### THREE INJURED IN LAKE ROAD ACCIDENT

**EKLUTNA LAKE:** Three women were injured when the car in which they were riding left the road and struck a tree at mile 1.5 Eklutna Lake Road last Sunday afternoon.

The car was a 1960 Chevrolet sedan, driven by Robert L. Moorehead of Anchorage. According to Moorehead, the brakes went out on the car as he was coming down the steep road. He said he drove the car off the side of the road in order to stop it, and it was stopped when it struck the tree.

Hurt were his wife, Francis L. Moorehead of Anchorage and his mother in law, Mary Martin of Adak who suffered minor injuries. More seriously injured was his sister Elizabeth Moorehead of Adak, who suffered a back injury.

All three of the injured women were taken to the Presbyterian Hospital in Anchorage by the Chugiak and Eagle River Volunteer Fire Company ambulances.

**ANCHORAGE:** Word was received by the GAAB School Board that a Certificate of Entry has been granted by the Bureau of Land Management for the construction of the Birchwood Elementary School on the site under consideration across Birchwood Road from Chugiak High School.

Dale Pierson, local member of the GAAB School Board said that the board will now accept proposals from well drillers for the drilling of a series of exploratory wells on that location.

The proposals will be taken under consideration at the September 13th meeting of the school board, with the drilling to begin as soon as a contract is awarded.

**C.H.S. BOYS NEED  
FAST START FOR X-C**

**BIRCHWOOD:** The very first day that Chugiak High School begins (Monday, August 29th), the cross-country team has their first practice. Why the hurry?

Friday afternoon the first week the thin clads will host West Anchorage High on the 2 1/2 mile cross-country course. One week is scant time to be ready for the West men.

Cross-country is open to all boys from 8th to 12th grade. But remember, cautions coach Andy Kirk, a cross-country man must have a doctor's physical exam before he may even come out to practice. "So get your physical exam slip at the high school as soon as possible so that you may begin practice Monday afternoon. (Or call 688-6331 and one will mysteriously be delivered to your door" Kirk advises.

The X-C schedule this year consists of 8 races, with at least one meet every week during the short 6-week season.

"So, take your mark . . . Get set. . . Go, and get your physical exam before school starts!" Kirk concluded. In a P.S. Kirk added that this physical exam is good for any and all sports for the entire school year.

**HIT AND RUN DRIVER  
STRIKES HOUSE**

**FIRE LAKE:** An unidentified driver sped away from the scene of the accident after running into a house at mile 17 1/2 last Friday.

The house in this case belonged to Josh K. Smith of Anchorage and was a small log building which was being pulled down the highway by Smith on a trailer. Minor damage was inflicted to the cabin. State police are investigating.

\*\*\*\*\*

**TWO STOLEN  
CARS RETURNED**

**BIRCHWOOD:** Two vehicles which were taken from their owners in Birchwood were mysteriously returned last week.

One car was a Volvo sedan belonging to Max Pyles of Jyhawk Drive, and the other, a 1964 Ford one ton truck, belonging to Clifford Wiggins of Birchwood Machine Shop on Birchwood Road.

Both vehicles were taken between 3am and 4am on August 18th. They were both also returned and left in front of the homes of the owners in the same mysterious manner.

Pyles was driving around on Jyhawk Drive attempting to discover where his car had gotten all the mud which covered it when he came upon what appeared to be a stolen state vehicle, an incident which is reported more fully in an article published elsewhere in this paper.

The State Police who investigated the theft of the two cars, arrested two teen-aged Birchwood youths in connection with the incident. They have been released in the custody of their parents.

## LOCAL MAN STILL IN CRITICAL CONDITION

**FIRE LAKE** : A local man who was seriously injured in an accident two weeks ago is still in critical condition at the 5040th Air Force Hospital.

Frank Martin of Birchwood has not as of the latest report regained consciousness from the injuries he sustained when the car in which he was a passenger was involved in an accident at mile 17 on August 11th.

The car, a 1964 Volkswagon, driven by Hubert Bruton, also of Birchwood, was struck in the rear as it was slowing down. The impact caused the Bruton car to veer into the oncoming lane of traffic, where it was struck by a 1956 Chevrolet, driven by Thomas Campbell of Anchorage. Bruton, suffered a broken right arm and right leg. Martin sustained a severe head injury. Neither Campbell, nor the driver of the third car, a man identified only as Leish, of Anchorage was injured.

Both the injured men were taken by the Chugiak and Eagle River Volunteer Fire Companies ambulances to local hospitals. Martin to the 5040th, and Bruton to Providence.

## BRIGGS EXPLAINS STAND ON FIRE DISTRICTS

**EAGLE RIVER**: Borough Assemblyman Glenn Briggs said today that he felt that some readers of the Knik Arm Courier may have misinterpreted his statement in last week's issue to indicate that he opposed the formation of local fire service districts.

Briggs said, "I supported the formation of the two fire service districts for the Greater Chugiak Area with the tacit understanding that voters would be asked on October 4th to approve a one-half mill tax on real and personal property, not a two mill tax."

"This half mill tax would provide approximately the same amount of operating funds for the fire companies as has been obtained in the past from subscriptions. The taxpaying residents of the area are more concerned with broad support for our ambulances than of up graded fire equipment for the reason that no amount of money spent on upgrading of fire equipment will provide better fire protection or lower insurance rates."

"For a 4-mill tax property owners in the Spenard district get street maintenance, street lights, police protection, sewer and water in addition to fire protection."

"Because of the quality of fire protection most of the Spenard area has a fire rating of 7 under which home owners pay only 68 cents per thousand for fire insurance. The best rate that can be expected in the Greater Chugiak Area is a class 9 under which home owners pay one dollar seventeen cents per thousand for fire insurance."

"If a two-mill tax is approved, by the voters in October a home owner with a home valued at \$25,000 will pay a tax of fifty dollars and will get no reduction in the cost of his fire insurance policy." Briggs concluded.

## "STOLEN" STATE CAR IDENTIFIED

**BIRCHWOOD:** A State of Alaska vehicle which was found apparently abandoned in Birchwood, and presumed to have been stolen was identified this week.

The car was found near an unoccupied cabin at the far end of Jayhawk Drive by a Birchwood man who was investigating circumstances surrounding the theft of his own car.

The car had a State of Alaska insignia painted on the door, and was equipped with a portable red light.

The State Police were notified and at that time had record of a State car being stolen. It was not until the following day that investigation determined that the car was assigned to the Department of Highways, Weights and Measures Division. When that office was contacted to learn if they were missing the vehicle, the car in question was at the moment on the grease rack being serviced by that department.

It was assumed that the driver of the car was in the area mentioned above on legitimate business.
