOOD: Day camp for girl scouts and brownies in the Chugiak area will be held the first two weeks in June at the Izaak Walton League picnic grounds in Birchwood.

Camp will be held on the 4th, 5th and 6th of June and on the 11th, 12th and 13th.

The entry fee is four dollars for each girl, and entries should be in to the individual leaders by the 1st of June.

The first day each girl is to bring a sack lunch, a beverage will be provided.

LITTLE LEAGUE SEASON TO OPEN

CHUGIAK: The official opening of the little league baseball season will be on May 28th with a game at the Chugiak diamond at mile 21 between the Yankees of Chugiak and the Dodgers of Mt. View.

The Chugiak team will play in Mt. View on that day against the Tigers.

All local fans are invited to either of the games to root for the home teams.

PARENTS NEEDED TO HELP PREPARE DIAMOND

EAGLE RIVER: Steve Laposki, manager for the Yankees, has asked help from the parents of the players in clearing rocks and leveling the ball (next col.)

VANDALS DESTROY INSULATORS

PALMER: On Monday, May 14th, 1962 it was discovered that during the weekend a rifleman had virtually destroyed one group of insulatore supporting a 115,000 volt conductor over the Knik River Bridge .

It was necessary to take the line out of service and replace the insulators. Outages were scheduled for that purpose at approximately 11am and 3:35pm, during which time the U.S.B.R. crews made the necessary repairs. "We feel that the individuals responsible for this do not realize the seriousness of their act."

They cannot know that hundreds of dollars worth of damage in destroyed equipment and lost labor time result when this is done."

#The job of arranging for the scheduled outages is a time consuming thing, resulting in much loss of time. If the line had failed unexpectedly untold damage and (next col

(vandal) and even loss of life could have resulted," said Willard H. Johnson, Chief Engineer of the Matanuska Electric Association.

"Think of this!" said Johnson, "A doctor might be depending on light as he operates on a patient, a farmer may lose a whole brooder of baby chicks, and traffic accidents may occur due to failure of a signal to operate."

The interruption of vital communications, some relating to National Defense, is of deep concern."

"We also feel that these individuals cannot realize how serious the criminal offense is that they are committing, nor that it carries severe penalties as prescribed by courts of law."

(plant sale cont page 3 col 3)

days, Saturday May 26th and Sunday May 27th.

PORCUPINES NOT PROTECTED

ALASKA: A common myth which most people believe to be a fact is that the porcupine is protected by law.

This is believed to be because this animal can be easily killed with a stick and club, and therefore can provide food to a person lost without any other supplies.

In a recent feature issue of a large daily paper this myth was once more repeated with the statement that the porcupine is protected by state law.

It is evident that the (cont page 11 col 1)

FLO BAKER is now the local representative for

MINNESOTA WOOLBNS.

Call: HO-2-5546

(Man killed, cont page 1 col 1)

for head injuries, and Nelson for severe facial lacerations. Bowman was treated and released.

The Longs have three small children Dickie 4 years, Nancy 7 and Tommy 8.

Mrs. Long's cousin Mrs. Herman Jones of Eagle River took care of the children until yesterday, when they were sent to stay with their maternal grandmother in El Paso Texas.

The Longs lived in the apartment over the Chugiak Library at Swanee Slopes.

Long's body will be shipped to Alabama for burial.

State police are investigating and state that there was one other motorist who witnessed the accident.

The driveway at the crest of Fire Lake hill which the Melton can had exited from is marked as to be used for an entrance to the parking lot only.

SPENARD FIRM LOW BIDDER ON MTA-MEA BUILDING

PALMER: Max Clement, manager for the Matanuska Telephone Association announced that yesterday bids were opened for the construction of a combination exchange and MTA-MEA business office (next col.)

MEA TELLS STORY OF THE HOT SQUIRREL

PALMER: At 5:30 am on May 11, 1962 a squirrel short-circuited one of the lightning arresters at the Reed Substation.

The resulting flash over the electric circuit spread to two of the arresters. It was such severe intensity that it completely destroyed both, virtually melting away the large barrel-shaped porcelain bodies.

The main breaker on the 115KV line at the Eklutna Plant disconnected the transmission line extending to Anchorage, causing a severe interruption of service on the Chugach Electric Association system, and in MEA's lines in the Birchwood-Eagle River areas. Attempts by the United States Bureau of Reclamation Eklutna operator to restore service resulted in blowing two large 115 KW fuses at the Reed substation. Reclosure of the oil circuit breakers at Eklutna was effected at 5:54 am and the trouble located at the Reed substation.

Emergency repairs were completed at the Reed substation by the joint efforts of the United States Bureau of Reclamation and MEA linemen and service was restored to the Birchwood-

(next col.)

(squirrel)

Eagle River area at 9:35am. The estimated loss to MEA at the Reed substation is \$1500.

SAFETY COMMISSIONER VISITS COURIER OFFICE

CHUGIAK: Commissioner of the Department of Public Safety, Martin B. Underwood and Capt. Mayfield of the Alaska State Police, yesterday visited the office of the Knik Arm Courier.

Commissioner Underwood and Captain Mayfield were anxious to hear of any local problems concerning public safety and law enforcement.

Speed limit at school zones and traffic hazards along the highway were discussed.

Both Mayfield and Underwood expressed a desire to see that these matters would be taken care of satisfactorily.

A similar visit from Mayfield and Underwood last year resulted in the stationing of two permanent State Police officers in this community.

MAY 28th
LITTLE LEAGUE SEASON
OPENS

STORK TALK

SP/4 and Mrs. Jess J. Churchill of Swanee Slopes are the parents of a baby boy, born May 4th at the 5040 Air Force Hospital.

Little Joseph Jay weighed 7 pounds 8 ounces.

The Churchills have two older sons age 4 and 2.

(borough cont page 2 col 2)

Tax and other revenue measures levied in the area outside cities only may be expended on functions which render services to the area outside the cities only.

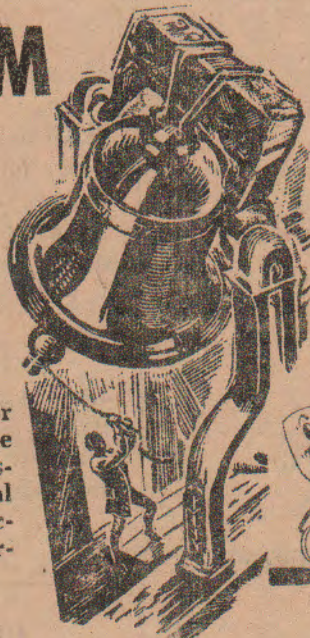

Under this kind of system, it is hard to visualize the city paying our share of the taxes. Many people have let themselves believe that if we go into a borough with Anchorage, that the city will carry the load.

The tax matter makes it even more important to know who will control the areawide functions. Whoever controls the areawide functions will have control over taxes for use of areawide functions. Whoever controls the areawide powers will determine the bud-

(cont. page 9 col 3)

One word for Rural Electric co-ops is ...

FREEDOM

The freedom to do for themselves what no one else would do made it possible for groups of local people to form Rural Electric Systems, just a quarter-century ago ...

Rural Electrics today are locally owned, locally controlled, and locally managed business enterprises. Each Member has one vote to help govern and operate his co-op through the Board of Directors, elected from the Membership.

The folks who lived outside the centers of population gained more freedom when abundant, low-cost electric service became available to them ... there came about a better way of life ... and a stronger economy.

Rural Electrification, the 20th century miracle, is good for ALL Americans ...

Tell it to Martha!

By MARTHA COUNCIL

Dear Martha,

I am sending you an article which I clipped from a popular woman's magazine, as you will note it is about nagging, and how a wife who nags can destroy her husbands love for her.

I can tell you about this first hand, my mother nagged my father into an early grave, and I swore that I would never nag my husband no matter what.

Well, I have kept my word, but wouldn't you know that I would pick a man who is the male counterpart of the nagging wife in the article.

Ofcourse, he doesn't think that he nags, he calls it constructive criticism.

Martha, in the fifteen years that we have been married, he has constructively criticized my friends, my family, my cooking, my appearance, my taste in clothes, the way I wear my hair, the way I bring up the children, and anything else that you can think of. I have given up hope of ever trying to please him, because I know that I never will.

I hoped that I would eventually become used to it, but I just can't, if still tears me up inside to hear him complain.

I was hoping that you could suggest some way that I might get him to read this article, that is some way that wouldn't be too obvious. Perhaps if he would realize how nagging can destroy a persons love he would make an effort to control it.

Naggers wife

Dear Naggers Wife,

Thank you for the excellent article, I enjoyed very much, and I agree with the author completely.

However, you will note that naggers do so compulsively to compensate for their own feelings of inadequacy; and even those who realize that they are destroying their marriage by nagging are unable to help themselves.

I'm afraid that someone like your husband who refuses to admit that he nags would not even recognize himself even if you were able to induce him to read the article.

If after fifteen years of marriage you have been unable to develop a thick skin, then perhaps you should concentrate on a deaf ear, and keep in mind the basic insecurity that prompts him to nag you. Perhaps this may make it a little easier to bear up under it.

Sorry not to be of much help, but I'm afraid that it would take more than an article in a woman's magazine to teach your old dog any new tricks.

Sincerely,
Martha Council

(borough cont page 8 col 3)

get, Appropriation, and tax levy for area wide functions. Let us take a look at the method by which tax assessments are determined.

(1) First, the budget for the area is dtermined. This means how much money will be spent this year.

Next, the government unit appropriates the money. This is a step whereby the taxing bodt formally enacts into law, by means of an ordinance, resolution or statute, its decision to spend the money, its specific purpose and the amount for each purpose, and the source from which funds will be raised.

(3) Next is the tax levy, The appropriation usually provides that part of the money be spent is to be raised by property taxation, The taxing body votes to impose a tax of specified amount on persons or property this action is known as the levy of a tax.

(4) Now comes the assessment. Assessment of real estate for taxation involves determining the value of each parcel of land to be taxed.

In assessing real estate a book or list is prepared containing a description of all taxable real estate in the incorporated area, and the names of the owners.

The tax assessor places a valuation on each parcel and enters this in his book.

This book is called the tax list or assessment roll.

BARBECUE TO BENEFIT BUILDING FUND

OLD CHUGIAK: The Chugiak Branch of the LDS Church is planning a Barbecue to be held on Memorial Day at the Chugiak Carnival Grounds at mile 21.

The menu will feature "all you can eat" of Barbecued prime beef, with potato salad, coleslaw, baked beans, bread and beverage.

For youngsters who might prefer weiners, these will be available.

The barbecue will begin at 3pm and last until 7pm, with traditional races and games for adults and children.

The admission will be \$3.00 for adults and \$1.50 for children, with the proceeds to go to the church building fund.

In the event of rain, the activities will be held inside the Carnival Hall.

RELIEF SOCIETY TO HOLD LITERATURE MEETING

PETERS CREEK: The literature meeting of the Relief Society of the LDS Church will be held next Monday, at the home of Elsie Oberg in Peters Creek (next col.)

(relief society)

Sister Oberg will give the lesson, which will be on Edgar Allen Poe,

The last meeting, held at the home of Louise Juhnke was the theology meeting, with Sister Weger giving the lesson.

(borough cont page 9 col 3)

Each parcel is assessed in the name of the owner. The assessor considers various factors in assessing real estate, such as, market price of similar land, income, reproduction cost of buildings, depreciation and obsolescence.

The assessor must use uniformity throughout the area being assessed.

Now, can you see where the city is going to pay your share of the tax in the borough?

Can you see where you tax will be more or less in a big or a small borough? Would you rather have some control over these functions or leave them to the people in control of the areawide functions?

See you again next time.

(porcupines cont page 6 col 3)

author of this article did not bother to read the law before making this statement.

The porcupine is not protected, at least not in Alaska.

According to the Game Regulations for 1961-62 for the State of Alaska, page 19 part 311, the porcupine is listed as unclassified game and may be taken at any time with no limit. Other animals which are included in this group are rats, bats, mice and shrews.
