This will be the first time to throw their hats in the political ring for Shaffer and LeDoux, but the second time around for Anderson who ran and was defeated two years ago.

All three are running for the State House of Representatives.

Five minutes later, a car driven by Louise Rydell of Eagle River was slowing down as she approached the scene of the accident, and was struck in the rear by a 1964 Pontiac, driven by Carl Hansen of Anchorage.

Damage to the pick-up was estimated at \$250, the Hansen car \$50 and the Rydell 1964 Volkswagen at \$50. None of the drivers were injured. The only citation issued was to Hansen for basic speed.

The outsize cabbages and turnips will vie with the gorgeous colors of Matanuska Valley flowers, and area housewives will show that their handwork and culinary skills are on a par with the work of women anywhere in the nation.

Tell it to Martha

BY: MARTHA COUNCIL

Dear Martha,

My wife and I have been married for fifteen years.

I want to start out by saying that I have always been an admirer of long hair on women. My wife wore her hair short when I met her, and whenever I begged her to let it grow, she would tell me that she looked awful in longhair and that was that.

About two years ago she wanted a new sewing machine. I told her that I would get her the finest sewing machine that money can buy if she would only let her hair grow long. She agreed, and I got the machine and she hasn't had a haircut in all that time.

The bad part is this. She was right. She looks like the devil in long hair. Her hair is very stiff and wirey, and while this didn't show when it was short, it looks like a fright wig now. No matter how she fixes it she looks about ten years older.

How can I get out of this without making her feel bad.

Was wrong

Dear Was Wrong,

No problem here that I can see, unless it is going to cause you pain to admit to your wife that she was right and you were wrong.

Just tell her that you agree, that she is much more attractive with shorter hair. She has a mirror and knows

what she looks like. She will probably be tickled to death to get that mop cut off. I doubt if it would make her feel at all bad, unless you are planning to take back that sewing machine.

Sincerely,

Martha Council

The meeting starts promptly at 7:30pm.

GAME PROPOSALS CALLED FOR

Augie Reetz, commissioner, department of fish and game, has announced that proposals for specific changes in the regulations for commercial fishing, sport fishing, and brown-grizzly bears are now being solicited. Such proposals must be received by the Department of Fish and Game, Support Building, Juneau

Alaska 99601, no later than 5 p.m., Oct. 4, 1968, in order to be considered by the board of fish and game at its fall meeting.

Commissioner Reetz said that the fall board meeting will be concerned primarily with changes in the commercial and sport fishing regulations. However, for the first time the board will consider changes in game regulations dealing with all other species of game will be taken up at the next regular spring meeting.

The law requires that the proposals be consolidated, advertised, and widely distributed at least 30 days before the board meets so that the public may offer comments on them; therefore, the deadline of Oct. 4 has been set in conformity with the statutory requirement.

The public is invited to submit its views on regulation changes. The proposed changes should be as specific as possible and should cite the reasons why such a change is desirable. In the past, changes of a general nature have been proposed and could not be acted upon as the intent was not known. A good example of such a general proposal would be one received from a specific locality asking that the sport fish limit on silver salmon be three. It does not specify whether this limit was proposed for that locality, area, region, or Alaska as a whole. Whenever possible, cite the particular section, such as "109.06, Weekly fishing period."

The proposals will be consolidated after the Oct. 4 deadline and will then be widely distributed and advertised so that comments on the proposals may be received and reviewed by the Board at its fall meeting.

COPPER RIVER BISON HUNT SCHEDULED

The middle Copper River area will be open to bison hunting this fall commencing at 10 a.m. on Oct. 12 for the taking of 15 mature bison, according to Ronald J. Somerville, regional game supervisor, Alaska department of fish and game.

"All hunters are required to check in and out through the Fish and Game check station which will be located at Gulkana Airport. Registration can be accomplished beginning at 8 a.m. Oct. 11," Somerville said.

The hunt will extend from Oct. 12 through Oct. 27 unless 15 bison are taken prior to Oct. 27, in which case the season will be closed by field announcement. All successful hunters must report their kills to the check station within 24 hours.

Somerville described the area as "bounded on the north by the Sanford River; on the west by the Copper River; on the south by the Kotsina River from its mouth to Granite Peak; and on the east from Granite Peak

along a line due north to the boundary of Game Unit 11, thence along the boundary between Units 11 and 12 to the Sanford River."

Developments of the hunt will be broadcast over Glennallen radio station KCAM (790 on the radio dial) each day. All hunters will be required to have a transistor radio capable of receiving on 790 K.C.

Somerville added, "The area open for bison hunting is accessible only by aircraft or by riverboat."

All junior and high school students age 14 or older are invited to participate in the conference, which is designed to develop the leadership potential of Alaska's youth.

Participants will practice leadership by serving on committees and joining group discussions and will learn techniques of leadership through workshops on parliamentary procedure, family life, group dynamics and effective committee organization.

A recreation program will include swimming, cookouts, parties, dancing, singing and a boat trip. Tours will be to the

National Aeronautical and Space Administration site at Gilmore Creek and to the Fairbanks community.

More than 100 4-H junior leaders, Future Homemakers, Boy Scouts, Girl Scouts, Campfire Girls, Future Farmers of America and others are expected to attend the six-day conference, this year titled: "Leadership Is . . ."

The area served by the Chugiak Volunteer Fire Company is now a borough tax-supported Service District as the result of a special election held last month. This ordinance applies to business firms and individuals.

Other important points in the ordinance prohibit the use of cesspools, including existing cesspools and require that ALL sewage systems hereinafter installed be inspected by the Department prior to covering.

The Borough Sanitarian stated that while this action may seem drastic to some, it is long overdue and is the only way that we can effectively prevent the rapidly developing areas of the borough from experiencing the pollution problems presently confronting many of the already developed areas where sewer is not available.

CHS YEAR BOOK ADVANCE SALE

BIRCHWOOD: Students picking up their schedules for the 68-69 school year at Chugiak High School will be able to pay for their yearbooks in advance.

This years early sale will facilitate the ordering of the books and will cut production costs, helping to keep the yearbook cost to the student at \$5.00.

Advance sales of the "Mustang Round'Up" will also be in effect at this time. The nineteen issues of the newspaper will be printed during the school year. The cost of a year's suscription is \$1.00. Without a subscription each issue will be 10¢. The total price of the yearbook and the newspaper will be \$6.00.

Activity cards may also be purchased at the time students pick up their schedules. The cost of these cards is \$6.00.

Activity cards admit the student to all basketball, hockey and football games. Without this card, attendance to these sports events would cost from \$30 to \$4C.

U OF A TELLS OF REGISTRATION CHANGE

A change has been made in the hours of registration for the University of Alaska's fall semester, giving continuing students from last semester an opportunity to register early.

Mrs. Laura E. Jones, UA director of admissions and registrar, announced that students should register Saturday, Sept. 7. According to this schedule of hours:

Continuing students — 8:30 to 11:30 a.m., seniors and graduate students; 9:30 to 10:30 a.m., juniors; and 10:30 a.m. to 12:30 p.m., all other students continuing from last semester.

New students and those enrolling from previous semesters— 12:30 to 2 p.m., last names beginning A-F; 2 to 3:30 p.m., last names beginning G-M; 3:30 to 5 p.m., last names beginning N-S; and 5 to 6 p.m., last names beginning T-Z.

Mrs. Jones said that any students unable to register during the day at the designated hours may enroll from 6 to 8 p.m. Since there is only one day for enrollment, she explained, no other exceptions can be made to these registration hours on Sept. 7.

During registration, all full-time and regular part-time students may obtain enrollment materials in the basement hallway of the Bunnell Building. All part-time express (non-degree) students may obtain materials from the Registrar's Office on the first floor of Bunnell.

Mrs. Jones said incoming students are required to have the results of either a T.B. Tine test or a chest X-ray on file with the University Health Service before they can be register-

ed. The test or X-ray must be one made since Jan. 1, 1968.

T.B. Tine Tests will not be given by the university during registration as in past years, Mrs. Jones said, advising students to file the information with the health service before Sept. 7 to avoid delay in registering.

Inquiries about the tests should be made at the University Health Service, 479-7500. The health service is located in Building 507 behind Constitution Hall.

CAUSE OF OUTAGE TOLD

A tree falling into MEA's 34.5 KV transmission line in the Knik area the afternoon of Aug. 7 resulted in a system-wide outage with the exception of the Eagle River-Chugiak area, Dick Anderson, electrical operations superintendent, said this week.

The outage occurred at 3:23 p.m. and power was restored to Palmer at 4:05 p.m. Wasilla went back on the line at 4:32 p.m., and power was restored at Site Bay at 7:12 p.m.

CHS FOOTBALL FOOTBALL TEAM NOW PRACTICING

BIRCHWOOD: Twenty six Chugiak High School boys have turned out for football, and are practicing every day, according to Nels Nichols CHS football coach.

Coach Nichols is still accepting players, and any boys in grades 9 through 12 who are interested in getting on the team are told to come on down to practice.

This will be the first year for Chugiak to field a football team. The Mustangs will play Junior Varsity football this year, but can expect to field a Varsity team in 1969.

The schedule should be made up by this coming Thursday, but it is expected that the first game will be played on Saturday, September 14th.

All games will be played in Anchorage for lack of a suitable field in Chugiak.

GAME BIRD SEASON OPEN

The grouse and ptarmigan seasons opened Aug. 10 in Game Management Units 7 and 9 through 26 and on Aug. 1 in Units 1 through 6, according to Sterling Eide, game management biologist for the Alaska department of fish and game.

"It looks like it is going to be a good year for upland bird hunting. Reproduction is good," said Eide.

Hunters should keep the general habitats in mind if they wish to hunt one of the three species of grouse in the South-central Region. Ruffed grouse are generally found in the deciduous (leaved) forests, sharptailed grouse are mixed brush and grassland inhabitants, and spruce grouse are spruce-birch forest dwellers, Eide said.

"The three species of ptarmigan are found in the treeless areas of Alaska," he added.

The daily bag limit is 15 grouse and 20 ptarmigan in all units except Units 1 through 6, where the bag limit on grouse is 5 per day. The possession limits are twice the daily bag limits. There is no open season on grouse in Unit 8.

JV CHEERLEADERS PLAN DANCE

EAGLE RIVER: The Chugiak High School Junior Varsity Cheerleaders are sponsoring a dance to be held on Thursday August 22nd.

The event will take place at "The Barn" at mile 15. Dancing will start at 8:00pm and last until midnight.

Admission is 75¢ stag and \$1.25 drag.

There will be live music and refreshments will be available.

All teen aged youth are welcome. Proceeds from the dance will be used to help buy uniforms for the Cheerleaders.

FAIR PREMIUM BOOKS HERE

With 1968 Alaska State Fair premium books becoming available this week, prospective exhibitors are making active plans which will hopefully lead to a sheaf of blue ribbons and a bundle of prize money.

Most exhibits should be brought to the grounds south of Palmer on Thursday, Aug. 22, before 9 or 10 p.m. (Check the premium book for the exact times for the departments in which you will be exhibiting. Closing time for livestock, for instance, is 5 p.m.)

The Ladies Auxiliary to VFW Post 9365 will supervise five booths this year — needlework and handwork, art, baked goods, canning, and crafts and hobbies. The Palmer Kiwanis Club will supervise the crops department. Other superintendents are L. M. DePriest, livestock and horses and burros; Elsie Hill, poultry and rabbits; Lois Feaster dressmaking and "Over 70"; Margaret LaWalter, flowers; Margaret Schroeder, educational; and Harold Dinkel, superintendent, with Mrs. James Hulbert, assistant superintendent, 4-H exhibits.

The big Alaskan vegetables will be exhibited out of doors this year, on a specially constructed vegetable stand, with an eye to keeping them fresh for the 11-day fair.

Livestock will be shown under cover in last year's exhibit building, which has been remodeled to serve as housing for this purpose.

All the other exhibits including colorful Valley flowers, will be shown in the new Don Irwin building, which will be dedicated by Governor Hickel on Saturday, Aug. 24.

LONG DISTANCE RATES TO BE CUT

Toll rates or long-distance telephone and private line channel services in Alaska will be reduced to an estimated \$2 million a year effective Oct. 1, the Air Force announced this week.

The rate reductions are the largest in the 66-year history of the Air Force - owned Alaska Communications System. The changes include:

(1) Reduction of rates on all long-distance calls within the state of Alaska. The reduction averages 14 per cent with the larger percentage reductions reflected in the longer distance type calls.

(2) Reduction of rates on station-to-station calls at night and on Saturday and Sunday between Alaska and the 48 states. The overall percentage of reductions is 17.7 per cent.

(3) Reduction of rates for leased line service for voice and teletypewriter services for an overall reduction of 19.1 per cent.

ANOTHER COFFEE FOR CHICK

EAGLE RIVER: Mrs. Raymond E. Monroe, Chairman for "Click with Chick", has announced that a "Meet the Candidate" coffee will be held in Eagle River to honor, Clarence E. (Chick) LeDoux Jr., local candidate to the State House of Representatives.

The event will take place at the residence of Mr. and Mrs. James Connell on Park Place off the Glenn Highway at Mile 14 1/2, between the hours of 8:00pm and 10:00pm on Sunday, August 25th.

Other candidates for National and State offices have indicated that they will attend this coffee.

All residents of the Greater Chugiak Area have been asked to attend and meet all the candidates.

Mrs. Monroe stated that this will be the last opportunity to meet these candidates before going to the primary polls on Tuesday, August 27th. She said that Mr. LeDoux and the others have commitments in other precincts in this district after next Sunday.

LOCAL POSTMASTER CITED

CHUGIAK: Postmaster Pal G. Swanson has been commended by Glen R. Johnson, National Director of the U.S. Savings Bonds Division, for his leadership and service to the Treasury's School Savings Program.

In a letter to the Postmaster, Mr. Johnson said, "We are once again counting on your leadership and cooperation for the successful operation of the School Savings Program in local communities. A large measure of the success of this program is due to the fine service you and your personnel provide."

Mr. Johnson also pointed out the recent increases in the interest rates of Savings Bonds and Freedom Shares, noting that Freedom Shares are now available for over-the-counter purchase with Series E Bonds of the same or larger denomination.

Many Chugiak schools offer School Savings, part of the nationwide Savings Bonds Program. Savings Stamps in five denominations, from 10 cents to \$5 are on sale at all times in the Post Office and on Stamp Day in schools.

As pupils fill their albums which are provided free, they exchange them for U.S. Savings Bonds at their bank.

Postmaster Swanson said, "We are happy and proud to offer this service to the youth of America. I know of no better way to teach both thrift and civic responsibility than by encouraging our young folks to buy Savings Stamps and Bonds. In this way, they really share in America."

MEET THE CANDIDATES

EAGLE RIVER: Voters of the Greater Chugiak Area will be given an opportunity to see and visit with the Republican candidates running for U.S. Congress, Senate District E and House District 8 at a buffet to be held at the RED BARN, Eagle River on Sunday afternoon August 25th, from noon until 5:00pm.

U.S. Representative Howard Pollock has rearranged his schedule to allow for his attendance during the afternoon.

All interested and concerned voters are invited to visit with the candidates and to partake of the buffet furnished by the local Republican precinct workers.

LOOPERS TO MEET

BIRCHWOOD: The Birchwood Loopers Homemakers Club sponsored a picnic for 20 patients from the Alaska Psychiatric Institute at Goose Lake last week.

The next regular meeting of the Club will be on Thursday, August 22nd, at the home of Daphne Monroe.

The club will hold a White Elephant sale at this meeting. All members are reminded to bring their pillow cases.

ARE THOSE POLITICAL SIGNS LEGAL?

The Department of highways
 and department of public safety
 warned all political office seek-
 ers and their campaign workers
 this week that political posters
 and signs are not be placed on
 a highway right of way. The
 placing of any type of sign on
 a right of way (except author-
 ized directional signs) is illegal
 and jeopardizes federal funding
 for such highways, the state of-
 ficials said.

All persons responsible for the
 placement of signs along the
 highways are requested to check
 with the right of way section,
 department of highways (phone
 272-1541), to determine the width
 of right of way before posting
 such a sign. Those who have
 already posted signs should al-
 so check with highway right of
 ways to determine if the signs
 are legally installed.

It has also been noted a nd
 numerous complaints are being
 received that some political
 signs are blocking the vision of
 motorists at busy intersections,
 creating a serious traffic hazard.
