MEA TO MATCH LOCAL HEALTH FUNDS

DRIVE FOR AMBULANCE UNDERWAY

CHUGIAK: Art Wallace, Chief of the Chugiak Volunteer Fire Co. reported that todate \$30 has been taken in as contributions toward purchasing an ambulance for the Fire Company.

Wallace stated that the Fire Company has located 1954 Cadillac, which may be purchased for \$500.

Wallace stated that he had inspected the vehicle, and found it to be in excellent condition.

Wallace said that the Chugiak Teen Club has Volunteered to help raise the necessary money.

Wallace met with the Club last night, and the members suggested three methods which they plan to raise the money.

Door to door soliciting, a bake sale and a benefit dance.

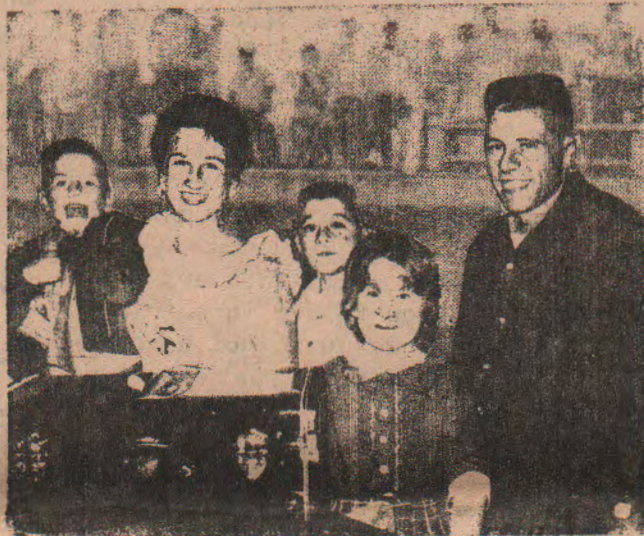

Wallace said that the club offered to donated the profits from a dance which they had already scheduled to the Ambulance Fund.

The Dance will be held at the Chugiak Carnival Hall on August the 4th.

Admission will be \$1.00 per person, and refreshments will be on sale.

Wallace hopes to get an extension on the original ten day deadline which the Fire Company had been given to raise the money.

EKSTEDT FOUND NOT ELIGIBLE FOR MTA CANDIDACY

EAGLE RIVER: Glenn Briggs, Chugiak member to the nominating committee for the MTA Board of Directors announced regretfully that Jum Ekstedt will not be eligible as a candidate for nomination from the floor at the annual meeting.

Briggs asked that all responsibility for the situation be placed upon his shoulders, as he had failed to read the by-laws thoroughly enough.

According to the by-laws, to be eligible to serve on the Board of Directors, the Candidate must have been a member and subscriber for a period of not less than thirty days prior to the election.

Ekstedt will not have been a member for that length of time.

Briggs went on to say that Ekstedt is still anxious to serve the community in this capacity, and will be available to accept a nomination for the board next year.

PALMER: The Matanuska Electric Association has agreed to contribute to the Chugiak Health Fund, matching any local funds up to the amount of \$500.

The Chugiak Health and Welfare Council has made arrangements for an all out drive for these funds, to be held Saturday, July 21st.

Health Council members will set up a booth at the Eagle River Shopping Center, where contributions may be made.

The funds taken in at this booth plus those matched by the MEA will be used to the \$400 assessment which each Alaskan community must meet each year, and any over that will be used to help provide supplies for the Public Health Nurse.

**ACTION TAKEN AT JULY 2
MEA BOARD MEETING**

PALMER: The following action was taken at the meeting of the Board of Directors of the Matanuska Electric Association held July 2, 1962.

1. In response to a request for a donation from the Chugiak Health and Welfare Council, action was taken to provide funds up to \$500 to match any equal amount donated voluntarily by members of the Chugiak community.

The MEA Board of Directors felt that the Legislature has the prime duty of supplying funding for the Health and Welfare program, and it is being derelict in its duty if it does not do so.

(2) The amount of \$20 was donated to the Cancer Crusade.

(3) The Manager was authorized to negotiate with the NRECA management services representative, Mr. Robert Kabat, for a complete survey of management practices, office procedure, and wages and salaries. Such a study has just been finished for Chugach Electric Association Inc. Homer (cont page 4 col 1)

MY BOROUGH

By Jesse E. Mooten

Already the "big borough" boys are branding all those who do not wish to go along with them as "little thinkers."

Their contention is that the little thinkers will destroy the borough system.

If this is true, then why didn't Eli Whitney destroy the cotton industry? Why didn't Alexander Graham Bell destroy the telephone system? At one time these men were little thinkers. They did not start as "big thinkers." No doubt, (next col.)

COOK OF THE MONTH

COOK FOR JULY
LOUISE LONG

The cake for which Louise gives us a recipe this week calls for a little more time and trouble than most of us have the habit of giving to a cake....but the results are worth it!

POUND CAKE

- 5 eggs
- 2 cups cake flour
- 1 2/3 cups sugar
- 1/2 pound butter
- 1 tsp. vanilla

CREAM butter, adding sugar gradually *

ADD eggs, one at a time alternating with flour

BAKE 1 hour at 350°

* Louise says the secret is in the creaming. She sometimes will let her mixer run as long as forty five minutes, until the butter and eggs are as light as foam. The cake will then be high and wonderfully tender.

LADIES CLUB ELECTS OFFICERS

ANCHORAGE: The Chugiak Ladies Club met for their annual anniversary dinner at the Airport Cafe in Anchorage.

In addition to the exchange of Secret Pal names, an election of officers was held.

Re-elected to the office of President was Rusty Bellringer, with Katie Phillips elected as vice President. (next col.)

(ladies club)

Betty Pyles was elected secretary and Margaret Foltz was re-elected as Treasurer, the only office which is for a full year; the others being only for six months.

A going away gift was presented to Liz Harriman, who is leaving Alaska with her family. Liz received two pair of Alaskan earrings, black diamonds and ivory hillikins.

Three former members of the club rejoined at that time, Marie Rosenberg, Nora Benito and Leanne Landreth.

The next regular meeting of the club will be held on July 25th at the home of Lois Ante on Mt. Eklutna Drive in Peters Creek.

FIRE LAKE: An Anchorage woman was cited for improper passing last Monday, when she pulled in too soon into the path of a truck loaded with cement sacks that she had just passed.

Ingeborg Davis of Ft. Richardson, suffered an estimated damage of \$350 to her car.

There was little damage to the truck belonging to the Wallace Construction Company, which was driven by William Gould of Birchwood.

OCHS FUNDS STILL NEEDED

EAGLE RIVER: Operation Chu-giak High School is still in need of additional funds to make up the deficit in its Treasury.

OCHS Chairman, Dale Pier-son reported that several more of the member orga-nizations have sent in con-tributions, but some more are still needed.

RELATED REGOGNITION

EAGLE RIVER: Mrs. Louise Long has asked that her ap-ologies be extended to Lue-ille Fly and to Martha Hall for the failure to include their names along with the other ladies of the commu-nity who helped prepare re-freshments for the Tea hon-oring Mrs. Egan.

Lucille and Martha both took time out from their busy schedule to prepare sandwiches, and Mrs. Long has asked that they be ex-tended her heart-felt thanks for their efforts.

NO NEW PHONE BOOKS THIS SUMMER

PALMER: The new phone di-rectories, which usually are issued each July will not be printed this summer.

According to a spokesman for the MTA, the reason for skipping this printing is the additional construction which the MTA is undertaking this year.

It was felt that once the construction was completed extensive changes will be made in the assignment of phones throughout the sys-tem.

ABSENTEE VOTING

JUNEAU: Alaskan voters who are going to be away from their voting precincts on election day may find it more convenient to vote, prior to departure, before a local mag-istrate, Hugh J. Wade, Secre-tary of State said.

A number of prospective ab-sentee voters are applying for ballots by mail, although the voters are still at their pl-ace of residence. While ab-sentee balloting material will be sent to such persons, it is sometimes more simple to vote in person before a magistrate, Secretary Wade stated.

There must be attesting wit-nesses or a notary present in order that an absentee voter may have his balloting cert-ified. Magistrates perform this function without charge to the voter.

These officials also pro-vice ballots on the spot, thus making it unnecessary for the voter to apply by mail, wait for the return of the ballot, (cont page 6 col 3)

(Bradley Lake)

substation facilities will be at least \$58.3 million, not \$47 million.

The installed cost will therefore be about \$945 per kilowatt for 61.8 MW of dependable capacity.

The transmission line to Anchorage will be over 130 miles in length, and will traverse areas where hazards are high and maintenance difficult.

There is a definite question as to whether Bradley can thus be considered firm power for the Anchorage area. It must be pointed out that the Cooper Lake line has been under construction for two years and is not yet finished.

Problems of right of way over Forest Reserve, and loss of structures, have been problems already encountered.

The same route would no doubt be followed by the Bradley Lake line.

Mine-mouth generation can be installed in the Anchorage area for about \$260 per KW.

A plant of comparable size will return over \$300,000 a year to the local economy in wages and supply purchases.

Bradley Lake will make no significant return to the area.

Bradley Lake Power will cost very close to 11 mills per KW delivered in Anchorage, while a mine-mouth plant can deliver it for 9 mills or less.

The construction time for the Bradley Lake plant is 5 years, as opposed to a little over 2 years for a mine-mouth plant.

Regardless of length of time required to amortize Bradley, whether 50 or 100 years, the same amount of dollars must be exported to Washington.

If Bradley is built it will affect the feasibility of any other plant now under consideration, particularly those contemplating use of REA funds.

Tell it to Martha!

By MARTHA COUNCIL

Dear Martha,

Don't you think that a mother should believe her own daughter before she does a stranger?

I'll tell you what happened. Two weeks ago a friend invited me to spend the weekend with her in town.

It was a nice day, so we decided to go swimming. While we were at the lake some boys my friend knew came by and stopped to talk to us. They asked if they could share our blanket, and naturally we said yes.

Well, Martha, some friend of my mother's saw us and felt it was her duty to tell on us. First of all I want you to know that we were just laying there talking and listening to the radio, but the way she told it, it sounded much worse.

My mother really blew up and said I had made a public spectacle of myself and now I can't visit my friend anymore.

Tell me, do you think it was fair to punish me just because of some lies this woman told?

Grounded

Dear Grounded,

I think that a mother should believe her daughter, unless past performance has given her reason to do otherwise.

While I see no harm in girls and boys sharing each others company at a bathing beach, I don't believe in their sharing the same blanket.

The most innocent situation could look suspicious when viewed by a third party.

I suggest that in the future you exercise a little judgement and give some consideration to the appearance of your conduct when in public. People are just looking for a reason to criticise young adults, so don't give them anything to work on.

Sincerely,

Martha Council.

The construction of Bradley Lake will not provide power for the Fairbanks area. An additional \$15 million must still be spent there, An integrated, G&T approach, as recommended in the Parsons Report, can provide over a total of 90 MW of capacity for the entire Central Alaska area, for an expenditure of \$40 million, and the added advantage of a tie line between Anchorage and Fairbanks area, to promote development.

The Parsons Plan is still, to date, the only comprehensive, long range plan which has been advanced, as opposed piecemeal approaches, such as Bradley.

JUNIOR CAMP NOW IN SESSION

BIRCHWOOD: Twenty two junior high campers are now participating in a camping program at the Methodist Camp Birchwood.

The youngsters arrived from Nome, Fairbanks and the Kenai by all methods of transportation, including one youngster whose father flew him down from Fairbanks in the family plane and landed at the Birchwood airstrip.

Beginning July 25th and lasting through August 4th a second junior camping session will begin, this for youngsters who last year were in the fourth and fifth grades.

The family camp will be from August 6th through August 11th.

A group of young adults, who will be "work campers" will arrive on July 23rd, and will remain at the camp for a period of two weeks.

There will be nine in this group, and some will be coming from the "outside."

Mrs. Richardson is the Mission Study Chairman of the Southern Baptist Church of Alabama, as well as being a member of the school board of Tuscaloosa.

This was Mrs. Richardsons first flight as well as her first visit to Alaska.

Her sister Mrs. Gibson and her niece Mrs. Paul Sheehan plan to make her visit memorable with trips to the Matanuska Valley and Portage Glacier.

Mrs. Richardson is enroute to Tokyo Japan, to spend some time with her daughter who is married to a Baptist missionary.

She plans to return to Alabama via Hong King and Formosa.

While here she intends to visit the native Baptist Church in Anchorage. She is extremely interested in the teaching of the native people.

REGISTRATION FOR BIBLE SCHOOL

OLD CHUGIAK: Registration for the vacation Bible School at the Chugiak Methodist Church will begin at 9:30 on Monday July 30th.

Children from four years of age, through those who last year were in the 6th grade are eligible.

Mrs. Hull stated that this year the program will be based upon the Bible, and an excellent staff of twelve well qualified teachers is ready.

Department heads for the different groups are, Kindergarten, Mrs. Robert Aubrey, Primary, Mrs. James Ekstedt, and Juniors Mrs. William Stephens.

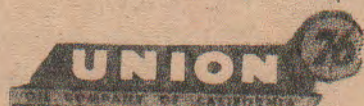

Children need not be members of the Methodist Church.

SMALL CHILDREN VANDALIZE AIRPLANES

BIRCHWOOD: State Police recieved a call from Mrs. Beverly Emmons of Birchwood last Wednesday concerning vandalism and larceny to two ariplanes parked at the Birchwood Air Strip.

Mrs. Emmons reported that children had apparently been walking on top of the planes which belonged to Mr. Emmons and to Fred Lockwood of Anchorage, and had been skidding down the windshields.

Also, a fishing rod and some bait which had been in the Lockwood plane was missing.

Investigation revealed that four Birchwood juveniles ranging in age from five to 11 years were responsible.

These youngsters also admitted to having been involved in the theft of medical supplies from a Civil Defense stockpile last spring. They also involved other juveniles in the latter.

to the big onew.

In the coming few months you will find many "phoney" statements being circulated in order to capture your enthusiasm to vote one way or another.

Some of them will run something like this. "you can do big things in a big borough." "Anchorage has all the tax base." "The health of the area is at stake." "Bigger brough, better schools." "The bigger the borough, the smaller the taxes." These ideas are related to three dollar bills.

I hope we remain small thinkers.

BASE BALL!

CHUGIAK GETS REVENGE By Liz Harriman

Chugiak got their revenge by whipping the Tigers Friday night at a "make up" game, 9-3.

The Tigers had squeezed out a win by one run in the first contest between these two teams.

Since the first game had been such a close one, two of the fathers had promised hamburgers and shakes for the whole team if they would beat the Tigers next time around.

The boys had a long wait because of being rained out at the regularly scheduled time, but they came through with flying colors and played a good game from start to finish.

Rickie Stephens thrilled the crowd with a beautiful (next col.)

(revenge) double play at first base, by tagging the runner out as he passed by, and then dashing for first to beat the runner.

Another "hero" was Don Tanner, when he caught a high pop up fly to left field.

It was one of those kind you think are never going to come down.

Mark Leadlough hit a ball out to left field that should have sailed over the fence, but it was in too low. Sorry about the home run Mark, and mistakes that happened at second.

It's been fun knowing and working with the young men who make up the Chugiak team. Thank you for the fine games and good luck next year, fellows.

A special word of appreciation to the Tastee Freeze, who went "halves" on the hamburgers and shakes for the winning team.

of General Dynamics. Clement said that there had not been enough bids received for the installation of the Cables for the outside plant, therefore the opening of the bids has been put ahead until July 25th at which time he expects to have sufficient bids on hand.

The building program for the building which will house the equipment and local offices for both MTEA and MTA is progressing according to schedule he stated.

He also asked that member subscribers keep in mind the Annual meeting and election which will take place on August 4th at the Central School Gym in Palmer.

Registration is to begin at 7:30 and the meeting will start at 8pm.

WELFARE WORKER TO BE HERE

OLD CHUGIAK: Ruth Rorie, representative of the Department of Welfare, Anchorage Office will be at the Chugiak Office of the (cont page 12 col 1)

We salute our

FUTURE FARMERS!

We congratulate this outstanding youth organization which is building the farm leaders of tomorrow . . .

Our future farmers will fall heir to the job of helping feed a population soon to number 200 million! . . . and more and more land is being taken out of production each year.

As we look to the future of today's young farmer, we must surely conclude that his farm of the future will require a great deal of dependable, low-cost electric power.

Rural Electrics, first to bring the advantages of low-cost electric power to rural areas, stand ready to meet the needs of the future farms and rural homes with the same dedication to the philosophy of service that has brought them success, and has made them one of America's greatest investments in progress!

ITEMS STOLEN FROM AIRPLANE

BIRCHWOOD: Ed Bellringer of
Mt. Eklutna Dive in Peters
Creek reported to State Police
that several items were missing
from his airplane which he kept
tied down at the Birchwood
airstrip.

Taken from the plane were a
number of ariel maps and a
tire pump and tire patching
kit.

Bellringer also reported that
the plane appeared to have
been moved several feet and
re-tied.

Earlier this month gasoline
had been stolen from the same
airplane tanks.

The State Police are investigating.
