WORK STARTS ON NEW ROAD

CHUGIAK: Work began this week on the new stretch of highway which will begin just north of the Eagle River bridge, and terminate north of Peters Creek, where it will re-join the existing Glenn Highway.

The project, which has been in the mill for the past five years consists of grading, drainage and paving of 8.3 miles of roadway, utilities relocation, and construction of a steel and concrete composite girder bridge, 168 feet long with a clear roadway width of 41 feet 7 inches to span Peters Creek; plus grading and drainage of an additional 0.7 miles of roadway.

The bid for the project was awarded to Green Construction Co., of Des Moines Iowa.

Signs at both the Eagle River and Peters Creek terminous of the road announce to the public that "Your Highway Taxes are at Work." When completed the new road will by-pass the greater part of of Greater Chuglak, including the Eagle River Shopping area. It will be a limited access road, designed for high-speed through traffic.

Initial work, consists of learing trees and preparing the right of way.

UPPER FIRE LAKE AREA RE-ZONED

ANCHORAGE: The first re-zoning in the Greater Chuglak Area since the inception of the Greater Anchorage Area Borough took place last Monday night with the unanimous adoption of Ordinance 62-68.

The Ordinance re-zones a large part of the Upper Fire Lake Area from unresrticted to an R-2 Zone, which restricts home construction to 1 and 2 family residences.

This zoning came at the request of the majority of the property owners of the area for the intended purpose of maintaining a minimum standard for further development.

PTA CONFERENCE RESCHEDULED

CHUGIAK: It was announced today that the District Conference of District 6 of the Alaska Congress of Parents and Teachers has been rescheduled for January 27th, 1969.

The conference was originally planned for Saturday, October 26th. (CONT PAGE 7 COL 4)

EKLUTNA: Fire claimed the life of an Eklutna man in a grim repetition of an accident which killed his wife almost two years ago.

The victim, Peter Ezi Sr., apparently died when fire consumed his home in Eklutna villiage eraly Monday morning.

According to his son, Peter Jr. the fire broke out sometime between 5am and 6am on Monday. The fire apparently was first noticed by Roy Alex of Eklutna, who reported it to his brother Mike Alex, villiage Chief.

There is no record of the local Fire Company having been called until approximately 8:00am at which time they were asked to cool down the ashes of the house so the body could be removed. Ezi was alone in the house at the time. The cause of the fire has not yet been determined, but was believed to have been caused by an overheated wood stove. There was no electricity in the building.

Ezi was torn in Knik Alaska on December 18th, 1903. He had worked at one time for the Alaska Railroad. He was also a commercial fisherman. In addition to his son, his immediate survivors include a daughter, Mrs. Albert Stephan of Eklutna.

In January of 1967, Ezi's wife Ruth died when fire swept through the Eklutna cabin in which she was living.

Funeral arrangements are being made by the Forest Lawn Memorial Chapel.

OUR OLDER AMERICANS

By: Pat Sherman, Community Aide for OPAG (Older Persons Action Group)

It is a privilege to meet so many wonderful people living in the Greater Chugiak Area who are interested in this new program for Older Americans.

Our new "Good Neighbors" are Mr. and Mrs. Kershner, who opened up their home to present a much needed service for Older Americans in this community.

Last Wednesday Mrs. Kershner donated her time to give haircuts to three gentlemen who participate in this program. The service is given for a small donation which helps to cover overhead costs. The men were very pleased with the spruce haircuts, and enjoyed the afternoons outing.

A get together which had been scheduled for the twenty first had to be postponed due to

illness. Another "Good Neighbor" plans to teach a few of us how to play Canasta, so that we may teach it to other interested persons in the group.

Each Tuesday from ten to twelve AM, the women are invited to participate in the free knitting classes being given by the Head Start program.

Friday, October 25th, is the date set for the next over-all Older American's Action Group meeting in Anchorage. It will be held at the Old Pioneer Hall at Third and Eagle Streets at 7:30pm.

Some of our Older Americans are in need of reading materials, jig-saw puzzles, cribbage boards, games craft materials, yarns etc.

Any person interested in donating such items, joining this

Donations may also be dropped off at Pat's home (pink hours at mile 20 1/2) between Spring Creek Lodge and the Chugiak Chapel.

Remember - "The wheel that squeaks the loudest gets the attention." If you, an Older American want to be heard, join us October 25th at the Anchorage meeting.

Transportation will be arranged if you call the numbers listed above.

Out of the Past

TAKEN FROM THE PAGES OF THE KNIK ARM COURIER ISSUE OF OCTOBER 23, 1958

LOCAL HUNTERS HAVE HARROWING EXPERIENCE: Four local hunters spent an anxious three days in the Eureka area last weekend. Charles Harriman, Jack Stewart, their father-in-law Fred Lemke and Paul Abernathy left Chugiak Saturday morning on a hunting trip. They set up camp about 18 miles out of Eureka and after hunting for a day, were unable to get their swamp buggy started to make the return trip. Stewart and Abernathy hiked the 18 miles through drifted snow sometimes waist deep, back to Eureka Lodge where an appeal was sent to the 71st Air Rescue to go in and pick up the other two men. The party returned Tuesday night.

ILLUSTRIOUS VISITORS IN CHUGIAK: In the past couple of days several groups of important visitors to the State have stopped briefly in Chugiak. They included the Delegation from the State of Maine, who were much impressed with the scenery and stopped in the area to take

pictures; Mr. and Mrs. Frank Holloway and their three well behaved children who were the "Queen for a Day" celebrities; and Mr. Francois Perrin and Mr. and Mrs. Joan Georges Galin and daughter Marie Helena, associated with Air-France and who will reside in Anchorage for the next three months.

CUB SCOUTS CONDUCT SALVATION ARMY DRIVE: There will be no tricks for the Cub Scouts of Pack 382 and the treats will be for the needy. Instead of going house to house begging for goodies, these boys will don their costumes for a very worthy cause. On the evening of October 30th, these boys will come knocking on the doors of the community to ask for donations for the Salvation Army.

CHS BAND TO HOLD FALL CONCERT

BIRCHWOOD: The Fall Concert, to be presented by the Chugiak High School Band and Chorus will take place on Friday, October 25th in the multi-purpose room of the school. The performance starts at 8:00pm, and the public is welcome. No admission will be charged.

LOOPERS TO SWAP KNITTING TIPS

BIRCHWOOD: Knitting and crocheting ideas will be exchanged by the members of the Birchwood Loopers Homemakers Club at their next regular meeting.

The group will meet on Thursday, October 24th at 7:30pm at the home of Mrs. Lyle Selk.

Corsage making, which had been scheduled for this meeting will be taken up at a future date.

LADIES CLUB LACKS QUORUM

PETERS CREEK: No business was conducted at the last regular meeting of the Chugiak Ladies Club, due to the lack of a quorum.

The next meeting will take place on Thursday, October 24th at the home of Dorothy Jonrowe in Old Chugiak.

LETTERS TO
THE
EDITOR

OPEN LETTER:

Now that the Chugiak Benefit Association (CBA) has reassumed its responsibility for management and operation of the Eagle River sanitary land fill, I feel, as one of the past presidents of the organization familiar with its history and in sympathy with its objectives, that an explanation is due on just why this organization is now back in the same position it occupied four years ago.

Chugiak Benefit Association was created and incorporated in 1954 by a group of community leaders to serve as a fund raising organization for the Chugiak Volunteer Fire Company, the Chugiak Community Club, P.T.A., Girl and Boy Scouts, Civil Defense and the Homemakers Club -- a local "Community Chest"; with the Annual Chugiak Spring Carnival serving as the vehicle from 1954 to 1959.

Over one hundred civic minded residents (10% of the total population at that time) of the Greater Chugiak area spent literally thousands of hours of their time from February through Memorial Day weekend each of those six years to raise funds for the support of the community organizations, to pay the cost of supporting a local health nurse and to purchase the 36 acre tract of land at mile 21 known as the "Carnival Grounds". That property belongs to the community for

the benefit of the community. Over half of those who gave of their time in the combined community efforts of 1954-59 still reside in the community, many continuing as active participants in our various community organizations.

For the lack of new and greater participation by area residents and because of growing entertainment competition during the Memorial holidays the Annual Spring Carnival was discontinued in 1960 as a fund raising project, and Chugiak Benefit Association became inactive except to serve as caretaker of the Carnival Grounds property.

As far back as 1962 the residents of the growing Birchwood and Peters Creek areas, and the State Department of Health began to demand relocation of the Peters Creek dump. Directors of Chugiak Benefit Association scouted the area and canvassed the Bureau of Land Management for two years seeking an available and acceptable alternate site before the present Eagle River site was selected and approved by the Department of Health and Bureau of Land Management but with the stipulation that some recognized local body assume responsibility for its operation. The Chugiak Volunteer Fire Company and CBA were the only local incorporated organizations acceptable to B.L.M. The latter reluctantly accepted the responsibility and signed the land lease agreement November 1964.

Soon after C.B.A. entered into an operating lease arrangement with John Grasse, owner of a garbage collection firm, to prepare and operate a land fill site on the property. To assist in the development the B.L.M. gave the operator nine hundred dollars in script and issued a renewable permit to sell gravel on the property. CBA was to receive 3% of all income, the operator was to retain the balance. Failure to operate in compliance with Department of Health requirements and finally abandonment of the operation in December 1966 forced CBS to terminate the lease.

Reopening of the facility in February 1967 and its operation through the summer by

CBA was made possible with a loan of one thousand dollars to the community by Greater Anchorage Borough Assembly and by labor credit in the amount of \$946.00 advanced by the local private contractor with the hope that voters of the area would approve a one-quarter mill tax to repay these advances and continue the operation as a "free-use" land fill.

Following the defeat of the proposed tax proposition, a second lease arrangement was entered into between CBA and Anchorage Refuse Inc. (Grasse) to operate under terms similar to the 1964 contract. The lessee firm operated the facility of a fee-charge basis until October 1, 1968 at which time CBA terminated the lease because of Lessee's refusal to sign a lease agreement and refusal to permit the operation of a temporary sewage disposal pit on the property.

During the three years of operation by the Grasse management CBA received less than one hundred dollars as its 3% share of gross income and from its treasury paid out \$1,068.00 most of which was required to clean up the site after abandonment by Grasse in 1966. During the same three year period Grasse management retained all revenue collected from dump fees and sale of gravel in addition to nine hundred dollars Script received from B.L.M.

To meet a community need and lacking any other feasible solution, CBA assumed again on October 1, the responsibility for operation of the disposal facility for the welfare of the community.

During the past two years a continuing attempt has been made by Grasse management, interested only in its personal gain, and by those who were not aware of the history and

purpose of CBS to make CBA appear the villain.

This long overdue expression of tribute to the half hundred residents still in our community who contributed so much to a united community cause and to the unheralded efforts of the Directors of CBA who are attempting to carry out a responsibility foisted upon them is being submitted for local publication without the knowledge of the Directors.
