MARCH OF DIMES

MORE HELP NEEDED FOR MOTHERS MARCH

CHUGIAK: Mrs. Chris Brooks, local March of Dimes Chairman, said that there are areas that may not get covered in the Mothers March this coming weekend.

Mrs. Brooks has had difficulty in securing enough volunteers to cover the entire area, and is concerned that contributions may be low because of this.

She is still calling for volunteers, and especially urges teenagers to offer their services.

Volunteers may march on either Saturday, January 28th, or Sunday, January 29th, which every day is more convenient. The local march is conducted during the hours of daylight, since many of the side roads may be difficult to travel.

ANCHORAGE WOMAN HURT IN WRECK

EAGLE RIVER: An Anchorage woman was rushed to the 5040th Air Force Hospital by the Eagle River Volunteer Fire Co. ambulance, following a two-car accident at mile 14 last Sunday afternoon.

Injured was Margaret Meeks, passenger in a 1966 Mustang driven by Harold Meeks. Mrs. Meeks is suffering from a broken collarbone and cuts on the face. Mr. Meeks suffered only minor bruises. The accident took place when a car turned in front of the Meeks vehicle into the parking lot of Freddie's Bar.

The second car, a 1956 Lincoln, driven by Jack Ray Phillips of Eagle River sustained \$300 damage. The Mustang was damaged an estimated \$700.

Phillips was cited for improper turning.

EKLUTNA: Funeral services were held Tuesday afternoon at 2:00 p.m. at St. Nicholas Russian Orthodox Church at Eklutna for Ruth Ezi, 59, who apparently died in a cabin fire at Eklutna last Tuesday.

The remains found in the ashes of the fire, were finally identified as being human by a laboratory analysis conducted by the Alaska State Police. The police stated that since there were no identifying features to the remains they were unable to determine whether they were male or female, let alone determining the identity of the individual. The remains were assumed to be those of Mrs. Ezi based on the statement of witnesses who placed her in the cabin two hours prior to the fire, and the fact that she has not been seen since. Officially Mrs. Ezi is being carried as a missing person pending the decision of an inquest.

Funeral services were conducted by Father Mike Oskolkoff of the Russian Orthodox Church, with funeral arrangements conducted by the Spenard Mortuary. Burial was at the Eklutna Cemetery.

Mrs. Ezi was born on June 10, 1908 at Knik Alaska. She is survived by her husband Peter Ezi, Sr. of Eklutna, a son Peter Jr. of Anchorage and a daughter, Mrs. Alberta Stephan of Eklutna.

AMBLYOPIA CLINIC BEGINS SATURDAY

CHUGIAK: Amblyopia Eye Clinics, sponsored by the Chugiak Health and Welfare Council will be held on two consecutive Saturday's at two locations in the Greater Chugiak Area.

Amblyopia is a failure of one eye to develop for a variety of reasons. If not detected by age 6 years, when eye development stops, the child is blind in that eye. With early detection and treatment blindness can be prevented.

This test should be given to all pre-school children 3 to 6 years of age who have never had an eye examination before.

The two clinics will be held on Saturday, January 28, 1967 and February 4th, 1967 at the Eagle River Baptist Church on Eagle River Road, and at Our Redeemer Lutheran Church at mile 19 1/2 in Old Chugiak. The clinics will begin at 10:00am and last until 3:00pm on the days indicated.

Parents planning to bring their children can prepare them for the test by playing the "E" game with them. A cut out of the letter "E" is handed to the child and

HERE AND THERE

By: R. Fleming

Proposed legislation that Alaskan automobiles be subject to safety inspection possibly has some merit. No one questions the value of a safely operating car even though our automobile accidents have little relationship to the condition of one's car. Unfortunately, there appears to be very little being done concerning the driver's condition.

But back to this vehicle inspection. Let us hope that a practical and valid system is devised for the actual inspection. First, and foremost and utmost (to emphasize the matter), it should be completely removed from private operation. In other words, the job of inspection should not be assigned to privately owned or operated businesses of any sort. The need to remain completely unbiased is often not met, and inspection by private enterprises has proven inadequate already; in some instances, becoming merely a racket.

If inspection should come, it should be done by a governmental agency, probably in our local situation, a city-borough undertaking. A sensible inspection checklist should be devised, and the inspecting agency would objectively, and cold-

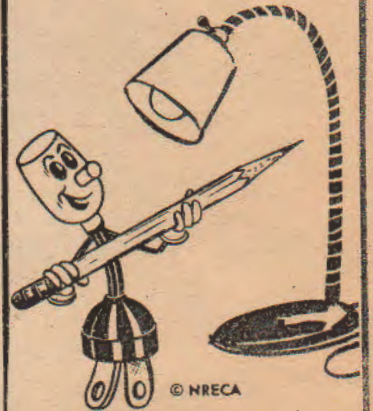

If the vehicle passes the test, an appropriate windshield sticker is issued. If the test is failed, the owner may be given a reasonable amount of time to have corrections before again taking the test.

One such inspection system, in successful operation for many years has no charge if the vehicle does not pass the test. If it does pass, the charge is very nominal. During my experience a few years back with this particular inspection, the charge was only fifty cents.

The proposed charge has been quoted as \$2.25. This appears a little high. It so happens that an adequate vehicle inspection can be given in about ten minutes when proper equipment and competent personnel are used. If more time is needed, inadequate and/or poorly trained personnel are indicated.

If we are to have a safety inspection, it should be a satisfactory one. It should be mechanically adequate, made on modern equipment by skilled persons who have no interest whatsoever in the operation other than proper performance of the inspection. The inspection should not be a device merely for procuring Federal funds

PTA TO SPONSOR CUB SCOUT PACK

EAGLE RIVER: The Eagle River Elementary School has voted to sponsor a cub scout pack in this area.

Adult leadership is being sought, and anyone with experience as a cubmaster or assistant cubmaster is asked to contact one of the following; Vernon Fish at 694-2559, or Ralph Baranow, at 694-2569.

An interest meeting will be scheduled in the near future.

(Eye clinic cont page 1 col 3)

he is asked to hold the "E" in the same position as the "E" on the eye chart. Or he will be asked to point with his finger the direction that the legs of the "E" are pointing.

Volunteers are needed to help with the testing program. By giving only an hour or two, volunteers make it possible to test more children in the community. Those who wish to offer their services are asked to call Eunice Vrem at 694-2214 or Dorothy Petrow at 688-6784 for more information.

FURNITURE MAKING COURSE OFFERED

BIRCHWOOD: A course in beginning furniture making is to be offered at Chugiak High School.

This course will begin on Wednesday, January 25th, and is restricted to residents of the Greater Chugiak Area.

The course will be taught every Wednesday evening from 6:30pm until 10:30pm.

This is a non-credit course, and tuition fee will be \$36.00.

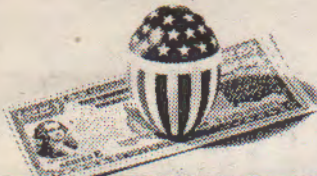

Those interested in enrolling may register on Wednesday, January 25th.

(March of Dimes cont page 1 col 1)

In the event that a volunteer does not come to your door this weekend, Mrs. Brooks said, "be sure to mail your contribution. We don't want the Greater Chugiak Area to fall short of its usual mark."

Persons wishing to volunteer are asked to call Mrs. Brooks at 688 6096.

ALIENS REMINDED TO REGISTER

United States Attorney Richard L. McVeigh reminds all aliens in the State of Alaska that January is the month in which they must report their addresses to the Immigration and Naturalization Service.

The Address Reports submitted by aliens every January are required by law. The only classes of aliens who are excused from this requirement are diplomats and persons associated with certain international organizations such as the United Nations.

McVeigh stated that it is quite easy for an alien to report. Cards for this purpose may be obtained from any Post Office or Office of Immigration and Naturalization Service. Facilities are available at those offices to fill out cards, after which they should be returned to the clerk from whom obtained.

CHANGES SUGGESTED FOR SCHOOL LUNCHES

ANCHORAGE: The Anchorage Borough School Board received a ten page report from an Everett, Washington, food services expert analyzing the lunch program of the Anchorage schools.

Board members are scheduled to discuss the report, which includes some recommendations for modification of the school lunch administration, at the January 24th Board meeting.

The report was made by George A Hill, director of lunchrooms for the Everett School District, after a weeklong visit to the local system in November.

Hill visited five typical elementary schools and all junior and senior high schools in the system. His report praised Mrs. Amelia Snell, supervisor of the Food Services Section, and her assistant, Mrs. Carole Trout, as "fine administrators."

He said the program here was very efficient in the use of labor and that the ratio of student participation in the lunch program was excellent.

Among Hill's recommendations were: A thorough study of all types of food service programs as a key to future lunchroom planning; a system of central warehousing of procedures in selection of menu; and elimination of the ten day food ticket to eliminate this type of accounting.

VOICE OF DEMOCRACY WINNERS NAMED

ANCHORAGE: The chairman of the VFW and Auxiliary Voice of Democracy contest announced the decision of the judges. Judging the event were Mrs. Evangeline Atwood, of the Anchorage daily Times, Rev. Robert Whelan S.J., Pastor of St. Anthony's Church in Anchorage, Mr. Edward Czerski (Col. U.S.A. Ret.) of Eagle River, Professor O.W. Frost (AMU) of Anchorage.

First place winner was Ruth Avery, daughter of Mr. and Mrs. Willis Avery of Anchorage. Miss Avery is a student of West Anchorage High School. Second place winner is Marcia Riegel of East Anchorage High School. She is the Daughter of Mr. and Mrs. Francis Riegel of Anchorage.

The theme was Democracy and what it means to me. It was open to all public, Parochial and private school students in the United States in grades 10, 11 and 12.

More than 400 students competed in the State of Alaska.

Each State winner is provided with a five day all expense paid trip to Washington D.C., plus the opportunity to compete for National Scholarships in the amount of \$5,000 for first place, \$3,500 for second place, \$2,500 for third place, \$1,500 for fourth place and \$1,000 for fifth place.

The program is sponsored by the Veterans of Foreign Wars of the United States and the Ladies Auxiliary to the V.F.W. with the cooperation of the National and State Associations of Broadcasters.

KIRKNESS TO STAY ON AS GAME COMMISSIONER

Governor waiter J. Hickel recently announced that Walt Kirkness, Commissioner of the Department of Fish and Game since 1961, will be retained in that position under the new administration.

"The policies Mr. Kirkness has set forth will somewhat be our guidelines in the fish and game field," the Governor said. "He is a very competent person and, in our opinion, the best man available to be found in the State of Alaska for this position."

"Mr. Kirkness has shown a real desire to help carry out some of our positive programs such as the establishment of an applied fisheries research center," he added.

Kirkness is the first cabinet member from the administration of former Governor William A. Egan to be retained by Governor Hickel.

The 46-year-old Kirkness, a native of Seattle, received his bachelor of science degree in fisheries from the University of Washington in 1943. He saw combat duty with the Marine in the Pacific during World War II and then joined the Washington State Department of Fisheries as a biologist in 1946.

In 1950, he came to Alaska to work for the Territorial Department of Alaska Fisheries. He was Director of the Commercial Fisheries Division when appointed Commissioner of the Department of Fish and Game in September 1961, succeeding the late Clarence Anderson.

He and his wife, Margery, have two children, Mark, 17, and Susan, 13

MODERN MATH FOR SEVENTH GRADERS

During the second half of the school year, some of the Eagle River seventh graders will be taught Modern Math.

The ones who have been chosen are the those who comprehend the new material.

Since these students were scattered throughout four home room classes, the classes have been broken up in order that the Modern Math students can all be on one class.

The chosen students will have Mrs. Norwood for their home room teacher. In the afternoon they will have the longest period (1 hour 20 minutes) with Mr. Hamilton, the math teacher. All four seventh grade teachers hope that the present arrangement will be satisfactory for both the students and themselves.

MUSTANGS WIN ONE!

On Friday, January 20th, the Chugiak Mustangs valiantly battled the Kenal Cardinals, but lost with a score of 44-55.

However, on Saturday, the day after, Chugiak put it's best foot forward and beat Kenal with a score of 64-61.

Chugiak took the lead of 7-0 at the beginning of the first wuarter and the score was close through the first half. During the third quarter the Mustangs were 12 points behind, then with 6 minutes left the Mustangs put on a press and with 5 seconds remaining, the score showed 56-54, the Karinals lead. During the fourth quarter, Harvey Pullen whipped a pass to Big Jim Kohring, who bagged a shot and tied the score. Then the game went into over-time, and each team scored bucket for bucket until the score read 61-62, Mustangs favor. With 13 seconds left, Mike Ford drove in and made two more points, cinching the Mustang victory by 3 points. The Kardinals had no time to score.

Tell it to Martha

BY: MARTHA COUNCIL

Dear Martha,

I have an unusual problem. I know you have heard from many women who complain that their boy-friends are only interested in dating them, but never mention marriage. Well my problem is just the opposite.

I am a bachelor who wants to get married, but my lady friend doesn't seem interested. I will begin by explaining that she is a widow, with no children. She gets some kind of a pension from her former husband that she says she will lose if she re-marries. I don't know how much it amounts to, but I don't think it is any fortune.

My point is, I can find any number of women to date if that is all I wanted, but this woman has an awful lot to offer a marriage. She has a lovely home, is a wonderful homemaker, and a terrific cook. She has a good job, and between the two of us we could really salt away a nice pile if we should want to retire in a few years. She is good company, but I am getting tired of an occasional invitation to a home-cooked meal and a good-night peck at the door at night.

How can I get her to see that we should be more than just friends?

Wants a wife

Dear Wants,

Nowhere in your letter do I see the words "I love her", or "She loves me". It appears that you refer to marriage to her as a good

business arrangement.

Apparently this lady, is not ready to remarry, especially for the reasons that you are, and is using her small pension as an excuse. When and if she ever meets someone to replace her late husband, I am sure she won't hesitate, but you might as well face up to the fact that it isn't you.

If all you want is a good cook, a marvelous homemaker and a companion, you had better start looking around. You will find there are many lonely women who answer that description. Of course they might not have a lovely home and a good paying job to throw into the bargain, but lets face it,....you can't have everything.

Sincerely,

Martha Council

LIBRARY SAYS BOOKS ARE LIKE OLD FRIENDS

OLD CHUGIAK: The staff at the Chugiak Branch Public Library reminds the readers that while television is interesting, entertaining and often instructive and helpful, it does make one think of an interesting visitor, nice to have known and refreshing, but transient. Any interruption and further knowledge and interest is gone beyond recall.

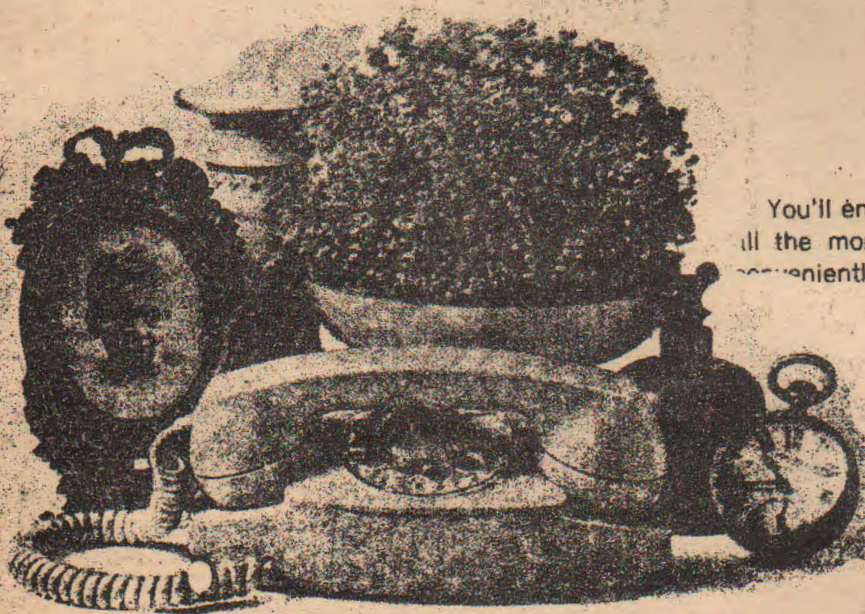

A good book, on the other hand, is like an old friend, there when needed, enjoyed at leisure, and if an interruption occurs, it is there to continue when you return.

Suggested books to be enjoyed are; "The Kine Must Die," by Mary Renault; "Accident" by Elizabeth Janeway, "Don't go near the Water" by William Brinkley; and "The Call of the Canyon", by Zane Grey.

Head Librarian Polly Kallenberg says; "Don forget - The Chugiak Public Library is open all day Wednesday, 11 to 6pm. Also on Sunday from noon to 3pm.

WHAT CAN AN EXPECTANT MOTHER DO TO IMPROVE HER CHANCES OF HAVING A HEALTHY CHILD?

Quite a bit. Most important, she should be under regular medical supervision throughout her pregnancy. Furthermore, the earlier she learns she is pregnant, the better: the very first weeks of her unborn baby's development are the most crucial. This is the period when her doctor would give her the most important do's and don'ts of pregnancy. He would not advise abdominal x-rays at this time, for example, if he knew she was pregnant, except for urgent medical reasons. He would prescribe the proper diet. He would doubtless also warn her against indiscriminate use of drugs and medicines—against self-medication during pregnancy.

You'll enjoy the spaciousness of your home all the more with colorful extension phones conveniently placed to save you time and steps.

CLASSROOM REPORTS:

GRADE 3 (Room 15): Several weeks ago in our math class we were studying and learning about "liquid measurements". This week we began studying about "linear measurements." I think all of us enjoyed working on linear measurements. After learning that our ruler is divided into sixteenths, we then discovered how many sixteenths there are in a twelve inch ruler. We measured one another's heights also many objects in our room. This was fun along with learning about inches, feet, and yards. We shall be working more on measurements next week.
