PHONE CUT-OVER  
DATE DELAYED

PALMER: Max Clement, manager of the Matanuska Telephone Association, announced that the cut-over date for the new phone system has been delayed until June 29th.

Clement gave the reason for the delay as the inability of ACS to complete the circuits for long distance dialing and the free service from the Greater Chugiak Area to Anchorage.

ACS will not have the

OLD CHUGIAK: Word has been received that a local man was one of the passengers on the ill-fated airliner that crashed on Monday in the Gulf of Alaska, killing all of the 101 passengers.

Leroy Anderson, 33 who lived at mile 17½ has apparently been returning from a vacation trip to the states aboard the Northwest Orient DC-7 which had been chartered by the military.

Anderson, who had been employed at Elmendorf Air Force Base as an electrician, had left two weeks ago with his family to visit relatives in Illinois. Mrs. Anderson had remained with the children for an extended visit, while Anderson had returned to Alaska to go back to work.

Mrs. Ollie Walker, of mile 18, a friend and neighbor of the Andersons, had received a phone call from Crystal Lake Illinois, at which time Mrs. Anderson told her that she had received a telegram from the Air Force informing her that her husband had been aboard the plane.

Anderson is survived by his wife, Barbara and four small children, ages rang-

MISSING BLASTING CAPS  
ENDANGER CHILDREN

PETERS CREEK: Twelve dynamite caps, which were missing from the property of Ted Sidor of Mt. Eklutna Drive in Peters Creek, have caused grave concern to parents of that area.

Several of the caps were last seen in the possession of a nine year old boy, who according to his playmates had been attempting to light them with matches.

When the State Police were called, the boy was unable to tell what he had done with the caps, and to none of the twelve have been recovered.

Sidor said that he had left the caps in a glass jar outside of his trailer house. He had

WHAT IS THE HEALTH FUND?

This year, as they do every year at this time; newcomers to this community will ask "What is the Health Fund?"

This question is answered simply. It is a sum of \$400 which each Alaskan community is assessed by the State to cover services received from the Public Health nurse and other Health and Welfare agencies.

Since this area does not pay any taxes, the only way

that this money can be raised is by donations and local fund raising drives.

Although this is an uncertain way of raising money, the community of Chugiak has the proud record of being the only community in the entire State of Alaska to have consistently raised this sum on time every year.

The Chugiak Health and Welfare Council; a volunteer organization, has taken the responsibility of raising this sum.

In the past they have employ-

ed many ways of doing this and have enlisted the aid of numerous other community organizations.

Within the next few weeks there will be dances, more bake sales and even door to door canvasses to raise the money.

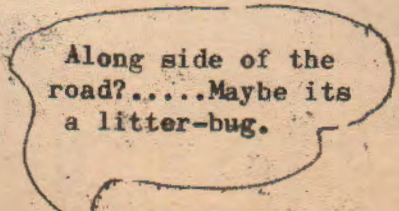

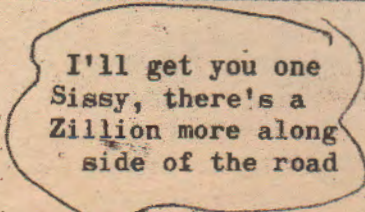

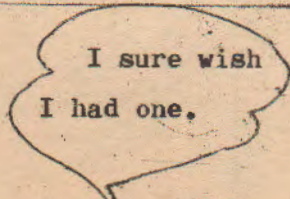

Youth groups, who always do such a fine job in helping causes such as this one will be called upon to help.

The Matanuska Electric Association last year offered to match dollar for dollar any funds raised locally. The Health Council is hoping they will again make this offer.

There will be many ways in which the residents of the Greater Chugiak Area can contribute the the Health Fund, and in their own way help keep the record that this community has won intact.

# Cook of the Month

The fact that our cook for June is a lady of many talents is one of which there is no doubt.

Irene Hildeman has tried her hand at everything from sewing to teaching school (her current occupation).

Irene admits that she was realizing a life-long ambition when she came to Alaska in 1951.

She left her home in Beaverton Oregon, and after living for one year in Mt. View, moved onto her Birchwood Home-site.

As we said earlier, Irene has done a little of everything. For two years she managed the Anchorage Sewing Shop, formerly located on 5th Avenue.

Her skill as a seamstress is one she has passed on to the many little girls who attended the 4H sewing classes that she used to conduct.

Irene is a well qualified candidate for Cook of the Month, as her cooking experience includes a number of years as a professional cook.

One year she leased Myers Lodge on the Richardson Highway and has cooked for construction camps during the building of the roads and bridges in the Mt. McKinley Park Area.

COOK FOR JUNE  
IRENE HILDEMAN

Several years ago, Irene made up her mind to return to teaching, a career for which she had trained originally, but had never practiced at.

She went to school nights taking refresher courses, while working days at the Montgomery Ward Store in Anchorage.

Her first teaching assignment was at Suntrana, Alaska, where to her amazement, she placed her

Parents are instructed to warn their children that if they should find any of the caps NOT TO TOUCH THEM, but to notify the state police or the Fire Company who will dispose of them.

The caps resemble empty cartridge cases, with a wire projecting from one end. They are approximately two and one half inches long. THESE ARE EXTREMELY DANGEROUS and can seriously injure a person if they should detonate while they are being handled.

**UNKNOWN PERSON LEAVES "SMELLY" CALLING CARD**

OLD CHUGIAK: State Police received a report from Mrs. Jack Absetz of mile 20½ last week, of a visitor who left a rather peculiar smelling calling card.

Mrs. Absetz said that she had noticed a strange tank truck drive past her home, which is located on a side road, which leads to the Ray Beam homestead.

Moments later, after the truck had departed, the Absetzs noticed an unpleasant odor coming from the direction that the truck had been. A quick check disclosed the unsavory fact that the truck obviously belonged to a firm that cleaned out cesspools and that the driver had dumped a load of sewage just 100 yards beyond the Absetz home.

The State Police were notified, but were unable to arrive in time to apprehend the truck. Mrs. Absetz had not been able to obtain sufficient identification to enable the next col.

police to trace the truck. The vehicle was described as a silver tanker, with a red cab and red lettering.

**LOCAL FIREMAN PUT OUT FIRES**

CHUGIAK: Two brush fires that sprung up almost simultaneously in the Greater Chugiak Area were no match for local Volunteer Firemen last Wednesday.

At 4:10pm on June 29th a report was received of a brush fire at mile 19 near the Moosehorn Garage. Ten minutes later a call came in reporting a brush fire at mile 13½ near the old Eagle River Bridge.

State Police reported that the Chugiak Volunteer Fire Company lost no time in bringing the mile 19 fire under control, while the Eagle River Fire Company also made short work of the fire in that area.

Arson was suspected in the case of the fire in Old Chugiak. The cause of the Eagle River fire was unknown.

# Tell it to Martha

By Martha Council

Dear Martha,

I had to laugh when I read the letter from the woman who was married to a man who didn't like fancy foods.

If she thinks she has troubles, she should try being married to a military cook.

My husband won't lift a hand around the kitchen, but boy, will he kibitz.

He is just loaded with advice on how I should have fixed this or that.

And he is death on mixes or prepared foods. He says that if he can cook a meal for two hundred men without using a mix, then I should be able to do it for a husband and four kids.

Sometimes I feel like clobbering him with a skillet.

What would you do?

Cooks cookie

Dear Cookie,

Spare the skillet; even a kitchen kibitzer is better than no husband at all.

However, when he gives you the pitch about the two hundred men ask him if he also has to do their laundry, clean up their barracks, act as their bus-driver, chaplain etc.

A mother of a family of four needs every short-cut she can get, and if a mix or frozen food can provide her with one then she is entitled to use it.

Sincerely,  
Martha Council

## ATTEND YOUR CHURCH THIS SUNDAY

## LDS CARNIVAL A SUCCESS

OLD CHUGIAK: The Carnival and Barbecue held Memorial Day by the Chugiak LDS Church was very successful, according to Branch President, Al Weger.

President Weger stated that the Carnival and Barbecue will become an annual affair, and plans for a bigger and better one next year are already in the making.

The reason that the dunking machine wasn't used this year was due to the poor weather and coolness of the day.

**LOCAL BASEBALL SEASON STARTS WITH ONE WINNING TEAM**

**CHUGIAK:** The baseball season started this year with one of the four local teams winning the opener.

Top team was the Peters Creek Fuel sponsored Yankees who beat the top Mt. View team the Braves, 15 to 4.

The local Pony League team played their first game on Sunday, and lost to Catholic Junior High 4 to 2. Outstanding play by a local boy happened in the fifth inning, when Kenny Roderick tripled.

The Little League teams, showed great promise, despite the fact that two out of three lost their openers.

The Lions went down before the Indians, 10-2, despite a fine showing by Fred Olson. In addition to pitching four innings after de-

(next col)

ieving Randy Phillips, he hit a triple in the 1st inning, a double in the 4th and a single in the sixth.

He stole two bases and scored once.

The Angels had a near miss when they lost to Dodgers 8-7.

Outstanding player for the Angels was Bruce Senter, who tripled in the second inning. A special word of commendation also goes to Steve Willis for his sacrifice bunt in the 4th which brought in Bobby Smith from third.

**"THE YANKS CAME MARCHING HOME"**

By Elsie Boroughs

**CHUGIAK:** There was lots of excitement at the Chugiak Ball Park Monday night when the Chugiak Yankees opened the Little League season by defeating the Mt. View Braves 15-4.

Pitcher Larry Gregory shows great promise as he struck out 13 batters and allowed only 2 hits.

Highlight of the game was in the big second inning, when Rickey Stephens slammed a homer over the left field fence with the bases loaded.

Other big batters for the Yankees were Darrell Tanner, Brad Edwards and David Boroughs, who all got three hits apiece.

Next game is Wednesday at Eagle River. Come out and route for your team; they deserve your support.

\*\*\*\*\*

**UMPIRES NEEDED**

**CHUGIAK:** A serious problem confronting the local Little League teams is the shortage of qualified men to act as umpires when the teams play in this community.

At the opening games, it was necessary to call for volunteers from the spectators for this job.

League officials are meeting in an attempt to determine how to handle this problem.

\*\*\*\*\*

**PONY LEAGUE TEAM STILL BEHIND**

**ANCHORAGE:** The Chugiak Pony League team is still looking for a win, after losing their second game of the season to the Spensard team, 16 to 4.

Lester Stephens made the one outstanding play of the game when he hit a home run, bringing in Jim Boroughs who was on third.

The team will play again on Sunday at 2pm in Anchorage.

There will be no Pony league games played on the local ball diamond this year, due to the fact that the condition of the field is not up to Pony league standards.

POST OFFICE BID AWARD

EAGLE RIVER: The bid for the re-location of the Eagle River Post Office has been awarded to Raymond Tedrow of Eagle River, according to a wire from U.S. Senator Ernest Greuning.

The new post office will occupy 1196 square feet in the section of the Eagle River Shopping Center formerly occupied by the Eagle River Hardware Store.

This will consist of approximately half the space that the Hardware Store had used.

Tedrow stated that remodeling has begun and the building should be ready for occupancy within thirty days.

The Post Office is presently located in the Knik Knak Shop of the same building.

Mrs. Eugene Fly will continue to serve as postmaster.

School, where she now teacher the fourth grade.

A busy lady like this does not have time for much outside activity, but Irene does find time to teach Sunday School at the Chugiak Methodist Church and is a member of the Birchwood Loopers Homemakers Club.

Irene and her husband Al have undertaken another ambitious project this summer. They have opened and are operating a complete nursery and farm supply store at their Birchwood home.

Irene says that her experience with garden consisted of raising food to feed her family, but Al has worked in nursery's in California.

One item of which Irene is justifiably proud, is her four grown children, and seventeen grandchildren who range in age from seventeen years to one year old.

Irene has offered to share some interesting recipies with us, and we look forward to the month when she will be our cook.
