**CHUGIAK:** The Chugiak Benefit Association announced this week that beginning October 1st, they were once again assuming responsibility for the operation of the Eagle River Sanitary Fill, and that Anchorage Refuse Inc., would no longer have jurisdiction.

Dale Briggs, President of CBA Board of Directors, said that for the past year Anchorage Refuse has been operating the dump for CBA and collecting dumping fees on a verbal agreement only. Briggs said that CBA had repeatedly tried to get Anchorage Refuse to enter into a written contract with them, but they (Anchorage Refuse) had kept "stalling" for one reason or another. He said that CBA finally named October 1st as the deadline for signing the contract. When Anchorage Refuse still declined, the agreement was terminated.

Briggs said that CBA will now be responsible for the operation of the dump. Gene Ammon, of Eagle River, who had been acting as the Dump Master for Anchorage Refuse will continue in that capacity. Dump hours will remain the same, and dump fees will be unchanged.

Briggs went on to say that another facility has been installed at the dump, namely a disposal system for cesspool pumpings. This was constructed to comply with standards of the Borough Department of Health. CBA entered into a contract with Clarence LaMay Sr. of Eagle River, and LeMay constructed the facility and has jurisdiction over it. Individuals wishing to use the sewage disposal pit must make their dealings with LeMay as it is a separate facility from the fill.

## EAGLE RIVER MAN HURT IN AUTO CRASH

**EAGLE RIVER:** An Eagle River man sustained serious injuries in a two car accident which took place on September 24th at mile 14 on the Glenn Highway.

John Allen Ryan, of Eagle River Road, driving a 1966 Datsun station wagon, had apparently attempted to make a left turn according to the Alaska State Troopers, and turned into the path of an on-coming 1963 Plymouth sedan, belonging to the U.S. Army and driven by Kenneth M. Campbell of Ft. Richardson. Ryan was taken to the Anchorage Community Hospital where he was found to be suffering from head injuries and possible broken ribs. Also injured was the driver of the other car and a passenger Henry R. Bellinger of Ft. Richardson with head and leg injuries. They were taken to the 5040th Air Force Hospital.

## ART SHOW DATE AND THEME ANNOUNCED

**EAGLE RIVER:** The date and theme of the annual Chugiak Art Show, sponsored by the Chugiak Ladies Club were voted upon at the last meeting of that group, held on Thursday, October 24th at the home of Joan Glaske in Eagle River.

The show will be held at Chugiak High School on the weekend of April 25th, 26th and 27th. The theme of the show will be "A Salute to Our Chugach's" to honor the mountains which dominate the eye anywhere in this area.

As in the past year, the Club will offer a special prize to the entry that best depicts the theme of the show. Views of the Chugach Mountains as seen from designated places will qualify for the theme award. An example cited would be "The Chugach as seen from Upper Fire Lake". Artists are being given plenty of time to plan and paint their

## DIME-A-DISH TO BENEFIT CAHILLS

**BIRCHWOOD:** A benefit Dime-A-Dish Dinner will be held on Thursday, October 3rd at Chugiak High School.

Proceeds from the event will be used to give financial assistance to Mrs. Pat Cahill and her son Bill who are still hospitalized from injuries received in a auto accident earlier this month.

Mrs Cahill last year taught at Chugiak High and her son was a student there. They had moved to Kenai this summer, and were visiting in the Chugiak Area when the accident took place.

The dinner is being sponsored by the Chugiak High Student Council. In addition to the dinner, a money tree will be placed at the school for those who care to make cash donations.

All those planning to attend the dinner are asked to contribute food if they are able to. A dish to serve approximately ten persons is re-

## Tell it to Martha

By: Martha Council

Dear Martha,

I don't know why, but I have always had fabulous luck with anything that grows. My garden and house plants have always been the talk and envy of all my friends. I don't do anything special, my mother used to say I had what she called a "Greer Thumb".

What I am writing to you is something which happened recently. I was visiting a friend who had a plant that was in pretty sorry shape. She said that she wished she had a way with plants like I did, and said that she was going to throw the sick plant away as it was almost dead.

I told her not to do that, to let me take it home and see what I could do with it.

Well, I took it home, and babyed it along for a few months, and it turned out just beautiful. It was green and healthy and covered with blooms. Then this friend came over and when she saw the plant she said "Is that my plant, I would never have recognized it. Thanks loads!" and then she took it home!

Martha, that plant was as good as dead when I took it. It would have died in a few weeks if I hadn't saved it's life. Don't you think she had a lot of nerve taking it back after I nursed it back to health?

Hates Indian Givers

Dear Hates etc,

From what you have told me, it appears that you gave your

friend the impression that you were offering to cure her plant for her, not asking her to give it to you "for keeps". If you wanted to keep the plant for your own, you should have made it plain before walking out the door with it. In the future be more careful when you offer to exercise your magical powers over your friends sick foliage.

Sincerely,

Martha Council

## HIGHWAY FILM RELEASED

A newly produced Federal Highway Administration film entitled "Highways Are For People" is now being released for showing during National Highway Week, Sept. 22-28.

The 27-minute, 16mm color documentary will be available for loan after National Highway Week from the State Department of Highways, Box 1467, Juneau, attention of Joel B. Lounsbury, special assistant to the commissioner.

The fast-paced film stresses the role of highways in the growth of the United States. It points out the need for highways not only to meet national transportation needs, but also to serve and harmonize with efforts to improve our living and working environment.

Through the medium of live, on-street interviews with citizens in all walks of life, "High-

ways Are For People" illustrates new concepts of highway design and location which respond to the needs of people and their neighborhoods.

The film demonstrates that sound State planning, public-minded programming, and imaginative design are contributing to the continuing improvement of the Federal-aid highway system. It shows that individual citizens are served by our highways, as well as contributing to their improvement.

### DISCOUNT MARKET TO OPEN SOON

EAGLE RIVER: The opening of a new Super Market in the Eagle River Area was announced this week by Dick Slocum, manager of the store.

The market is to be known at the Big Country Discount and will feature a new concept in grocery marketing. Meats, groceries and produce will all be offered at discounted prices, and give the local homemakers an opportunity to bring their weekly grocery bills down considerably, he stated.

The store, which is located in the new O'Bart's Shopping Center next to The Barn, is now in the process of being stopped, and an opening in the near future is planned.

Slocum and his wife Jackie will be operating the store, and are looking forward to meeting the people in the Greater Chugiak Area.

The store expects to open late to better accommodate the customers, he concluded.

### REAL ESTATE OFFICE MOVES

EAGLE RIVER: Zuruda Realty, formerly located in the Eagle River Shopping Center has moved in to new quarters.

The Real Estate office is now located in the attractive new building on Coronado Road next to the Eagle River Post Office.

George Zuruda and his office staff invite all their friends to drop in and visit them in their new building.

### PLEASE TURN IN MOOSE JAWS

Julius Reynolds, moose research biologist in Anchorage, requests that successful moose hunters turn in lower jaws from their moose to the Department of Fish and Game in Anchorage.

The Department uses the teeth for determining the age of the moose. If teeth from sufficient numbers of moose are collected, the Department can determine the effects of hunting on various moose herds within Alaska.

Hunters cooperating in this project will be notified of the age of his moose if he leaves his name and address along with the date and location of kill and sex of the moose at the Fish and Game office. Moose aging will be done in mid-winter and hunters notified shortly thereafter.

Some moose in the Matanuska and Lower Susitna Valleys are wearing ear tags and collars. Hunters who shoot these moose are requested to notify

the Department as soon as possible so that our biologists may obtain other information as well as the teeth.

### THE ARMY NEEDS SAILORS ???

Believe it or not, the United States Army has a need for seamen, marine engineers, harbor craft operators and repairmen, according to Sergeant McArthur, the local Army recruiter. Young men who have had training in carpentry, metal or woodwork, who are mechanically inclined, like to work with motors, or who enjoy motor-boating, will find this type of background especially helpful in Marine Operations training.

The U.S. Army is accepting applications from young men for entry into Army schools to learn marine hull repair, seamanship, amphibian operations and engineering.

After serving their active military service commitment, many veterans have found that the training and experience received while in the Army are valuable to them in civilian occupations such as marine gas engine machinist, engine maintenance specialist, ship's carpenter and shipfitter.

Sgt. McArthur is a qualified counselor who can advise young men, and women too, about vocational training careers in the U.S. Army.

BOROUGH MEET**

CHS hosted its first Borough Championship Cross Country meet on last Friday, September 27.

Dimond brought in the first three runners and won the meet with a score of 37 points.

Chugiak's number one runner, Steve Jordan, placed 6th in the race and broke the school record with a time of 12:33.

The scoring went: Dimond, 37; West, 42; East, 60 and Chugiak 72.

**MUSTANGS LOSE TO EAST**

In their first defeat of the season, the Mustang Griders lost to a heavier and more experienced East JV team.

The T-Birds received on their own 45 yard line and moved the ball down field for their first touchdown early in the first quarter. The extra point was made good by East's quarterback.

East recovered the ball on a Chugiak fumble and with help of reverse and lateral plays they made the second touchdown. Near the end of the quarter Chugiak gained 39 yards on runs made by Frank Dias and Jim Kohring and then threatened East on the 6yd line with yardage gained by George Van Duren and Harold Balk. East recovered the ball on a fumble made by Chugiak.

The Mustangs bettered their defense in the 2nd quarter and forced East to kick from the 20 yard line. Jim Kohring blocked the punt and Bernie Saucier recovered the live ball. Vince Coan recieved the ball in the kickoff at the beginning of the second half on the 28 yard line. With runs by Van Duren, Bullock and

Coan, Chugiak moved the ball to the East 9 yard line. Van Duren pushed through the East defense into the end zone, but an offside penalty nullified the play.

At the start of the 2nd period Bullock started throwing passes to Jim Kohring. After one incomplete try, Kohring held and ran for 40 yards, only to have it brought back by a backfield-in-motion penalty. Chugiak was forced to kick on the 4th down. Coan's kick bounced off a T-Bird's hand and Dave Dias trapped the ball deep in East's territory. On another 4th down, Bullock ran around right end and carried the ball to the 2 yard line. Van Duren the only Mustang points as he plunged through East's defense into the end zone. The extra point play was no good.

East moved 51 yards to make the last points of the game in six plays. Louie Edwards foiled the extra point attempt with an interception.

Bullock made the last major plays of the game when he made a 23 yard pass to Frank Dias, and when he found all his receivers covered on his next play, ran for 24 yards before he was brought down. East intercepted a pass on the 15 yard line, and ran the clock out.

**VOICE OF  
DEMOCRACY  
CONTEST**

**CHUGIAK:** "Students win more than awards and scholarships when they participate in the V.F.W. Voice of Democracy Program", said Commander Charles Carter of the Chugiak V.F.W. Post 9785 in discussing the annual scrip-writing contest conducted by the Veterans of Foreign Wars.

Some of the fringe benefits, according to Commander Carter, are increased self-confidence, greater poise, the overcoming of certain emotional problems and valuable practice in expressing ideas clearly.

For the state winners, there is also the broadening experience of a five-day tour of Washington D.C., and the chance of making lasting friendships among the win-

In the six years that the Veterans of Foreign Wars has been sole sponsor of the Voice of Democracy contest, more than 1,000,000 high school students have participated. Entrants must write then tape-record a three-to-five minute broadcast strip expressing their personal views on freedom. From among the state winners, five national winners are chosen to receive a total of \$13,500 in scholarships.

"One of the greatest benefits to young people who take part in the contest, is that through reflecting seriously on freedom, they gain a better appreciation of their heritage of freedom," Commander Carter stated. All 10th, 11th and 12th grade students are eligible and encouraged to participate, for further information and details, contact Mr. Andrew Kirk, at Chugiak High School.

## DOG SHOW TO BE BIGGEST AND BEST

**ANCHORAGE:** The 32nd All Breed Dog Show, presented by the Alaska Kennel Club promises to be the biggest and best ever.

It will be held in the Anchorage Sports Arena on Sunday, October 20th.

There will be two judges, Mrs. Frances O. Holland, of Oregon who will judge groups 2, 4 and 6 (hounds, terrier, and non sporting) as well as Best of Show; and Mr. Kenneth W. Given from New York who will judge groups 1, 3 and 5 (Sporting, working and Toy).

Entry blanks are available locally at Birchwood Kennels and at all veterinarians and Pet stores in Anchorage.

Deadline for mailing in the blanks is Monday, October 7th.

Mrs. Christa Burk, show secretary said that she hoped to see a good turnout from the Chugiak Area.

## NAVY RESERVE PROGRAM GETS UNDER WAY

**ANCHORAGE:** Alaska gets its first full-fledged Naval Reserve program Monday, October 7th, 1968 when a Naval Reserve Training Facility and a Naval Reserve Surface Division are simultaneously established in Anchorage Alaska.

During a brief traditional ceremony, attended by city, state and federal dignitaries, the two new Naval Reserve organizations will be officially activated by Rear Admiral Donald M. White, the Commandant of the Seventeenth Naval District.

The Commander Lloyd W. Olson, USNR-R, of 3841 Robin Street, Anchorage will read the orders designating him as both Officer in Charge of the U.S. Naval Reserve Training Facility, Anchorage, and Commanding Officer of Naval Reserve Surface Division 17-1.

Major General Conrad F. Necrason, the State Adjutant General, will be guest speaker at the ceremony.

The ceremony will be held at 7:30pm in the National Guard Armory, 4902 Jewel Lake Road, Anchorage.

Physically located in the Anchorage National Guard Armory, the new Naval Reserve Training Facility will

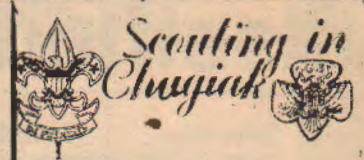

share the Armory's classroom and drill hall facilities.

This type of a Training Facility is required before a Surface Division can be activated. The combination of Training Facility and Surface Division provides a maximum training program for Naval Reservists.

While the Anchorage Naval Reserve Training Facility will start operation with a staff of only two full-time, active duty Navy petty officers, Surface Division 17-1 will begin with about 12 officers and 20 enlisted Ready Reservists.

Prior Naval Reserve activity in Alaska was restricted to a very limited "Composite Company" program. Recent changes in Department of Defense reserve policies terminated this program on June 3rd.

## GIRL SCOUT LEADERSHIP CLASSES START

**OLD CHUGIAK:** Basic leadership courses for Girl Scout and Brownie leaders, have been scheduled for Tuesday and Wednesday October 8th and 10th and October 15th and 17th at Our Redeemer Lutheran Church in Old Chugiak.

The classes will be held between 9:30am and 2:00pm, and those attending are asked to bring a sack lunch for themselves and for their pre-school children who may accompany them. Coffee will be provided.

There will be a nursery for pre-school children, provided they are toilet trained.

Scout leaders are still being recruited, and any ladies in the Greater Chugiak Area who would like to attend these classes are asked to call in advance so that the size of the classes can be known.

Deadline for calling is Monday October 7th. Calls may be made to either Mrs. Norman Hooperwerf at 694-2451 or Mrs. Robert Eliassen, at 694-2734.

# NOTICE

TO RESIDENTS OF THE GREATER CHUGIAK AREA

The Chugiak Benefit Association has again assumed operation, and will be solely responsible for the Eagle River Sanitary Fill beginning Oct. 1, 1968.

C.B.A. chose not to relinquish the landfill lease to the Borough, and for a continuation of the present operation.

I wish to thank Anchorage Refuse, Inc. and Site Operator, Sgt. Gene Ammon, Ret., for for the past trouble-free year of operation which provided this vital service at a reasonable rate --- and, at no additional cost to the taxpayer not utilizing the service.

Ed Willis  
Borough Assemblyman
