BUSH LANES SEEKS SALE OF BOWLING ALLEYS

EAGLE RIVER: A meeting of stockholders of Bush Lanes, Inc has been scheduled for Tuesday, February 4th at 8pm at the Eagle River Bowl, at which time two resolutions recommending dissolution of the corporation and sale of all assets will be voted upon.

The resolutions were adopted by the board of directors on December 23 after determining that re-financing could not be secured.

An affirmative vote of two-thirds of the outstanding shares of the Corporation is required for the adoption of each resolution.

Stockholders unable to attend the meeting are urged to vote by proxy. If stockholders do not specify a person to vote their shares, they will be voted by the present board of directors in favor of the resolutions.

"It appears that there is no alternative to the sale of the assets", a letter to all stockholders states. "If we do not do it in an orderly manner, obtaining the best prices available, the assets will be sold under mortgage foreclosures or bankruptcy proceedings, and thus we could not anticipate anything for dis-

School, a seventh grader, who next year will have to attend the Eagle River School and an eighth grader or high school student who will be attending Chugiak High School in Birchwood.

In order not to neglect any of their children's scholastic interests, parents will either have to find time to attend meetings of all three organizations, or attempt to consolidate these groups in some manner so that responsible parents may maintain PTA relationship without having to spend too much time at meetings which can very likely be duplicating their efforts.

Some solution will need to be worked out, and it should prove interesting to see how the parents solve this.

PROBLEM...WHICH PTA

Next year, parents in Greater Chugiak Area will be faced with a new problem.

The problem will be caused by the fact that one family could have children attending in three local schools at the same time, making

it necessary (if the parents are conscientious, and anxious to participate in PTA activity) for them to belong to three PTA groups at the same time.

This could happen if the parents should have one or more children attending the lower grades in the Chugiak

LIONS CLUB REPORT
BY: Glenn Briggs

EAGLE RIVER: Fifteen Local Lions with wives met in a joint session with the Mt. View Lion Club at the YMCA Thursday evening.

Guest of the meeting, District Governor Ross Wood, in addressing the group paid high compliment to President Virgil Flint and his Club for the unusual accomplishments of a Club so young - slightly over a year old. Special commendation was given for sponsorship of the Rabbit Creek Club and joint sponsorship with Cordova of the Copper River Basin Club.

Lion Flint was appointed by District Governor as temporary Zone 2 chairman to act in the absence of Merrill Chitty on leave in the lower States.

A special Board meeting of the Directors was held Sunday afternoon at the home of Lion Jim and Maude Pemberton with Lion Roger Williams serving as Chairman, while Lion Virgil was attending a Zone meeting in Anchorage.

The back log of business resulting from the interruption of regular schedules caused by the holidays was pretty well brought current in the four hour session of the board.

In a written report by President Flint special praise was given Lion Charlie Louderback for the great strides made by his Volunteer Fire Department Committee in creating effective fire fighting organization well equipped and housed.

(next col)

(LIONS)

Lion Charlie had a fire truck parked under the sky to start with last spring. Raymond and Lucille Tedrow provided the first opportunity to give this piece of equipment a home by the donation of the use of a choice strategically located piece of land on Cornado Drive across from General Supply Co.

With some volunteer help by Lions and after hundreds of man hours by Lion Charlie and 13 other volunteer fire men the truck and an acquired pumper, tanker and ambulance were parked for the first time in fire-fighting condition in a heated hall. Plans are in the making for a super pumper and other improvements aimed to make the Eagle River Company a first class fire fighting outfit.

There was considerable discussion on means of raising funds to support activities of the Boys and Girls Committee chaired by Lion Hunk Petranovich.

A bowlarama will be held Saturday, January 18th at 9pm proceeds from which will go into this fund. Lioness and it is hoped other parents will provide cakes and pies for prizes.

Lion Doug Westrom has determined that the Ft. Rich indoor swimming pool will be available for swimming classes for youths of the Greater Chugiak Area week days after 7pm, and on Saturdays and Sundays after 5pm. Classes are being formed and interested persons may sign up with Lion Hunk Petranovich.

Scouting in Chugiak

DEN DOIN'S

DEN #4: Our den resumed regular Saturday meetings on January 4 1964, after a two week vacation.

We gained a new cub scout, Victor Nelson Jr whom we welcome wholeheartedly.

The boys are working actively on their badge achievements, in hopes of earning them by the Blue and Gold banquet in February.

Last Saturday, the boys started working on their 10 minute skit on Civil Defense "Family Alert" for the January 24th pack meeting.

We now have 7 boys and still have room for one more cub scout.

CUB SCOUT COMMITTEE TO MEET

OLD CHUGIAK: There will be a meeting of the committee for cub scout pack #6 on Tuesday January 21st at 7:30pm.

The committee will meet at the Chugiak Methodist Church.

JANUARY PACK MEETING

OLD CHUGIAK: The January Pack meeting for Cub Scout pack #6 will take place on Friday, January 31st at 7:30pm at the Chugiak Methodist Church.

The theme for January is "FAMILY ALERT PACK."

MEETING TO ORGANIZE LOCAL LITTLE LEAGUE

CHUGIAK: A meeting to organize a local Little League has been scheduled for Sunday, January 19th

a 3pm at the Chugiak Methodist Church.

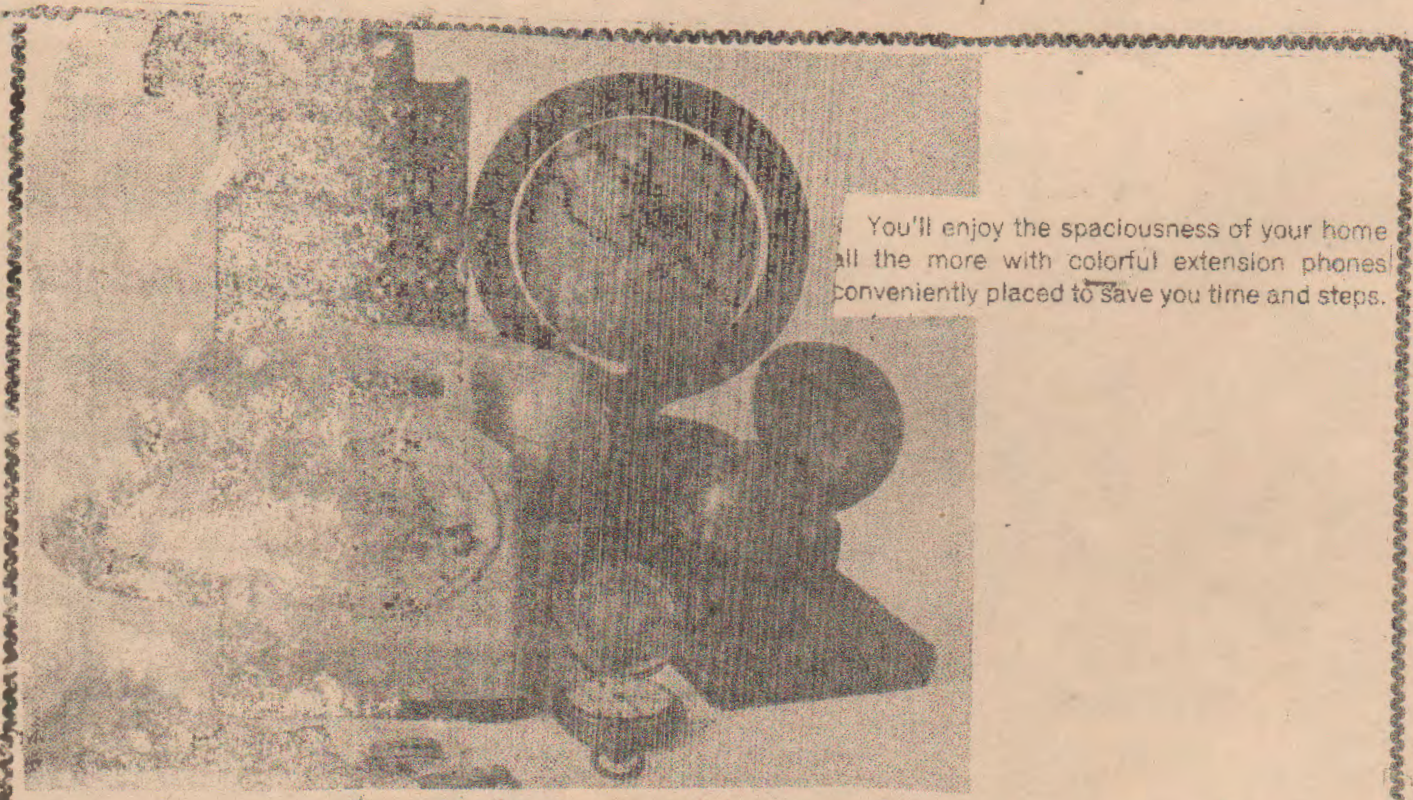

In past years the local teams have belonged to the Katmai League of Mt. View. This year, however a league consisting of teams composed of players from the Greater Chugiak Area will be formed.

Last season there were three locally sponsored little League teams, and only one more team is required to make the minimum of four teams necessary to form a separate league.

To be eligible to play on a little League Team, a boy must have reached the age of nine by the first of May and not to have reached the age of thirteen before August 20th.

Anyone interested in attending the organizational meeting is welcome.

More U.S. cars -- 798,719 -- were built in October, 1963, than in any previous month in history.

You'll enjoy the spaciousness of your home all the more with colorful extension phones conveniently placed to save you time and steps.

Matanuska Telephone Assn.

NEW PHONE RATES

PALMER: The Matanuska Telephone Association has announced that effective February 1, 1964, two classifications of long distance telephone service either station-to-station or person-to-person, will be available within Alaska.

Up to this time only a single class of service has been available in making long distance calls within Alaska.

On a person-to-person call, the calling party specifies the individual by name with whom he wishes to speak. The toll charges start when the conversation begins with the called party.

Station-to-station service permits the calling party to place a long distance call to a distant telephone number and talk with anyone who may answer the called number, at which time charges begin.

Station-to-station is defined as that service where the person originating the call gives to the toll operator the telephone number of the desired telephone, and does not specify a particular person to be reached.

Person-to-Person is defined as that service where the person originating the call specifies to the Toll operator a particular person to be reached or a particular station, department or office to be reached through a branch exchange attendant. Appointment calls will be classified as person-to-person.

In science we have been reading about chemistry and we have had a lot of experiments, too.

We had a test in English which was on defining the parts of speech and diagramming the easier sentences. We enjoyed our Christmas vacation very much.

Tell it to Martha

BY: MARTHA COUNCIL

Dear Martha,

I am very worried about a couple who are friends of ours. The wife is very smart, stylish and well educated.

She works as a secretary to an important executive in civil service.

The husband is a very ordinary looking guy, with only a high school education and he also works in civil service, but at an unskilled job.

Because of her work and the people she meets in connection with it, the wife is usually invited out to cocktail parties, is seen lunching with big wheels and

otherwise is living it up.

The husband, on the otherhand, either is left out of this partying or chooses to be left out.

We have dropped by to visit them time after time, only to find her away at some thing or other and he laying around the apartment drinking beer and feeling sorry for himself.

I feel that someone should point out to his wife that she should spend more time with him, but I am afraid that if I do, she may be angry with me for interfering. They have no children.

What should I do?
Worried Friend

Dear Worried Friend,

You are right, if you speak to this woman she will undoubtedly be angry with you for interfering.

It may seem hard for us to realize what brought this mis-matched couple together, but if the husband is not man enough to join his wife's social life, or to insist that she take part in his, than he must get some pleasure from his self-pity and is better left alone.

Sincerely,

Martha Council

McCutcheon will serve the term which will end on October of 1964.

The original budget was reviewed and adjusted from the proposed \$95,440 to \$69,305 for the period of 1 January to 31 May, 1964.

This is considered a one time first year cost of appraising.

Terms for the assemblymen were not set at this meeting, but were tabled for the meeting of January 27th.

The Assembly passed a resolution favoring the Rampart Dam project.

An offer was accepted that had been made by a committee of Real Estate brokers to provide on a voluntary basis, a recommendation for a planning and zoning ordinance which this committee feels will be more applicable to the rural areas.

(Demo convention cont page 6 col 3)

Smith said, in reference to rumors that decisions of the convention might be interpreted as opposition to the administration, "These were nothing more than intra-party disagreements which now that they have been resolved leave the party stronger and more unified than ever."

He went on to predict that the party would continue to work harder than ever for this local area.

(Hearing cont page 10 col 3)

of the Glenn Highway between Eagle River and Peters Creek, will be held tomorrow, Thursday, January 16th at 8pm at the Eagle River School.

(hearing)

The purpose of this hearing to determine what, if any, economic impact, either of these change could have on the local area.

David Fritz, of the Department of Highways said that it is the intent of the Department to inform the residents of this area of the reasons involved in proposing these changes.

Any aspects of the situation which may be brought out at this hearing, which have not already been considered, will be heard.

Fritz added that the belief that some individuals have to the effect that local residents will have some vote on the matter is incorrect.

JOINT PTA MEETING NEXT WEDNESDAY

EAGLE RIVER: A joint meeting of both PTA groups of the Eagle River and Chugiak Schools will be held on Wednesday, January 22nd at the Eagle River School at 8pm.

The purpose of this meeting is to acquaint local PTA members with the newly elected School Board of the Greater Anchorage Area Borough, who will attend the meeting.

Dr. Dafoe and members of his administrative staff will also attend.
