LOCAL YOUTH IN HEADON CRASH

ANCHORAGE: A Birchwood man escaped with minor injuries in a headon collision that took the life of the driver of the other car.

Taken to Presbyterian Hospital was Clayton Petranovich, of Birchwood Loop. Petronavich was driving a 1964 Dodge pick up truck. The other car was a 1965 Oldsmobile, driven by Weldon H. Chandler of Anchorage. Chandler was killed instantly in the crash, and Petranovich was in shock and unable to give the police the details of the accident.

Reports later given by witnesses have lead the police to believe that Chandler was northbound while Petronavich was southbound. Reports also indicate that Petronavich may have been in the wrong lane at the time the collision took place. Police are still investigating, and no citations have been given.

Chandler is survived by his wife Sara L. of Anchorage.

Petranovich was treated for lacerations of the face and bruised chest and released.

NATIONAL HONOR SOCIETY MEMBERS

BIRCHWOOD: New members were accepted to the National Honor Society at a ceremony held Tuesday afternoon at Chugiak High School.

The ceremony took place at an all school assembly. Principal speaker was Mr. Ted Darby, Director of testing and researcy for the GAAB School District.

The new members were inducted by officers of the National Honor Society of West Anchorage High School and their faculty sponsor Mr. Merrit Olson, who is counselor at West.

Each of the officers at West spoke on one of the requirements for membership in the National Honor Society. These are; Character, with Linda Forbes speaking on this subject, Marsha Donnelly on Leadership, Lon McCauley on Scholarship, Peter Blake of Service, and Dorothy Wentland who is transferring from the National Honor Society at Catholic Junior High School to Chugiak speaking on Citizenship.

Mr. Olson told of the History of

of literally millions of people. These hardly scratch the surface of the developments in the area of food, its production, distribution and so on. Any area of business and industry can list similar developments. Indeed, when we can produce more in one hour than we formerly did in sixty, veritable miracles are happening.

HERE AND THERE
By: R. Fleming

Amid our prosaic process of earning the daily bread, it becomes a conscious effort to discern the veritable miracles that are constantly occurring. Items that barely rate public interest now would have made headlines a few decades ago. Numerous items not as spectacular as putting a man in space or as of such immediate and widespread value as polio vaccines are of as far reaching value.

The almost unheard of innovations, creations and inventions play a tremendous role in our day to day existence. In the area of agriculture, methods introduced over the past few years have greatly increased yield per acre. Even in the United States it once took some sixty hours of human effort to produce and harvest one acre of wheat. Now, less than one hour is required for that same acre -- with a larger yield. Farming has become so efficient and productive that during the past fifty years our farm pop-

ulation has decreased by about one-third while our national population has almost doubled.

Not only is food produced more efficiently, distribution has become quick and effective. Preservation of foodstuff is continually being improved, and modern packaging methods have almost eliminated actual food waste for the average family. Many of us recall when leftovers were placed in the icebox, to be kept there until spoiling occurred, then tossed out. Our refrigerators safely retain foodstuffs for days; the deepfreeze, indefinitely.

Frozen food, relatively new on the market, open broad horizons for year round diet and far flung distribution. The deepfreeze has greatly facilitated home preservation of foods and there is some research which indicates that quick frozen vegetables are actually more nutritious than the fresh. Newly developed systems of utilizing fish protein and controlled photosynthesis could well solve the food problem

HEALTH COUNCIL TELLS OF NEEDS

EAGLE RIVER: The regular monthly meeting of the Chugiak Health and Welfare Council was held on Monday, October 24th in the basement of the Baptist Church Building in Eagle River.

Mrs. Beverly Glenn, Health nurse was present and reported on the need for a building in the Old Chugiak area to conduct the regular immunization clinic which is held the third Wednesday of each month from 1:00pm to 3:30pm. It is requested that anyone having such heated space available for that purpose please call Mrs. Glenn at 694-2350 immediately.

A second item of discussion concerned the urgency of holding an eye clinic to test pre-schoolers (ages 3-6) for the commonly unrecognized and over looked affliction of Amblyopia in these small children. Present plans call for such a free clinic to be held in January 1967. Volunteers are urgently needed to assist with this clinic. Those who can help are asked to call health nurse Beverly Glenn, at 694-2350 at once so that final plans and training can be accomplished prior to the actual clinic. Transportation is being planned for those with small children who are unable to bring them to the clinic.

A third matter of discussion, and one of urgent importance to the Greater Chugiak area, is that of the establishment of a medical clinic in this area. Research has been started toward the methods and means of such a worthy venture. Anyone having suggestions in this regard may call George Decker, Health and Welfare Council President at 694-2260. Plans are to obtain a Doctor to reside and practice in this immediate area and eventually an adequately staffed and equipped medical clinic to be established for this expanding community.

The next meeting of the Health and Welfare Council will be held

at 8:00pm on November 28th, when reports on these and other pertinent matters will be considered.

The public is urged to be present and to participate in these meetings designed to improve the health and welfare of this community

GREEN THUMBS TO MAKE XMAS PLANS

OLD CHUGIAK: There will be a meeting of the Green Thumb Homemakers Club on Thursday, November 10th at 10:00am. The meeting will take place at the home of Charlene Hughes at mile 18.

Plans for a bake sale and Christmas party will be discussed.

the National Honor Society and presented the Charter to Chugiak High School.

Mr. Barney Sabo, principal of Chugiak High School, called the names of the new members and Mr. Leonard Oakley and Mrs. Sharon Hess, faculty sponsors at Chugiak High School presented them with ribbons in lieu of pins which will be presented as soon as they arrive.

The new members then took the National Honor Society pledge, following which Mr. Scott Thompson read a poem, "The Masters Touch". Mr. Darby then addressed the group, the title of his talk was "Your Future Education."

The Chugiak High School band played two numbers at the opening and close of the assembly.

Following the ceremony a tea was held in the Home Economics room, sponsored by the Chugiak Ladies Club. Mrs. Madeline Mackey, club president, served the punch, while Mrs. B.G. Sabo poured the tea and coffee. Also assisting were Mrs. Dee Steeby, Mrs. Katie Phillips and Mrs. Helen Savageau of the Ladies Club. The table

setting and centerpiece carried out the colors of the National Honor Society, blue and gold.

The new members are, Juniors, Frank Cahill, Tina Crabtree, Carolyn Ekstedt, Christine Headlough, Beverly Johnson, Laurel Kramer and Peggy Lentz. The Seniors are Josa Chron, Walter Kallenberg, Leslie Mauldin, Kathleen Moore, Lorraine Pellissier and Jo Ellen Kuster.

NEW STATE TROOPER ASSIGNED HERE

CHUGIAK: A new State Trooper has been assigned to the Greater Chugiak Area, replacing Trooper George Pollitt who has been reassigned to the Service Section in Anchorage for additional training.

Trooper Charles O. Sease, who joined the Alaska State Police last August will be working with Trooper Thomas in this area.

He lives in the Birchwood area with his wife Violet and their children.

FIRE AT EAGLE RIVER SCHOOL

EAGLE RIVER: A fire, which ignited in the garbage rack at the Eagle River School, was extinguished before any damage was done to the building.

The fire was discovered Monday afternoon by Mrs. Bruce Arndt, manager of the lunch room. Mrs. Arndt had returned to the school in the late afternoon to pick up an item which she needed, when she noticed the rack was ablaze. She rushed into the kitchen and grabbed the fire extinguisher, and with the help of others at the building was able to get the fire out. The Eagle River fire Company responded, but the fire was already out when they arrived.

The rack is situated against the wall of the gymnasium. Mrs. Arndt thinks the fire might have been started by youngsters who were smoking.

BANK GETS NIGHT DEPOSITORY

To go into operation on Monday, Nov. 7, is a night depository at the Matanuska Valley Bank in Palmer.

The depository has been installed for the convenience of depositors who cannot come to the bank during regular hours, a spokesman said.

A slot similar to those in postal collection boxes for letter mail will accept deposit envelopes of after-hours bank patrons. Customers will be able to contract with the bank for a second key-controlled opening, to be used for large deposits or for overnight safe-keeping of valuables.

The night depository is located on the east, or South Alaska Street, side of the building.

GRADE 4: (Mrs. Hildeman) We've been doing a number of things in Mrs. Hildeman's fourth grade. We're making a mural map of our community and have studied all kinds of maps so we can read them. We are studying Forest conservation now.

We have a weather map we are keeping up as we've learned about climate and weather. We are learning what other people have found out about outer space.

GRADE 6 (Mr. Kerr): In Science we made some weather instruments. This week we are studying sound.

In Social Studies we are drawing about the middle ages.

We have been having art classes on television.

On October 31, 1966, we had a Halloween party. Mr. Kerr scrambled everybody's names in our classroom. And we had to unscramble them. The first one done was Debra Call. She won \$1.00. Vickie Cronenwett is going to Michigan some time this summer.

HIGH SCHOOL TO PRESENT COMEDY

BIRCHWOOD: The Drama and Journalism Clubs of Chugiak High School will offer the first play of the year to take place on Friday and Saturday November 18th and 19th.

The play will be a comedy, "Cheaper by The Dozen", by Frank Gilbreth.

Curtain time will be 8:15pm in the school auditorium.

VFW PLAN WESTERN DANCE & FEED

EAGLE RIVER: An All Western Dress dance and Barbecue will be held at the Chugiak VFW Hall at mile 13 1/2 next Saturday, November 12th.

Serving will be between the hours of 8:00pm and 9:00pm, with a charge of \$2.00 per plate or \$5.00 for the family.

The menu will feature barbecued saur ribs, barbecued beans, salads ect. Dancing will follow to live music.

The event is open to all VFW members and their guests.

SCHOOL DISTRICT STRESSES HEALTH

ANCHORAGE: The Anchorage Borough School District is convinced that healthy students do better in school than those who have health problems. For this reason, the district employs 16 nurses full-time to make sure that all pupils receive adequate care during school hours.

Mrs. Elva Scott, coordinator of the school nurse program, indicated the value of the program in a recent report to Dr. Cliff Hartman, assistant superintendent in charge of instruction.

She noted that student visits to nurse's offices during the first month of school exceeded 3,000. Of these 2,600 visits were the result of illnesses and minor accidents. Another 460 visits were made by students who requested health information.

The nursing staff also made 370 classroom visits for teaching purposes on subjects ranging from good health practices to first aid care of eyes and ears. Some 30 different films on health matters were shown in the schools.

Some statistics indicating results were also filed by Mrs. Scott. She said that 12,200 youngsters received eye examinations. Of these, some 470 students were referred to eye specialists for further examination and over 50 actually obtained glasses.

Hearing tests during the same period totaled 1,750. There were 1,260 referrals to specialists. And 1,260 tuberculin tests were made at the schools. 15 of the tests were "positive" and be credited with insuring that 15 persons who had been threatened by this disease were directed to medical authorities for treatment.

During the first month of school the nurses also reported well over 100 cases of various communicable diseases, including chicken pox, influenza, measles, conjunctivitis,

impetigo and mumps. Unusual illnesses and health conditions reported by the nurses included an uncontrolled diabetic, a mild concussion, bee stings and broken bones.

The nurses also had some special projects and activities. These included a flu vaccine survey of school personnel, a TV program on school health, color vision tests, in-service meetings at schools on "convulsions" and a series of conferences with parents of first graders on the importance of TB tests and physicals and the danger of sending ill children to school.

U OF A TO OFFER CD COURSE

The University of Alaska is conducting the first statewide civil defense management course at the Civic Center in Anchorage this week through Friday.

Although open to the general public, the subject matter is aimed at civil defense directors and other public officials from cities and borough throughout Alaska. Attending from the Matanuska-Susitna borough is Robert Vroman, borough chairman.

Subjects for discussion are the national civil defense program with emphasis on fallout shelters, nuclear weapons effects, emergency operations, training and education, public information, and support programs.

In addition to a survey of the entire civil defense for the nation, the course includes details concerning the various functions, requirements and procedures applicable to managing civil defense in an Alaskan community.

COURIER TO RESUME COMING EVENTS

CHUGIAK: The Knik Arm Courier has been requested to resume publishing the "Coming Events" column, which lists meetings and activities which will take place in the Greater Chuglak Area each week, giving both the time and location.

This column was discontinued several years ago because of the difficulty in keeping the column accurate and up to date.

Unless the organizations involved assume the responsibility of contacting the Courier and giving the correct information prior to these meetings, the column is incomplete and often incorrect.

In many cases meetings were cancelled, postponed, or the regular day changed without informing the Courier. Unless changes are called in the changes cannot be made, and the incorrect information causes more harm than good.

This column can be a community service only if the organizations cooperate in submitting correct and current information.

The Courier will once attempt to publish "Coming Events". Any clubs or organizations that wish to have their meeting dates announced in this column must mail or call the information to the Courier no later than 6:00pm on the Monday of the week the information is to be published.

LADIES CLUB TO REVISE BY-LAWS

BIRCHWOOD: There will be a meeting of the Chuglak Ladies Club on Thursday, November 10th, at the home of Dee Steeby on Jayhawk Drive in Birchwood.

All members are urged to attend as a revision of the By-Laws will be discussed and voted upon. Also plans will be made for the club's Holiday party.

Star-Spangled Foundation

You can start your new home with Savings Bonds right now--
and look how easy the Payroll Savings Plan makes it:

There is nothing more disappointing than to discover the home of your dreams, only to learn you don't have enough cash for the down payment.

Buying Bonds on the Payroll Savings Plan is one way to make certain your dreams come true.

You can forget the worry of having money to save after the bills are paid. The money will be saved, automatically, beforehand.

And your savings will build fast. With the new 4.15% interest rate, Series E Bonds give you back \$4 for every \$3 in just seven years.

Bonds give you the good feeling, too, of knowing for sure that your savings are safe. Your \$4 for \$3 return is guaranteed by the U.S. Government.

It's important, too, that Bonds help protect your freedom to build your own home. They help keep AMERICA the secure, free land you want for your family—maintain a stable economy and back our men in Viet Nam.

There's no better time than right now to start a financial foundation to "build on." Sign up today for the Payroll Savings Plan where you work.
