

## SCHOOL BOARD CONSIDERS PROPOSAL

AN ATTRACTIVE, SPACIOUS NEW BUILDING NOW HOUSES THE EAGLE RIVER POST OFFICE.

### EAGLE RIVER POST OFFICE MOVES

EAGLE RIVER: The Eagle River Post Office moved into the new building last weekend lock, stock and postage stamps.

On Monday morning local patrons found the new facility open at the regular time and ready to serve the public.

The new concrete block building, located at the corner of Coronado Road and Glenn Highway is a beautiful modern structure, with enlarged work area and enough post boxes to serve all those who wan one.

Postmaster, Lucille Fly said that there is over twice as many boxes as in the old quarters, approximately one thousand, in fact. She said that anyone now wishing to rent a box can have one in a variety of sizes. The new boxes all open with keys, as opposed to the combination locks in the old post office. Mrs. Fly added that there is room to add up to 3,000 boxes as they are needed.

The new building is fully

The new building is fully airconditioned and is heated with an efficient forced air furnace.

As soon as the frost goes out of the ground, work will begin on paying the parking area. When the paying is completed and curbs installed, there will be access to the

### COMMUNITY CENTER CLASSES

OLD CHUGIAK: Beginning March 14th, free sewing instructions will be given each Thursday at the Community Center located in the basement of the Chugiak Methodist Church,

The hours will be from 11:00 am to 2:00pm. This is an opportunity to become acquainted with one's neighbors from Eagle River to Eklutna.

Eagle River to Eklutna.

It is suggested that everyone bring a sack lunch and exchange ideas, and just gab for a while. Free coffee will be provided, but each person is asked to bring their own

Elva Connell will be there to pass along her mending tips and to help with sewing problems.

Beginners and brides are especially welcome. For the present time meetings are limited to adults only.

It is hoped to make this just

It is hoped to make this just one of many weekly programs, so everyone is asked to tell their friends to meet there. One is never too old or too young to learn from others.

young to learn from others.
Kathy Walker, local Community Aide will be there to answer questions concerning this new center and her work in the community. Anyone with a problem is invited to talk to Kathy. She will be in her office from 11:00am to 5:30pm each week, or may (cont page 3 col 2)

### ANGRY TWELVE WELL DONE

BIRCHWOOD: The Chugiak High School Drama Club and Thespians tried something quite different and daring with their production of "The Angry Twelve", an adpation of the television show, "Twelve Angry Men", by Reginald Rose.

Most high school drama groups play it safe with the light comedy type of entertainment that requires a minimum of acting ability and is more likely to be accepted by a younger audience,

The play concerns the efforts of a jury to arrive at a verdict in a murder trial of a ninteen year old boy accused of the switch blade killing of his father.

The story is dependent on the developing of the personality of each of the jurors, who are identified only by numbers, not names.

The play, which was performed in the "half-round" in the school team teaching room, was very well presented. Ron Howes, as the member of the jury who stood alone in the beginning in refusing to vote guilty did an excellent job of portraying the role of a quite yet forceful man who refused to be swayed in his resolve by the others. Special mention also goes to Steve Czerski for his interpretation of the role of Juror number 3, a violent, single minded individual who holds out for

(cont page 2 col 1)

ANCHORAGE: The GAAB School Board met last night with the Chugiak School Advisory Committee, and agreed to take the prospsal presented under advisement.

The proposal was one which had been voted on at a meeting held in Chugiak last month, and asked for upgrading of the Chugiak High School facility and endorsing the building of a high school for the military and snrrounding civilian communities at a site near the 5040th Air Force Hospital.

The school board expressed pleasure in the interest Chugiak Area residents had taken in their school affairs and plans to confer with the school administration before arriving at a decision.

A representative of the military addressed the school board and once again presented the plan for a high school at the Hospital site. He told of plans for the construction of dependent housing near this site to house the increased force at the base.

near this site to house the increased force at the base.
All members of the school board had been mailed copies of the resolution that the Chugiak School Committee had drafted, and had ample time to study them prior to the meeting.

### FUBLIC MEETING TO SAVE CHUGIAK FIRE COMPANY

\* \* \* \* \*

BIRCHWOOD: A public meeting to try to save the Chugiak Volunteer Fire Company from going out of existance has been called for tonight, Wednesday March 13th, at the Chugiak High School starting at 7:30pm.

Special guests will be Mr. Bud Saylors, of the Greater Anchorage Borough Chairman's office, who will try to answer question on how the community may establish a Borough Fire Service District in this area.

Also to be present will be Mr. Clyde Clary, local insurance man who will explain the effect that the lack of a fire company will have on certain fire insurance rates.

The Fire Company had an-

The Fire Company had announced their intention odisband as of April 1st, due to lack of cooperation n the part of the residents of the area served.

All those who have expressed concern at the prospect of being without fire protection or ambulance service in this area are urged to attend this meeting.

### ATHLETES SHOULD DATE!

CHUGIAK: Traditionall, a high school or college athiete is asked to follow some strict training rules.

They must eat lots of good food and must, of course, frain from smoking and drinking. But, most of all, they must stay away from girls.

Judging from an article appearing in the Chugiak Mustang Roundup, which is the Chugiak High School student newspaper, dating is now al-lowed and might even be encouraged. The article was written by Andy Kirk, social studies teacher and coach of the Chugiak track and cross the chugiak track and cross some excerpts from his article:

"As a ceach, I often hear comments to the effect that certain boys can't be expected to excell in sports because they have girl friends. Iagree that athletes often don't continue the same after the get a girl friend, but many athletes do better when they're letes do better when they're 'in love'. I feel the deciding factor is the girl.

"Too many girls who say,
'I'm in love with Joe,' really
mean, 'I'm in love with myself!' Their entire effort seems to go toward keeping Joe from studying and training. These girls are self-centered and selfish, thinking of how much attention they themselves can gather.

"I once knew a very suc-

cessful football seach who got through many a slump by sending his squad home to study, and calling a meeting of all the boy's girl friends. He once told me that perhaps the way to a man's heart is through his stomach, but the way to a man's athletic suc-cess is through his sweet-

"Taking thos one step further, it might be a good idea to have a 'letter' for girls in 'BOY-LOVING'. The requirements could go like this: l. Have a varsity squad boyfriend for at least 75% of the season.

Never let him take you home in his car after school, but see that he gets to practice every day.

3. Never let him keep you out later than training rules al-

4 Encourage him to do well in the sport, and let him know that you think the sport is important.

5. Stay away from him on the day of competition, and let him build up a 'competition edge.' (cont page 5 col 3)

Dear Martha,

My daughter is expecting her first baby within a month and last week I got a letter from her telling me the most awful thing.

awful thing.

She has been getting all sorts of leaflets in the mail telling about baby furniture, etc. I think someone must find out who is expecting babies and turns their names in. Well she got one booklet from a funeral home telling about their special services for babies. It had pictures of tiny caskets, and a picture of the room where the babies are laid out, and it was furnished like a pursery.

was furnished like a nursery.

Well my poor daughter is beside herself. She is sure that this is a sign that her baby is going to die and she is almost sick. I wish that I could be with her at this time to try to comfort her, but I can't get away until just before the baby is due? What can a mother do at this time?

Grandma

Dear Grandma,

I have never heard of such a show of poor taste. I find it hard to believe that a reputable funeral home would sent such literature to an expectant mother. I suggest you write to your daughter's doctor and have him try to reassure her. Also a letter to the better business bureau in her town might be in order. If the funeral home is in fact sending out such information (I am inclined to think it might be the work of a practical joker) then they should be stopped.

Sincerely,

Martha Council

THINK GREEN!

Dear Editor:

I was both surprised and shocked to see and hear public statements last Saturday in which Borough school officials were urged to ignor the majority wishes of the residents of this area and require bussing of our students to a large high school alsowhere

Additionally, I feel our community was placed in a bad light by instinuations that our high school is second-rate, that education costs are excessibely high here, and that our citizens do not carry their fair share of school

As a parent of two children in Chugiak High Schook, I for one am pleased with the educational facilities available, Curriculum and faculty are excellent. The physical facilities are of good quality, but overcrowded. Naturally, I want more and better educational opportunities, but realize they are

coming with growth.

This 4-year high school is combined with two junior high grades. Its total opening enrollment this year was 651 students. grades 9-12 this year have 385 students -- 158 more than four years ago. Eurollment next year will encrease by an additional 52 students or more.

Any contention that our residents are not paying their fair share is absurd. It is not reasonable that a better school should be built in one section than another simply based on their tax value. Furthermore, our tax contribution would not increase by shifting our students to another school — but the costs

on transportation would cer-

It is very doubtful that our school officials would allow an excessive cost situation to continue. At the same time, they should not be criticized for making available to any student a course essential to his education.

The fact that this area is growing rapidly cannot be denied. Our kids must be educated. In my opinion, the most practical approach to our growth problem is not to give up our high school, but to plan for the auture by starting a complex-type junior-senior high, designed to be added onto. I have been assured by a contractor specializing in school construction in Alaska that this is feasible and has been communities with less-rapid growth than Chugiak's.

Eight years ago there were 451 Chugial students in grades 1-12. After four years of nard work by our citizens, a high school was obtained for this area. The primary motivations were to avoid long hours of unnecessary transportation, and to provide our students with their own school in which they could participate. Now, with 1,420 students, should we say these motives are not valid?

Yours truly Lee B. Jordan

How Reasonable Are We?

The Forough School Administration's recent straight line projection of high school student enrollment for the years 1968-69 hrough 1973-74 should be most disturbing to every resident of ghe Greater Chugiak Area and particularly disturbing to those who have hopes of getting a senior high school in the local area in the near future.

This projection shows steady increase in the Anchorage area (exclusive of military) from 3,725 high school students currently enrolled to 6,149 in the school year 1973-74, a 65% increase. For the Chugiak High the projection shows an increase from 254 students in 1967-68 to 385 in 1971-72 followed by a decline to 360 in 1973-74, a total increase for the six-year period of 40%.

The cost in local taxes (property taxes) for education of the 23,600 students (all students (all grades) in 1967-68 \$364.00 per studeut. Property owners of the Greater contributed Area \$132.00 per student towards this cost meaning that other property owners of the Borough are contributing \$232.00 towards the educational cost of every student in the Greater Chuglak Area. Further, because of the higher teacherto-student ratio, distance, etc. the cost per Greater Chugiak students is higher than the boroughwide average.

The Borough Ace charges the elected school board with the responsibility of providing equal boroughwide educational opportunities to all students of the Borough at the same mill rate of taxation.

mill rate of taxation.

Taxpayers can rightfully establish budgetary limits for educational purposes and can properly expect the maximum educational benefits from the funds provided. If the school board fails to administer those funds to the greatest and best use for taxpayers of the borough as a whole the Board is derelict in its responsibility to the electorate.

If, in the considered judgement of our elected school board, location of a high school at X site will provide greater educational opportunities for our students at the lowest cost to all borough taxpayers then it is the responsibility of that board to implement that decision,

The school administration recognizes the need and justification for upgrading the present school to provide a junior high school facility comparagle with others in the Borough. If we can reverse the 1972-74 downward teand (and it can be cone) and if we are reasonable in our demands now the school administration and the boroughwide taxpayers might be sold on a 500-600 student senior high complex in Chugiak in 1975-76.

Glenn Briggs

## Questions and answers about Freedom Sharesthe new way for Americans to help their country as they help themselves.

Q. What are Freedom Shares?

TO WATERS

- A. They are the new U.S. Savings Notes -a companion product to the Series E Savings Bond.
- Q. Who may buy Freedom Shares?
- A. Any individual who purchases Series E Bonds regularly through a formal plan either Payroll Savings where he works or Bond-a-Month where he banks.
- Q. What is the interest rate on Freedom Shares?
- A. 4.74% compounded semiannually, when held to maturity of 4½ years. The rate is less if redeemed prior to maturity; and they may not be redeemed for at least one year.
- Q. Does this same rate new apply to E Bonds?
- A. No. E Bonds continue to return an average of 4.15% when held to their seven-year maturity.
- Q. What do Freedom Shares cost?
- **A.** They are issued in face amounts of \$25, \$50, \$75, and \$100. Purchase prices are \$20.25, \$40.50, \$60.75, and \$81.00.
- Q. Can Freedom Shares be bought by themselves?
- A. No. They must be bought in conjunction with E Bonds of the same or larger face amounts
- Q. Can I buy as many Freedom Shares as I want, as long as I buy E Bonds of the same or larger amounts?

- No. On Payroll Savings, Freedom Share deductions are limited to \$20.25 per weekly pay period, \$40.50 per bi-weekly or semimonthly pay period, \$81.00 per monthly pay period. On Bond-a-Month, the limit on Freedom Share deductions is \$81.00 per month.
- Q. How will the Freedom Shares be registered?
- A. Registration must be identical with the E Bonds bought in combination.
- Q. Are Freedom Shares subject to taxation?
- The same as E Bonds. Interest is subject to Federal income tax, which may be deferred until maturity or redemption (whichever comes first).
  Interest is not subject to state or local income taxes. Current values are subject to estate, inheritance, gift, and other excise taxes, both Federal and state.
- Q. Will Freedom Shares be extended beyond maturity, as E Bonds have been? A. No. Under existing law, there is no provision for extension.

NEWS AND ACTIVITIES OF THE BIRCHWOOD SCHOOL

EDITOR: Melodie Cline

GRADE 1, Mrs. Fischer: We are having a math contest in our room to see how many problems we can get correct in five minutes. It is fun to see ourselves climb higher on the chart.

We like to go to the library each week. It is fun to read the books we check out.

We have been learning about simple machines. We have been bringing some of them and pictures of them from home.

GFADE 2: Mrs Cline: .e a. going to study about poetes, We are studying about money, REPORTER: I

COMBO 3-3, Mrs. McGres: On a TV program we heard about string snapping. It was very much fun to do. This is how you do it: first you get a piece of paper, paints, and a piece of string about one foot long. Dip the string in the paint and wrap each end of the string around your finger.
You hold the string to the paper and your partner raises "snap". It hits the paper and makes a line. You can make a picture or just some lines.

Our teacher is reading a book called "Leopard Glue". some frightening things are happening. I will tell you a little bit about it. It is about two boys named Ndama and Ochella. They are from the Eunyorie tribe. The chief's son hales Ndama and Ochella. He has told many these about Some frightening things are He has told many lies about

ou pottery. Now we are going to glaze the pottery. Some children made animals, some made dishes, and some made nick-nacks. We had all kinds of colors to paint them, like old rose, jet black, redwood, golden yellow, white, Chinese green, capri blue, and flesh. We have been working on this project since February, Mrs. McGrew used a mold . "No fair!" says children. ..... Marilyn McGregor

GRADE 4, Mrs. Hildeman: Wednes day we saw three movies. On I was about Erazil, The others were about Paul Revere and one about a baseball player. Paul Revere and the baseba'l player were poems.

GRADE 6: Mrs. Kerbow: In Social studies we have start-ed a ne w chapter. It is Man's problem is in Egypt and Mesapotamia.

7

In Science, we have bad, tests of the five groups of Vertebrate animals, We have

started on tissues.

In Music we have been learning sougs for the chorus.
They are San Serent, Columbia the Gem of the Ocean and Aloha Oe.

ASSEMBLY ON SWEDEN Last Thursday we went to the multi-purpose room to see a movie about Sweden, We learned that in some ways the country of Sweden is very much like Alaska. While wa were seeing the movie the teachers met with an art teacher from the University of Washington,

### HOUSEHOLD GOODS ASKED

CHUGIA: "Your Community Center may be your helping hand some day," says a spokesman for GOAL, the GOAL, the Community group.

\*\*\*

Today a family in this com-

munity needs help.
A collection is being made of clean be usehold items, such of clean acuseholditems, such as dishpans, dishes, pots, pans, tablewear, from and board, scrub buckets, wash tubs, wash boards or small appliances needed to set up

housekeeping for this family.
Clean water cans and fifty
gallon water drums are also

needed for those who do not have a water supply.

If duplicate items are received, they will be set aside for another emergency, or sold later on in a rummage sale to raise money for com-

munity work.

The obligation is to help our neighbors to thelp themselves.

Dont throw it away, please call Kathy Walker's office 688-5228, Pat Sherman, 688-6471, Ludi French, 688-cor Elva Connell, 694-2789,

### PTA TO ERVE DESSERT

and wood PTA will once again man the dessert booth at the fourth annual and Fun' day to be he and Fun" day to be held this year on Saturday, March 23rd trais noon to 7pm at Chuglak High School.

Funds from the sale of

dessert will go toward the \$250 scholarship which the PTA effers each year.

Denation of cake, pie or other baked goadles are being asked. Anyone wishing to donate is asked to call the High ool office by Wednesday, March 19th, or call any of the following. Senator FRHEST

In a recent column I mentioned that I had co-sponsored legislation to restore school districts in Alaska. The cuts would amount to \$2.4 million less than our schools were scheduled to receive.

Sometimes we fail to see the human story behind such statistics. In this case, I received a moving letter from the Superintendent of the Public School District of Hoonah, Mr. D. L. McKinnon, where 90% of the stu-dents live on federally affected property. This district would lose \$15,000 of the amount budgeted for this year. I read the letter to the Senate subcommittee considoring my measure to restore the cut funds, and I would like to share it with you.

He wrote:
"As you know, all text-books, supplies and basic supplies and basic commodities have been purchased and paid for; there-fore, there is no chance to save money here. Perhaps we could turn off the heat or lights, but it is cold out and we are still on the shorter dark days . . . maybe we should let the janitor or maintenance man go, but this would be most costly in the long run. Therefore we come

back to the teachers. Our school has 18 teachers for almost 300 students. In order to save \$15,000 . . . I would have to reduce the staff by four teachers."

You can imagine what would happen to the quality of education in Hoonah if four teachers were dismissed. Education lies at the heart of our cherished system of val-ues, and it is one area where we cannot afford to economize. We might save a few dollars now, but we would lose a priceless amount in future productivity and wellbeing.

\* \*

Many Alaskans who have an interest in the timber business would find copies of the hearings recently held by a Senate Small Business Sub-committee on "Log Exporting Problems" very interesting reading. The hearings are in three volumes, and I have a supply I can make available on a first-come, first-serve basis. If you would like a sot, just write to me, Senator Ernest Gruening, U.S. Senate, Washington, D.C.

\* \*

I deeply deplore the critical situation faced by unemployed federal employees in Alaska who are not able to collect unemployment compensation because of lack of funds.

As passed by the House of Representatives, the appropriations bill does not provide sufficient funds to meet all the necessary obligations. I have wired my good friend Senator Carl Hayden of Arizona, chairman of the Senate Appropriations Committee, strongly urging that the amount be increased to meet all obligations.

I intend to do everything possible to remedy this unjust situation as quickly as pos-sible. It is unthinkable for our federal employees in Alaska to be denied the funds due them, especially in thie dead of winter.

# NOTI

BECAUSE OF THE TIME INVOLVED IN BILLING FOR CLASSIFED ADS AND THE DIFFICULTY IN COLLECTING FOR THE, THE COURTER HAS ADOPTED THE FOLLOWING POLICY CLASSIFIED ADS ARE ACCEPTED ON A PAID IN ADVANCE BASIS, (With the execption of these who have established accounts with the Counter.)

TO FACILITATE THE COMPUTING THE COST OF EACH CLASSIFIED AD, THE FOLLOWING CHART IS PUBLISHED WEEKLY, FOR THE BENEFIT OF THOSE WHO FIND IT MORE CONVENIENT TO PLACE THEIR ADS BY MAIL.

Rates for each insertion are 500 for the first three lines, 250 for each line thereafter. Payment by cheek, cash or money order may be mailed to box 1166 Churglak, or brought to the Courier affice on Mt. Eklutna Dr., in Peters Creek not later than 5pm as Mondays.

Use the following chart for computing classified cost, Allow one block for each letter, punctuation mark or space between letters.
