## BOARD OF SUPERVISORS CANDIDATES

**OLD CHUGIAK:** Tuesday, July 30th is the day of the Special Election at which time residents of the area presently served by the Chugiak Volunteer Fire Company will have the opportunity to vote whether or not they want a tax supported fire service district.

At this same time, they will be asked to elect three Supervisors who will serve without pay in an advisory capacity to assist the Borough Assembly in determining the budget for the Service District.

The polling place for all three voting precincts within the area will be at the Chugiak Elementary School, but there will be three separate sets of polls at the school, with each precinct represented by three election officials.

Voters will cast their ballots at the polls for their own election precinct. The school will also be the official election headquarters.

Election officials will be for Precinct No. 149 (Chugiak - Fire Lake) Noretta Kamholz, Roberta Abrams and Dale Becwith. For Precinct No. 150 (Birchwood) Emma Powers, Lois Brewer and Delores Kohring. For Precinct No. 151 Margaret Halverson, Rose Kutzner and Cleda Stephens.

The polls will open at 7:00pm and close at 8:00pm.

To be eligible to vote in this election a person must be a United State Citizen, 19 years of age or older on Election Day, one year resident of the State before election day, and 30 days residence in the borough before Election Day, and have no convictions of felony or moral turpitude (unless civil rights have been restored).

Pre-registration requirements have been waived for this special election and registration will be at the polls in a manner similar to registration for State Elections through 1967.

### HOUSING FOR TEACHERS NEEDED

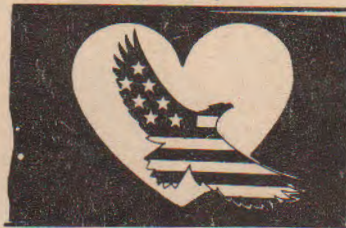

CHUGIAK: An appeal is being put forth in an attempt to locate rental housing for school teachers who will be coming to the Greater Chugiak Area this fall.

Anyone with available rentals is asked to call Chugiak High School at 688-2141 and list their housing. Please state the location, whether apartment, house, trailer etc. and the amount of rent to be charged.

Fire Company will proceed with their plans to disband, the property owners will be without any fire protection of any kind.

The 1/2 mill asked in the election will in most cases be no more than the \$10 subscription fee which the Fire Company asked from householders, and in some cases even less. These are factors that the voters must bear in mind when they go to the polls next Tuesday.

### ALL OR NOTHING

Next Tuesday residents of the Area presently served by the Chugiak Volunteer Fire Company will be offered a choice of six candidates of which they may vote for three to serve as Supervisors to a proposed Fire Service Area.

They will also be offered a choice that is not so clearly defined on the ballot. This is the choice between a tax supported, adequately equipped Fire Department.....or no fire protection at all.

Last spring the Chugiak Volunteer Fire Company, weary of struggling for years with run down equipment due to the lack of funds, served notice that they planned to disband.

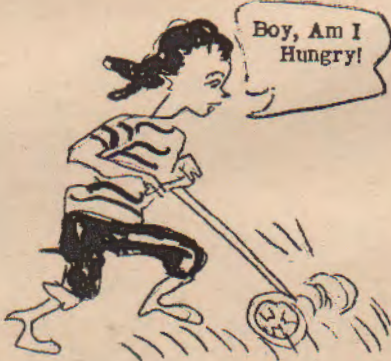

It was the result of this notice that a group of local citizens, alarmed by the thought that the community would be without fire protection as well as losing their emergency ambulance, met and started the ball rolling toward calling this special

election. The Chugiak Volunteers were persuaded to keep operating until this election would take place.

The members of the committee elected to ask for this special election, wishing to see that the local residents could maintain some sort of control on the financial side of this company, held out for the election of the three supervisor board to serve in an advisory capacity on matters of the budget. This was to assure that the mill rate would be kept down to a level acceptable to the local residents.

The Board of Supervisors is something new to the Anchorage Borough, and it was a long tough fight to get the assembly to agree to it. It would be a shame to see this victory which was won at the Borough level lost on the local front. If the voters of the area reject the Fire Service then not only will the efforts of this group be for nothing, but the Chugiak Volunteer

## LETTERS TO THE EDITOR

Dear Rusty,

Two weeks ago, you had an article on the front page telling of the theft of our car and the loss of the contents, including a valuable Bible.

As a result of the article, the various missing contents were recovered. Frank McAllister, a teenager from Eagle River, read the newspaper article the next week after it was printed. That very morning, while exploring in the woods off Artillery Road, he found the Bible, bumper stickers and several other things including the car registration, and returned them to us.

We appreciate Frank returning these articles and appreciate the help which the Knik Arm Courier gave.

Sincerely,  
Mrs. John Shaffer

Dear Martha,  
Should we be feeling guilty about something which happened?

I work in an office with a very nice woman who lives in town.

For over a year I have been urging her that whenever she and her family happen to be driving out our way to drop in and see us, but the never did.....until about two weeks ago that is.

It was a Saturday morning and we were just loading up our car for a camping trip which we had been planning for days.

Of course we apologized for not being able to visit with them, but we certainly couldn't just drop out plans for unexpected guests could we?

I tried to apologize again the next Monday at the office, and suggested that they come by and see us some other time. But she was very cool, and said "Forget it, you are obviously too busy for company?"

I feel guilty, but my husband says there is no reason to, what do you say?

Not Guilty

Dear Not Guilty,

Both you and your friend are guilty of poor manners in this case.

An invitation to "Drop in when you are coming by" is meaningless, and should not be taken seriously unless the person giving it is home all the time and is always free to entertain company.

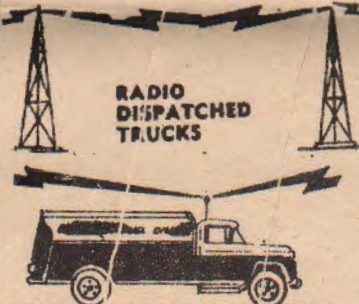

The next time you want someone to visit you name the time and make it an official invitation that they must either accept or decline.

Your friends should not have expected you to drop your plans when they showed up unexpectedly. They should have called and let you know they would be out and learned if whether or not you would be at home before dropping by.

BIRCHWOOD: The Chugiak Lion's Club summer recreation program at the Chugiak High School gym is half over now.

So far 31 junior and senior high boys and girls have paid their \$1.00 for insurance and play in the gym every Monday, Tuesday and Thursday nights from 7:00pm to 9:00pm.

Basketball is the main attraction, but many play ping-pong, vally ball or badminton, hanball, high jump or flirt, (apparently quite a few girls now attend regularly.)

Quite a number of boys are lifting weights now, enjoying the new CHS weight machine.

"Come on down and join the fun" invites Andy Kirk, Director of the program.

LETTERS TO  
THE  
EDITOR

Open Letter:

In the Borough election to be held October 1, the voters will be asked to approve a 15 million bond issue for schools which if passed will result in a 4 mill increase in real property taxes in 1969 and approximately the same increase in 1970 unless the proposed boroughwide 3% sales tax is passed in October.

At the public hearing on the Sales tax issue held by the Borough Assembly last night a preponderance of the witnesses favored the sales tax IF the revenue derived from it was earmarked for schools and/or other boroughwide services and IF it would substantially reduce the tax on real property.

Representatives of organized labor gave some indication that labor might support a sales tax if relief was given to the real property owner.

IN SPITE OF THE FACT that 64.2% of the voters of Section 1 (Peters Creek, Eagle River, Chugiak) voting in the 1965 borough election favored a sales tax if revenues were earmarked for schools and property taxes were reduced and IN SPITE OF THE FACT that all assemblymen inside and outside the City except Assemblyman Ed

Willis favor placing the sales tax issue on the ballot. Assemblyman Willis supposedly representing the majority wishes of the area he represents is fighting to keep the issue off the ballot this October in hopes that it can some how be killed by the delay.

What Mr. Willis apparently does not realize is that there is a distinct possibility that the 15 million school bond issued will be defeated in October unless property owners get some guarantee that they will get tax relief on real property in 1969.

A special meeting of the Borough Assembly will be held 8p.m. Monday July 29th for the final decision whether or not to place the sales tax issue on the ballot of the October first Borough election.
