CHUGIAK - 10¢

## LOCAL STUDENTS ELIGIBLE FOR SCHOLARSHIP

**BANTAM BOWLERS FROM THE LOCAL LEAGUE PARTICIPATE IN THE VALENTINES DOUBLES BOWLING TOURNAMENT HELD AT ANCHOR BOWL LAST WEEKEND. (See page 6 for story)**

### STEW AND FUN TO HELP RAISE MONEY FOR STUDENT ACTIVITY FUND

**BIRCHWOOD:** The intriguing name of "Chugiak Stew and Fun Day" is the title of the fund raising project which will swell the coffers of the Chugiak High School Student Activity Fund.

The event, which will be hopefully called the "First Annual Chugiak Stew and Fun Day" will take place on March 13th at the High School.

Activities will include exhibitions of basketball, volley ball, ping pong, wrestling, arts and crafts with adults as well as students participating.

Throughout the day, there will be a variety show, a fashion show, movies and square dancing in which the public will be invited to participate.

Tickets sell for \$1.50 which includes generous servings of "Chugiak Stew", along with side dishes. There will be no charge for pre-school children.

The doors will open at noon on the day of the event and remain open until 8:00pm.

Tickets are now available throughout the area, and will be sold at the door.

### Library Project Hampered By Lack of Suitable Buildings

**CHUGIAK:** The project to establish two branch libraries in the Greater Chugiak Area, is being delayed because of the lack of suitable buildings to house them, according to Miss Elsie Lundborg, librarian in charge of the project.

Miss Lundborg said that the need is particularly acute in the Eagle River area. The buildings originally considered were found to be too small to accommodate the books said Miss Lundborg. She went on to say that the project will be more extensive than originally planned, with fifteen hundred books to be placed at each branch, instead of three or four hundred.

Miss Lundborg is appealing to local residents for suggestions of suitable buildings that may be rented for this purpose.

**CHUGIAK:** A college scholarship in the amount of \$250 will this year be offered to a student from the Greater Chugiak Area, in competition with students throughout Alaska.

The Mildred Herman Scholarship is offered by the Alaska Federation of Women's Clubs through the local affiliate the Chugiak Ladies Club.

Application instructions for the scholarship are available at the office of Chugiak High School.

Students wishing to apply for this scholarship must comply with the instructions and turn their folders in to Mrs. Jack Stewart, President of the Chugiak Ladies Club, no later than April first.

These will be judged by members of the Ladies Club, and the one they judge to be the best will be submitted as their candidate for the final judging.

One of the judges for the finals is Mrs. Vernon Moore, past President of the Chugiak Ladies Club.

Students now attending college and in need of additional financial help are eligible to apply.

The Ladies Club has set as the condition of eligibility for their candidate that he or she be a resident of the Greater Chugiak Area.

\*\*\*\*\*

### LOUISE LONG LOCAL REPRESENTATIVE TO BOROUGH HEALTH BOARD

**CHUGIAK:** Mrs. Ralph (Louise) Long, has been appointed representative to the Greater Anchorage Area Health Board from the Chugiak Health and Welfare Council.

The appointment was made at the request of Mr. David Duncan, head of the GAAB Health Board who invited the local Health Council to air their problems at Health Board meetings.

At the monthly meeting of the Chugiak Health Council, Mrs. Long reported that she had attended a meeting of the GAAB Health Board, and had acquainted them with the particular problems that affect the Greater Chugiak Area.

She pointed out the need for immunizations program in the schools, which was recently discontinued, and was promised that if it were at all possible this program would be restored.

# The Sourdough Gardener

UNIVERSITY of ALASKA  
Cooperative Extension Service  
Division of Statewide Services

For two weeks now seed catalogs have been coming in thick and fast and it is certain that you folks are getting them also. The phone has already started to ring and people are asking about this or that variety of vegetable.

Dreaming along through those wonderful colored pictures of vegetables and flowers is just about the best spring tonic a fellow can find after the days begin to lengthen in January.

You will be way ahead in the pleasant chore of ordering seeds if you keep in mind a couple of hints that have been brought up before but, perhaps, you have forgotten. First, make a good accurate plan of what you want in the garden and how much space there is to work with. There really is little advantage in buying seeds, fertilizers, etc., to plant a lot of vegetables the family will not use. Plan and plant a garden that is full of the fresh crops that will be enjoyed most.

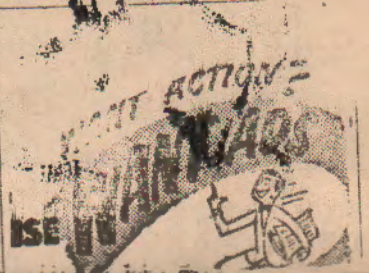

The best way is to make an actual sketch of the garden area and figure the number of rows that will be available. Buy only enough seed and fertilizer for that area so that you will not have the problem of finding storage for extra materials.

Not all vegetable varieties do well in the cool soils of Alaska. You can sidestep a lot of failures by following the suggestions for vegetables in the Cooperative Extension Service Publication Number 7, "Vegetable Varieties". It has just been revised for 1965. Stop in at your local Extension office and pick up a copy now or write the Sourdough Gardener at College for one.

If you have been wondering about how much seed you would need to come out right, then pick up another publication that is free for the asking. It is called "Gardens in Alaska", Publication Number 451.

On the back page you will find a chart that tells just about the amount the average person eats of all the main

vegetables. Along with the amount, it will tell how much row space is needed and how much seed to buy. Of course, there's lots of other information available and each week from now on until harvest, I plan to tell you a little about quite a number of the publications.

## Little Midge

Mamma, can I help you fix dinner for Grandpa and Grandpa?

Sure, What would you like to do?

Could I help you make the pies?

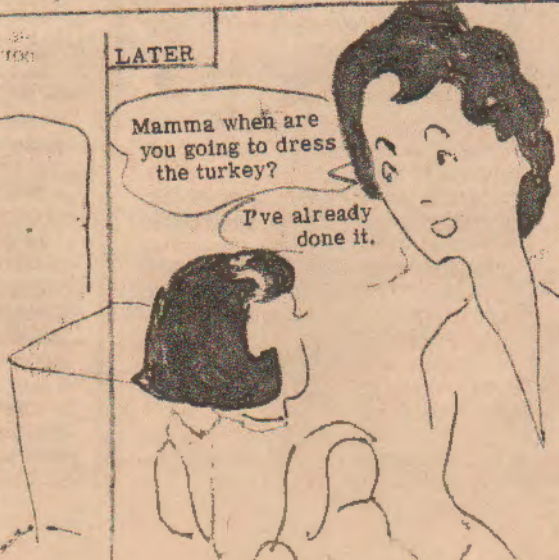

Okay, we'll start as soon as I get the turkey dressed.

LATER

Mamma when are you going to dress the turkey?

I've already done it.

You did?.....It still looks undressed to me.

In the JayVee game, the Mustangs tried to keep up with the Cardinals, but were put down with a 11-22 first quarter tally. In the second quarter, the Mustangs scored only 9 points to the Cardinals 22 for a 11-44 halftime score. In the third quarter the JayVee Mustangs tried hard to score better than the Cardinals, but were again downed in their scoring 21-17 for a 36-65 third period score.

In the final period of play, the Mustangs outscored the Cardinals by 12 points for a 70-53 final decision.

Scoring Mustangs were Bob Mielke with 5, Dan Bush with 1, Ted Baker with 11, Howard Ness with 8, Harvey Pullen with 2, Steve Brooks with 12, Dan Werre with 9 and Bill Morrison with 5.

\*\*\*\*\*

LOANS AVAILABLE TO LIMITED INCOMES

PALMER:

Special measures provided by the 88th Congress to help farm and other rural families with limited earnings develop new sources of income will play a major role in bringing economic stability to the Matanuska Valley, according to K. Daryl Bohman, supervisor for the Farmers Home Administration.

These measures include long-term loans to finance the development of small family businesses that will increase family income.

Funds may be advanced for such purposes as farm machinery repair shops, well drilling, roadside markets, guide services, home production of handicrafts, custom agricultural services such as land preparation, harvesting and processing facilities, and a variety of other income-producing facilities.

Bohman said the Farmers Home Administration will carry out the loan program under the new Economic Opportunity Act in rural areas. In addition, loans will be made to farmers for agricultural projects and to small rural cooperatives.

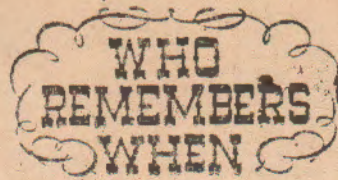

(next col)

(Loans)

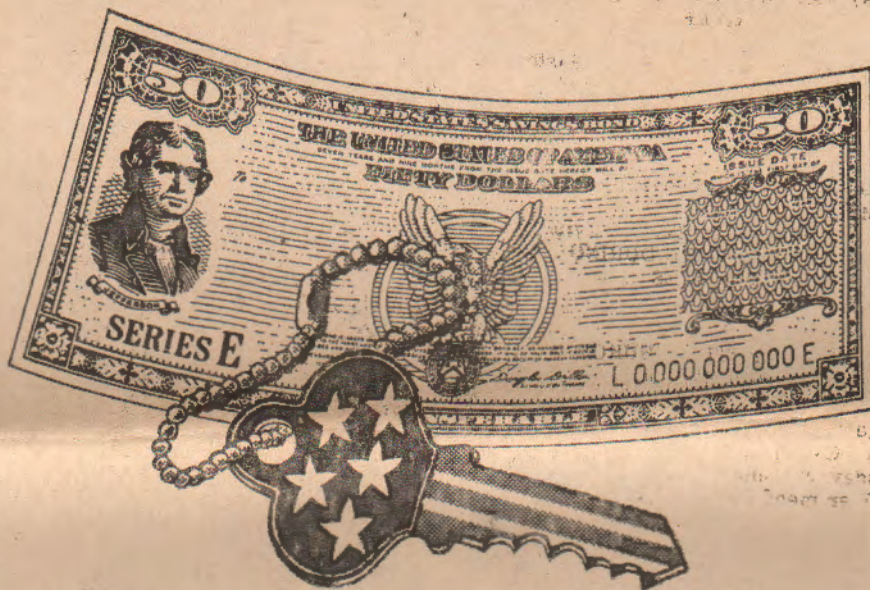

Loans to farm families or individuals to develop small businesses will range up to \$2,500, Bohman added. They will carry an interest rate of 4 1/2 percent and must be repaid within 15 years.

The new loans are available to farm and rural families as well as individuals who need a small amount of capital to improve their earnings but cannot qualify for credit from existing public or private sources, including other FHA loans.

\*\*\*\*\*

Many homes had what they called summer kitchens. Those shed-like buildings were connected to the main kitchen by raised wooden sidewalks. This annex served as a cool place for the preparation of meals during the hot summer months

Star-spangled key to a home of your own

A key to your own home is a mighty nice thing. Especially if it has stars and stripes on it.

The way to get one is to save U. S. Savings Bonds for the down payment. Or if you're beyond that point, for furniture or appliances, or the other things inside a house that make it a home.

A nest egg in Bonds can go a long way towards providing a nest and its contents — because each Series E Bond pays back \$4 at maturity for every \$3 you save.

Another thing you'll get is a nice red, white and blue feeling. The kind you get by giving your country a financial hand while you're saving.

It's easy to start saving Bonds today. A call to your payroll department, or a visit to your bank will do it.

Quick facts about Series E Savings Bonds

- ✓ You get back \$4 for every \$3 at maturity
- ✓ You can get your money when you need it
- ✓ Your Bonds are replaced free if lost, destroyed or stolen
- ✓ You can buy Bonds where you bank, or on the Payroll Savings Plan where you work

Buy E Bonds for growth—  
H Bonds for current income

**BILL WOULD AID ALASKAN SCHOOLS**

WASHINGTON DC:

Senate Bill 600, introduced by Senator Bill Bui, introduced by Senator Wayne Morse of Oregon and co-sponsored by Senator Ernest Gruening, contains Democratic administration's higher education proposals, which include federal payments to assist universities and colleges.

Alaska would receive \$118,869 for university extension and continuing education, \$53,051 for scholarships and \$97,765 for college work-study programs, according to Senator Gruening's statements in his Jan. 22 news bulletin.

Benefits of the elementary and secondary education act of 1965 to Alaska would include \$1,336,472 for the education of the children of low-income families, \$318,630 for supplementary educational centers and services, \$119,467 for school library resources and instructional materials, and \$104,208 for strengthening the state departments of education.

**U OF A TO GET SCIENCE GRANT**

**COLLEGE:**

The National Science Foundation has awarded the University of Alaska \$12,525 to support a summer science program for secondary school students.

The eight-week program, scheduled for June 28-Aug. 20, and under the direction of Dr. George West of the University's institute of arctic biology, will enroll about 24 students.

The program is designed to give superior high school science students classroom and practical experience in conducting research in such fields as ecology, physiology and biochemistry under the direction of experienced investigators. Cooperating in the 1964 program were the departments of biological sciences and wildlife management, institutes of arctic biology and marine science and the U. S. Forest Service laboratory and arctic aeromedical laboratory.

The fourth issue of the Mustang Roundup will go on sale Wednesday, February 17th.

There is to be the First Annual Pancake Feed on Saturday, February 20th, at 4:00pm before the Seward vs. Chugiak wrestling match and the Chugiak vs. West basketball game.

The cost is \$1.00 for adults, 75¢ for students, 50¢ for grade schoolers and pre-schoolers are free.

The Pep Club is sponsoring a "Sadie Hawkins" dance after the Chugiak-East Game at Chugiak on Friday.

\*\*\*\*\*  
**SPORTS REVIEW**

The Mustangs and their JayVee played two games each with the Kenai Kardinals.

On Friday, in the Varsity game, the Mustangs played a good game against the Kardinals, though being not quite as good as the Kenai team, and left the floor at halftime, leaving the score 24-45.

The Mustangs, not beaten yet, tried to keep pace with the Kardinals, but were outscored in the last half, 35-54 for a 59-98 halftime score.

The Mustangs JayVees usually play a good game against almost any team (not looking at the scoreboard.)

They played a good game against the JayVee Kardinals on Friday.

Through the first quarter, the Mustangs were outscored by the Kardinals 12-23 in the first quarter. In the second quarter, the Mustangs were outscored; this time by 12 points for a 25-48 halftime score.

But in the third quarter the Kardinals only outscored the Mustangs by 5 points for a 39-67 thrid quarter tally.

As usual, in the last quarter, the Mustangs outscored the Kardinal JayVees by 3 points for a 52-77 final score.

(next col)

The Kenai Kardinals made a new Western Alaska scoring record last Saturday. The Kardinals overwhelmed the Mustangs with a 6-42 first quarter score. In the second quarter the Kardinals again scored past the Mustangs for a 18-59 half-time score.

In the third quarter, the Mustangs kept trying to keep up with the Kardinals, but found their effort in vain, with the third quarter tally being 27-97.

In the final quarter, the Kardinals having 100 points almost clinched, again outscored the Mustangs for a 114-32 final score.

Scoring Mustangs were Lester Stephens with 14, Alan Phillips with 2, Louis Doores with 4, James Smith with 1, Jerry Werre with 1, Roger Riddell with 4, Richard Bush with 2, and Mike Story with 4.

Kardinal coach Evenson commented on the Mustangs spirit even 70 points behind, never once does their spirit drop. With the Kardinals having only 3 returning varsity players next year (and two of those are also junior Varsity) the Mustangs (and their JayVees) should get their revenge next year.

**CYCLES ROAR AT MIRROR LAKE**

**PETERS CREEK:** Once again, the shores around Mirror Lake resounded with the roar of motorcycles, as they raced last Sunday.

There weren't quite as many cyclists as planned, but enough to hold some exciting races.

In the first 250cc heat race, Ken Bradshaw riding a Harley Davidson, Sprint took first place honors over Danny Cluverson on a 250 Triumph. Culverson went into the bank immediately after crossing the finish line, which caused him to flip his cycle over; but after the snow had cleared, the crowd could see he was alright.

In the main events, Roger Knapp, on his "80" stroker, again copped it in the 650cc and over class.

Ken Bradshaw on his Harley Davidson "Sprint" won the first place honors in the 250cc class, followed by Danny Culverson riding a Triumph "Tiger Cub", Jack Bailey on his "Spring" and Keith Harker riding a "Tiger Cub."

In the small cycle class for younger riders, Carl Burns again copped first place over Ed Long. Both boys were riding "Suzukis".

"Next week the races should be bigger and better," said a spokesman for the Last Frontier Motorcycle Club, "So bring the kids, a thermos of hot coffee, and join us at Mirror Lake, for thrills, Chills, and some real fine racing."

**CONDENSATION CONTROL COMES FIRST**

**PALMER:**

Condensation control begins with the construction of a house, Leland Cade, district extension agent, said this week. Condensation is a common problem in Alaska homes. It occurs whenever a cold surface comes into contact with moisture-laden warm air.

The prevention of condensation in a home involves prevention of warm air circulating against a cold surface. This is accomplished in new construction by installing barriers that prevent or minimize air circulation next to cold surfaces of the house.

Controlling condensation in established homes involves the same method — the prevention of warm air circulating next to a cold surface, Cade continued. Prevention in an established home isn't necessarily easy although improvement can be made with the installation of plastic, caulking compound, greater ventilation of rooms, tighter seams, and other methods.

Condensation isn't a problem until warm weather occurs to melt the ice that has accumulated. It's just like defrosting a refrigerator. Information on condensation is contained in a bulletin by that title at the Extension office in Palmer.

### News and Activities of The Eagle River School

#### CLASSROOM REPORTS

**GRADE 1:** Our Valenting party is today. Friday, February 12. It is also Abraham Lincoln's birthday. We are delighted and excited about the parth.

**GRADE 5A:** We received a letter from New Jersey today from some fifth graders. We are going to answer it soon. We are on committees in Social Studies. Each committee reports on a different country.

Friday we have a big test on all the countries. A couple of days ago we elected the room representatives for the student council. They are Karl Burns and Robert Wright. **REPORTER:** Julie Bullock

**GRADE 5B:** This week our class is studying the North Central States. In Science we are studying our Sloar System. In health we're studying the your Circinitions system and the heart. **REPORTER:** Shelley Woeppel.

#### GRADES 7: STUDENT COUNCIL

The Eagle River Student Council had its first meeting Wednesday, February 3rd. (next col)

In case the residents of this are have not heard who the officers are, they are listed as follows: President, Inexz Eller, 7th Grade Vice Pres. Julie Bullock, 6th Grade Secretary, April Stephens 7th Grade Treas. Jim Kallenberg, 7th Grade

The representatives from Room 11 are Nancy Long and Vicky Frank-fourth from Room 13, Karl Burns and Robert Wright from Room 15, Charlene Tucker and Martha Daniels from Room 16, Jeff Bush and John Johnson from Room 17, Linda Carawan and Bob Towne, from Room 18 Debbie Walker and Ricky Pyles.

At the first meeting, the representatives discussed three important problems. The are rules for the ice-skater, writing the constitution and what to do with the dogs on the play ground.

Mr. Hayes and Mr. Rouse thought it was very good for the first one. **REPORTER:** April Stephens

#### SKATING

At our school we have a skating ring. We enjoy skating very much. During P.E. classes, the skaters may use the rink.

The school has nicely provided a log for the skaters to sit upon when they are putting on and taking off their skates.

There are some rules. Some of them are: All skates must hav (next col)

(Mouth of E.R.)

guards, skaters must have skates off when entering the school, and those who aren't skating must stay off the rink. The rink is being cleared off frequently.

**REPORTER:** Denise Gates.

\*\*\*\*\*

#### 4H CLUB ATTENDS SPORTS DAY

**BIRCHWOOD:** Members of the 4H Club, "The Moonshiners" attended Sports day in Anchorage recently.

The played basketball, volley ball, sang; played badminton, square danced and played table tennis.

Transportation was furnished by Mrs. Zimmerman and Mrs. Doyle.

There are openings for 2 girls and one boy in the Moonshiners Club. Anyone interested is invited to attend the next meeting. An opening for a 14 year old who will be a junior leader exists.

TO LORENE TOFSON  
(In memoriam)

So quick to offer friendship,  
Or to lend a helping hand  
To those you found in trouble -  
You could always understand.  
I couldn't find the words to say  
How much I thought of you -  
How much your friendship meant  
to me -

I only hope you knew,  
But you will not be gone from me.  
For you have left a part  
Of yourself with me forever  
In a corner of my heart.

Louise  
Feb. 10, 1965

1 Samuel 16:7

A pinch of dust, a grain of sand  
Are infinitesimal on the hand.  
This is how it seems to me  
Each human soul on earth would be  
Were it not, dear Lord, for Thee.  
Only Thou canst judge the worth  
Of any being on this earth,  
For only the immortal part  
Of the innermost, secret heart  
Does a man's true worth impart.

And only You, dear Father, can  
Read the heart of any man.

## LADIES CLUB PLAN BAKE SALE

**EAGLE RIVER:** The Chugiak Ladies Club, meeting at the Eagle River home of Billie Moore, are planning to hold a bake sale on Saturday, February 27th. The funds from the bake sale will be used toward the club Welfare Fund.

A committee was appointed to plan to format for the community directory which the club is planning to publish. Members of the committee are Margaret Halverson, Ruth Hartman, Katie Phillips and Rusty Bellringer.

The club will meet again on Thursday, February 25th, at the home of Margaret Foltz in Eagle River.

Welcomed back to the club was former member Lois Ante and a new member Norma Kindred was also welcomed.

\*\*\*\*\*

## MOONSHINERS MEET

**BIRCHWOOD:** The Moonshiners 4H Club met Friday night at Mrs. Brion's home.

Martha Daniels was the president who led the meeting with the pledge to the flag.

After business was over, Martha asked each one present (and that was 100%) to report on his or her project.

Bill Daniels reported he had completed an electrical buzzer. He will demonstrate it at the next meeting.

Christine Zimmerman reported that her sewing box was almost completed. She will bring it to the next meeting also. Junita Daniels reported that she had made her cook book and is cooking most of the meals as well as taking over most of the house work since her Mother is in the hospital. She will demonstrate pizza snacks at the next meeting and that will be our refreshments. Tom Daniels reported he had taken a roll of film and was waiting for results.

Dorald Zimmerman and Monte Doyle will also report at our next meeting. Martha Daniels gave a

(next col)

(Moonshiners) demonstration with a large chart she had made on the parts of a dog. She also told about various types of dogs - whether they were working, sporting or toy breeds.

Mrs. Brion gave us a large book of trim samples and told us each to make something from the material.

The boys all made tassel pulls for their jackets. The girls made greeting cards, a toy poodle, a Hawaiian Doll. This was fun. We sent Get Well cards to Mrs. Daniels, who is in a San Francisco Hospital, and to Mrs. Baker, a 4H leader who is in Providence Hospital.

Monte Doyle served Valentine Cup Cakes and Kool Aid. The next meeting will be March 12th.  
REPORTER: Tom Daniels.

LETTERS TO THE EDITOR

Dear Rusty,

You headline was must welcome news! Since this is a current project for Chugiak, I think it is a good time to remind the good people of Chugiak of the background of the original Chugiak Library.

Back in 1955, Mr. Ed Fortier, of Anchorage, alerted Miss Dorothy Phelps - who was then State Librarian - that I was desirous of getting such a project going out in Chugiak. (My own childhood was crowded with good reading and my memory held a picture of a very proper lady who was the town's librarian. This lady did much to instill good reading habits to so many young people there. Also, my son, Bruce, was an avid reader.)

Anyway, Miss Phelps set the wheels in motion and one day Mr. Fortier advised me by phone (you'll also remember the old ACS single phone to Chugiak located in Moose Horn) that there was a surplus of books in the Anchorage Library which were being distributed to small libraries and we might have some to begin a library if we could go in to choose them and list them. They could be purchased for a very small sum. This sum (I forget how much it was was raised, I think, through the PTA and users fees. Mrs. Earl (Leslie) Ray, Mrs. Carol (Raymond) Monroe, Mrs. Wesley (Betsy) Mickey and I went to Anchorage and did this chore. We brought the books to Chugiak and spent several hours cataloging them. They were housed at Moosehorn, and many people took advantage of the reading privileges. As Moose Horn and the library too, continued to grow, and the room was needed, Paul Swanson offered an empty building on his property which was closer to the school, where the Library could be housed. The project seemed to progress until both Mrs. Ray and Mrs. Mickey moved away. That was that! So - now I am glad it is to be reactivated.

Of the four of us who worked to start the original library, Mrs. Monroe is the only one who still lives in Chugiak. There are several Mrs. Monroes in Chugiak, but the right one is Carol.

(next col)

(letter)

While I'm setting the record straight - we still own Moose Horn, which we built out of the brush, beginning in 1945. Also - the old original building there DID NOT burn down, as Leslie Fetrow once wrote in a history report - it was torn down after the new block building was constructed, which was in 1955.

ASIAN STUDY  
SCHOLARSHIPS OFFERED

WASHINGTON DC:

For the summer session of 1965, the East-West Center at the University of Hawaii will sponsor a scholarship program in relation to the Seventh Summer Institute on Asian Studies, according to a letter recently received by the Alaska Congressional delegation.

John Albert White, director of the institute, stated in the letter that the institute will provide 102 scholarships, two of which will be allotted to each of the 50 states and the District of Columbia insofar as qualified applicants make this possible.

The awards will provide full tuition, institute fees, and return economy air fare from Honolulu to the candidates' home areas upon satisfactory completion of social sciences and literature, curriculum coordinators, administrators, and librarians.

"The institute provided, for persons with limited available time, a concentrated introduction to the Asian civilization through lectures and activities," White said.

Applications are due by April 1, 1965, for scholarship applicants and by May 15 for others, White stated. Additional brochures and application forms will be sent on request.

Application should be made to John Albert White, Summer Institute on Asian Studies, University of Hawaii, 2550 Campus Road, Room 208, Honolulu, Hawaii 96822.

ATOMIC DICTIONARY

PALMER:

The atomic age has created many new terms which become more interesting and informative when you understand what they mean.

Lew E. Hanks, Extension civil defense specialist with the Cooperative Extension Service, University of Alaska explains a few:

- 1.) Accumulated dose — Total radiation dose resulting from repeated or prolonged exposure.
- 2.) Air burst — Nuclear explosion at such a height that the expanding fireball does not touch the earth's surface.
- 3.) Alpha particle — Charged particle composed of two protons and two neutrons.
- 4.) Atom — Smallest particle of a chemical element.
- 5.) Atomic energy — Energy liberated by changes in the nucleus of an atom.
- 6.) Background radiation — Always detected by a counter. Caused by radiation coming from sources other than the radioactive material to be measured. Primarily due to cosmic rays which constantly bombard the earth from outer space.

*Tell it to Martha*

By Martha Council

Dear Martha,

I hadn't met my husband's brother when we were married. He was in the Army and stationed in Europe.

Now they are living here, and I find it impossible to believe that two such different men could be brothers.

My husband is sweet, considerate and a wonderful person. His brother is a woman hater. He says things about and to his poor sweet little wife that makes my blood boil.

He is always criticising her, belittling her and making cruel jokes about her. He always makes it a point to blame anything he thinks she does wrong on the fact that she is a woman. For example, "Can't you women ever do anything right", OR "you women don't know anything about how to handle money" etc. I don't know how she manages to stay with him. What makes me madder than anything is when he lumps ME in his low opinion of women in general. The other day we were all going to the show together. I was having trouble getting the kids ready for bed and they had to wait five minutes for us. When we were finally ready to go he said, "Can't you women ever be on time?", I was so mad that I almost decided not to go at all. What would make a man who hates women so bad get married in the first place?

Proud to be a woman

Dear Proud,

He probably got married to be nearer to a woman so he could hate her better. Seriously, he must have a inferiority complex that is king sized, and only by running someone down can he feel big. Try to sympathize with his as well as his wife. She probably knows him for what he is and loves him enough to take his abuse in return for helping him feel somewhat like a man.

Just be grateful that you got the brother without the complex, and avoid as much social contact with your in-laws as you can if it makes your blood boil.

Sincerely,  
Martha Council

## NEWS AND ACTIVITIES OF THE CHUGIAK SCHOOL

### CLASSROOM REPORTS

GRADE 2A: We thoroughly enjoyed the puppet show put on by the puppeteers in 4B last week.

Mr. Cox had a wonderful program last Friday. He let us give him a music lesson. We had five movies this week. They were about a fawn, policeman, clothes, numbers and wool.

Suste and Kathy T. did an experiment to show how fibers are made. The used white vinegar and milk.

We made valentine trains. We made counting men to use in arithmetic. Mrs. Tyler brought a squirrel in for us to see. He was in a cage.

REPORTERS: Doreen Steffed, Steve Yarnot.

GRADE 3A: The arithmetic class divided into three teams this week to see which team would make the least mistakes in adding and subtracting 120 problems. The teams are Thunderbirds, Mustangs, and Baracudas.

The Thunderbirds won this week, missing only nineteen problems. The same teams will compete again next week.

GRADE 4A: Today we have our Valentine party. We are having fun. Our party is at 1:30.

Our apple tree is getting little  
(next col)

(Moose Call)

brown spots. Mrs. Hildeman asked Jean and Margaret to finish the Valentines box.

This week we had science experiments. This week is Abraham Lincoln's birthday. We had a test in Arithmetic. We are learning about the brain in Health.

REPORTERS: Judy and Debra C.

GRADE 5A: We are having a Valentine's party today. All of us made envelopes to put our valentines in. This week in Social Studies we had some film strips on the Declaration of Independence and Bill of Rights. We also saw a film on starch painting. We have many rocks on the shelf in our room.  
REPORTER: Linda Roos

GRADE 6A: This week we have planned a play on George Washington. The main characters will be Diane Oberg and Cliff Johnston, narrators; BRonnie Tyson, Lester Baker, Scott Brooks, Steve Jordan and Tony Sanders, a substitute narrator plus many others.  
(next col)

(Moose Call)

6A decorated their room with Valentines and Valentine Boxes for Valentines day.

Happy Valentines Day.  
REPORTER: Steve Jordan

\*\*\*\*\*

### HOMICIDE CANCELLED

CHUGIAK: The play "Home Sweet Homicide", which was to have been produced by the Chugiak PTA, has been cancelled.

The reason given for the cancellation was lack of interest in the membership, and the unsuccessful efforts to get together a full cast.

The PTA, has not entirely abandoned the idea of producing a play, but are now looking around for one with a smaller cast.
