SLICK ROADS LEAD TO THREE REAR SMASHES

CHUGIAK: Roads, slick with ice and new snow led to three similar accident this past week.

In all cases one vehicle was either slowing or stopped preparing to turn off the highway, when a car following was unable to stop in time and plowed into it.

On December 2nd, at 7:15pm a 1962 Rambler Station wagon driven by Enos L. Yeager, of Eagle River was stopped at mile 14 1/2 with the turn signal flashing. A 1962 Falcon, driven by War en D. Cole of mile 22 1/2 was unable to stop and struck the Yeager vehicle in the rear. Damage to the Rambler was estimated at \$85, damage to the Falcon \$300. Cole was cited for negligent

EAGLE RIVER: Lucille Fly, postmaster of the Eagle River post office announced that beginning July lst, 1965, the Eagle River Post Office will be advanced to second class status.

This advancement is made on the basis of the volumn of sales of postage and money order fees.

The Eagle River Post Office was commissioned in August of 1961 as a fourth class post office. In April of 1962, it was advanced to th ird class status.

Mrs. Fly said that at this time she is not aware of what additional services will be available to the Post Office patrons.

SPECIAL MEETING TO DISCUSS PERSONAL PROPERTY TAX SCHEDULED

ANCHORAGE: A special meeting of the Greater Anchorage Borough Assembly has been scheduled for Monday, December 21st, at the Adminstration Building on Romig Hill at 8pm.

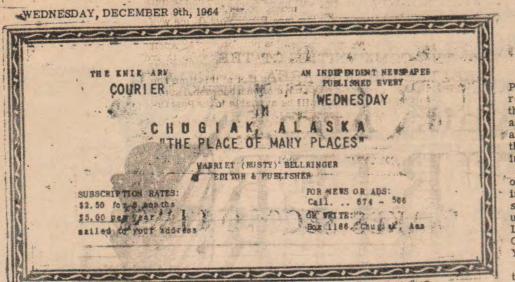

8pm. The purpose of this meeting is to conduct a public hearing on the elimination of the Personal Property Tax on Household effects which was voted upon at the Monday meeting of the GAAB Assembly. The resolution was voted against

The resolution was voted against by Assemblyman Glenn Briggs, from Section One, and Assemblyman Clif Groh. Briggs gave as the reason for his and Groh's opposition to the resolution, the fact that this would constitution a reduction of revenue of a net \$135,000. This money, Briggs said, would have to be made up from other sources. Under the present taxing system, this would mean an added tax burden to the real property owners; allowing those who now pay only personal property tax to live in the borough tax free.

Briggs said that he favors that instead of adding to the tax already paid by the real property owners, that a 2% sales tax be levied to replace the revenue lost by the elmination of the Personal Property tax.

The Borough Assembly unanimously voted to assess the tax for the coming year on the basis of a 100% evaluation, rather than on a 70% as was done this year. This would not mean that the taxpayer would be paying a greater tax, but that the difference in mill rate woule be adjusted to compensate for the change. The reason for changing is to facilitate the computing of taxes and to avoid the confusion which in some cases resulted from the 70% evaluation.

HERE AND THERE By: R. Fleming

After looking over my notes, it weened to me that this week's writing was almost an editorial. This is not the purpose. In fact Pm not overly certain just what the purpose is. If I had to give a reason, I thing it would be this, reason, I thing it would be this, of all the communities that I've lived in (almost too many in the last few years), it seems to me that this area is more intelligently aware of its schools and expresses more concern and shows more construct-ive effort than any other community we've been in. Interest and action is something

Interest and action is something of which we can be proud. In this age of technology, jobs are constantly being created that demand skills that, have not been required before. This will continue perhaps at an accelerating rate. Probably half of the students cur-rently in high school, will event-ually be employed in occupations that do not even exist today. And the do not even exist today. And the qualifications for the same old job (NEXT COLI have already been upgraded. The job that could be found twenty years ago with a ninth grade education, now requires a high school diploma. The job that once could begin as

The job that once could begin as a high school graduate now takes a college sheepskin. The need for unskilled labor is becoming less and less. Already one state, Ariz-ona has more skilled labor than unskilled. This somewhat points to the importance of education, and more of it than many of us receiv-ed. ed.

Educators are aware of this and Lougappers are aware of this and new programs and ideas are contin-ually initiated into our schools. However, educators need our und-erstanding -- and Iconsciouslyomit support because it is my feeling that (with rare exception) educators will have our support when we understand their goals and their ef-forts to reach such goals. Without elaboration, I should like to mention that schools and school systems gen-erally reflect, in a very real sense, the complexion of the community which the schools serve.

CLASSROOM REPORT

GRADE 1: Christmas is coming We are all excited. We have been practicing for a Christmas program all week. The program will be December 8th.

GRADE 1B: Boys and girls in Mrs. Ruberg's first grade are getting acquainted with basic mathematical ideas. We could count when we started to school and recite the started to school and recite the names of numbers. Now we are learning the concept of sets. We know a set as a collection of ob-jects or elements. We look at ac-tual objects in the room and the visual material on work sheets to understand sets. We are begin-ning to understand that the number of objects in a set remains the of objects in a set remains the same no matter how they are arranged, separated or moved ab-out. We like to play mathematical games like "I Spy", "Come to My Party" and "Hanging Up the Wash."

GRADE 4: On Friday we had tuna fish sandwiches for supper. Idropped a pin it sounded like I dropped a checker. We ran out of water and the water in the lake tastes like cuc-umbers. The people that we get water from were not home, so we didn't have anything to drink tell they came home. By Danny Earles

When the big snow came all we per-sons were fine, but the animals did not have fun. Sancho (our billy goat) not have hin. Sancho (our offly goat) butted his house down the hill the night before and he had to sleep in the snow. The ducks and geese could not move because the snow was over their heads. They couldn't even swim in it. The rabbits almost starved because we couldn't get their pen open. By Joe Janke

BIRCHWOOD: Everyone got in the BIRCHWOOD: Everyone got in the act when area 4H'ers wrapped boxes Saturday at Mrs. Anderson's home. Little ones, too young to belong to a club were busy crawling in cartons

to get boxes or carry them to be stacked. Mothers were busy with transportation and overseeing the project.

Lydia Bker, Busy Beavers Club member of Mountain View, demon-strated "How to Gift Wrap a Box." Mrs. Baker cut paper, others cut tape, others stacked and counted--In a short time over 80 boxes were

wrapped by the youngsters. Refreshments were served by Mrs. Anerson and the clean-up committee carried the wrapped boxes and one still to be done to the basement. Area clubs will gift wrap at Caribous in Mt. View on the 4th, the 12th and the 18th of December.

SPORTS REVIEW

The Mustangs played the Seward Seahawks in two games, Friday and Saturday; first on Chugiak's home court, then on Sewards. In the first game the Mustangs got off to a had start and the score at the

end of the first quarter was 29 to 10, in favor of Seward.

The Mustangs pressed on in the second and third quarters with 48-28 and 64-45. Finally when it looked as though the Mustangs had hope of winning, the Seahawks put them back with a 76-66 decision.

(Mustang Express)

The Jayvee game was similar. The The Jayvee game was similar. The Seahawks led 17-28 at halftime but passed up the Seahawk's score with a 37-81 score at the end of the third quarter. The Mustangs press-ed on, but were again passed by the Seahawks in the end with a 51-57 score. High scoring Mustangs were Dan Bush with 13 and Teddy Baker, with 10 with 10.

High Scorers in the Varsity game High Scorers in the Varsity game were again Lester Stephens, with a treméndously high 38 (which incid-entally is said to be the highest scored in Central Alaskan Basket-ball for a player on the losing team) and Bill Mielke, with 10. After a bumpyride over the Seward Highway, the Mustangs again played the Seahawks. Again they got off to a bad start and the score at the end of the first quarter was 20-8 again in favor of the Seward team. Coach Sanders tried several different plays

Sanders tried several different plays but alas, it was not Chuglak's night, as the Seahawks scored on to quar-terly leads of 45-12 and 72-29. The Seahawks with their overpowering height and their phenomenally lucky shooting, the best that the Mustangs could do was to keep them from the "Golden 100" with a score of 40-99.

High scorers for the Mustangs were Nielke with 8, and Lester. Bill Stephens with 14. The JV game was like the one the

night before. The Seahawks started out with an 18-2 lead at the end of the first quarter, but at the end of the half, it was 18-19 in favor of the Mustangs. Even with this lead the Seahawks pushed them hack to a 39-46 win. High scorers for the Mustangs were Dan Werre with 14, and Bob Mielke with 10.

To conclude this, I would like to include the Junior High game, in which the Central Junior High steamrolled over the Junior High Mustangs with a 12-67 decision, Jim Kohring scored 6 of the Mustang points and the rest were Louis Ed-

wards, Steve Willis, and Rick Steph-ens, all with 2. Wednesday December 10, the Jun-ior High Mustangs will play Wendel-

and a standard of the second s sfor spectators for the away game.

LADIES CLUB TO PUBLISH COMMUNITY. DIRECTORY

PETERS CREEK: The Chugiak Ladies Club, which met last Thursday at the home of Cleda Stephens in Peters Greek, voted to undertake the publishing of a community dir-ectory. This will include the listectory. This will include the list-ing of all residents of the Great-er Chuglak Area, along with their addresses and phone numbers, listand esses and phote humbers, inst-ings of business and services and also listings of clubs and other organizations. Much information of local interest will be included along with a history of the com-

munity. Tentative plans call for the directory to be published in October of 1965, with a community census to begin as soon as winter weather and the spring break-up are over.

Funds derived from the public-ation of this directory will be used toward the Clubs Scholarship fund and other projects.

The group voted to hold their Holiday dinner on December 19th at Rabbit Creek Inn. All club members and alumni along with their husbands are eligible to attend. Reservations may be made by calling club Secretary Margar-et Halverson at 674-8578.

CLASSROOM REPORTS

GRADE LIA: We are starting to dec-crate our room for Christmas. Ev-crything looks pretty. We are planning a nice Christmas program in

all the first grades. David Roberts had a birthday on Dec. 4th. We sang Happy Birthday to him.

Joanue Cookhas moved away. Mary Edith L.Kallenberg made each of us a Christmas card. It was very nice of her to think of us.

GRADE 1B: Our room is having lots of fun making Christmas decorations The first graders are also working on a Christmas program for our par-ents and friends. It is called "santa's Workshop."

GRADE 2A: Kathy Tyler, Jeanne Ab-setz, and Doreen Steffes are making a Chrostmas builetin board.

Susie Benyish and Doreen Steffes have painted Christmas pictures. Mr Benyish visited our room on Wed-nesday, December 2. Glenda Lund is in the bospital. We miss her. We have formd a book club. Kathy Tyler was elected president, and Jeanne Absetz is secretary. At our next maeting low Bowall Shorey Conred Absetz is secretary. At our next meeting Joy Powell, Sherry Conrod and Mike Uher will give book reviews.

We have been watching the white part of Kevin's tooth slowly dis-appear in Kool-Aid. The tooth is a baby tooth and Kevin placed it in a jar of Kool-Aid two weeks ago. Hollie began an experiment like this on Monday. Watching is one way

of learning. The primary grades are giving a Christmas program on the afternoon of December 17th. Our room is hav-ing the play "The Shoemaker and the Elves." We have many interesting things on our sharing shelf. One of the most interesting is the "Wiggle Doodler;; brought in by Sheryl Roberts.

A special note to the parents from Mrs. Fleming. Mrs. Fleming was very pleased with the turnout of parents for our partne-teacher confer-febces, and she feels the conferences were very worthwhile. The parents

GRADE 2B: We are going to have a Christmas play intitles "Special Delivery"

We enjoy practicing for the play We have a special song to go with the play, too.

GRADE 4A: This is class 4A. We are goint to help the first and second graders with their decor-ations and costumes for the Christ-mas play. It is going to be fun, only the people who get their work done get to help. We have got reindeer in our room. They are cute

They are cute. REPORTER: Jacqueline

GRADE 4B: We gave a program ab-out the Pilgrims and the first Th-anksgiving, the day before the Than-ksgiving hiliday.s

We invited Mrs. Coleman's room, Mrs. Hildeman's room, and Mrs. Cline's room

We are studying about Roger Williams and the Puritans. Our class is going to make a Christmas present for our moth-ers. We are deciding what would make a good present, so I'm going to bring a button braclet that my brother and I made. REPORTER: Linda

GRADE 5A: Last week we elected a new news reporter and a librar-ian for our room. Vickie Sanders is our news reporter, and Peggy Milliman is our librarian. In science, health and social studies les son we have a small test to see how

well we have been listening in class. We are going to elect a boy and a girl for the best cilizens of the month. There were three in our room to make the honor roll. They were Wayne Cromwell, Richard Weger and Susan Lowe. REPORTER: Vicki Sanders.

GRADE 6A: This week our class learned about outlines and made re-ports on them. Also this week our class is having drills on conducting meetings. Different persons take turns being president. The class votes on the grade.

Mrs. Emmons asked Mr. Kerr is some of his class would make a poster for her Christmas play. Mr. Kerr picked two boys and one girl., the two boys names are Steve Jordon, and George Miller, and the girl's name is Greta Samulson. REPORTER: George Miller

NO SHORTAGE OF SHOWSHOE HARES

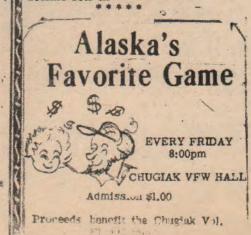

ANCHORAGE

Hunters who drive up the Glenn Highway to the area between Tazlina and Glenn-allen, or to the Richardson Highway between Glennallen and Sourdough, will find plenty of snowshoe hares available, according to the Alaska depart-ment of fish and game. Quite a few Anchorage-area nimrods are expected to take advantage of the peak in the rabbit popu-lation, Regional Game Super-visor Loren Croxton said this week.

Croxton pointed out that hunters might have to search around a bit to find heavy concentrations of snowshoes, but once such a pocket is found the bunnies can provide some real sport. "A light shotgun is probably

the best weapon right now," he said, "though a .22 rifle may be better later in the year when snow has covered much of the brush, and when colder weather leads the animals to be a bit

less active than they are now." The peak population will al-most certainly prevail through the winter, Croxton said, and may even last another year or two before the regular cyclic decline sets in ****

PLAN FOR NEW LAUNDRY

PALMER:

New laundry equipment fo: Christmas?

Perhaps with this will go considerable planning as to considerable planning as to whether the location of present -equipment is the best place, Miss Myrtle Bang, district h o m e demonstration a g e n t, suggests. There are, at least ten different locations in homes today satisfactory for the laundry area, according to Miss Bang Bark.

One idea proposed today, is hat laundry space can com-line with other functions such as sewing and mending, the ath home office, correspondence, and hobbies. The formula of deciding where equipment be-longs in the home laundry, she said, should include these con-1155 SHOW! siderations: convenience, or a position near where the bulk of laundry accumulates; acces-sibility of plumbing facilities; and enough space to perform, other functions.

Another good rule to keep it mind is "there should be stor -age space, counter space, an adequate room for the worl er next to each piece of equir ib ment." 4.33
