BIRCHWOOD: An informational meeting on use of narcotics by teen-agers will be held on Thursday, January 23rd at Chugiak High School for interested parents and adults.

EAGLE RIVER: Residents of the area presently being served by the Eagle River Volunteer Fire Company will be asked to form a tax supported Fire Service District at a special election to be held on Tuesday, January 28th.

The polling place for both the Eagle River precinct and the Eagle River Valley precinct will be at the Eagle River School. This is for expediency, and for this special election only. Two separate sets of polls will be located at the school, and voters will cast their ballots at the precinct polls for the area in which they reside.

The polls will open at 7am and remain open until 8pm.

Any residents of Service Area 9 (as this area has been designated) are eligible to vote in this election, providing they are 19 years of age on or before the date of the election, and have lived in the State of Alaska for at least one year, and 30 days in the greater Anchorage Area Borough.

Any voter who will not be in the area on the day of election may obtain an absentee ballot from the office of the Borough Clerk at 104 Northern Lights Blvd, in Anchorage.

If passed, the ordinance will ask for 1/2 mill in taxes for Fire Protection.

Until this time, the Eagle River Volunteer Fire Company which serves this area has depended on voluntary subscriptions of \$12 per year from residents of the area. Only a small percentage of the residents paid this subscription, making some other means of public support necessary.

The Chugiak Volunteer Fire Company, which had sustained the same financial problems had petitioned for a tax supported fire district last spring. This was voted into law at a special election last summer.

As in the Chugiak Fire District, a 1/2 mill tax is being asked in Eagle River.

Dear Editor:

A special election will be held on Tuesday, January 28, 1969 in the Eagle River Area for the purpose of voting on the following proposition.

Shall the power of fire protection exercised in the manner of a first class cities be delegated to and exercised by Service Area Number Nine of the Greater Anchorage Area Borough. The mill rate for the period 1969 through 1970 may not exceed 1/2 mill each year."

The polling place will be at the Eagle River School for both the Eagle River and Eagle River Valley precincts. The polls will open from 7am to 8pm.

This proposition, with the exception of an elected Advisory Board of Supervisors, is similar to the proposition that the Chugiak area recently passed by a wide margin.

An earlier request to have this proposition placed on the last October Borough ballot was defeated by the Assembly because the majority of the Assemblymen did not want to establish another Service Area Supervisory Board until enough time had elapsed for the Borough Administration and Assembly to determine if this type of Board would work successfully.

In deference to those Assemblymen, the idea for a Supervisory Board was dropped from this newer proposition. We can go back later for the Board when the climate at the Assembly level is a little more favorable.

This is an opportunity for all of us as residents to support on a more equitable basis the very dedicated group of

men and women in our Volunteer Fire Department. Approximately 33 percent of our residents now support it financially. It is becoming more and more difficult to finance this vital service--operation, maintenance and repair of equipment and capital improvements to buildings, etc.--through voluntary and private sources as more and more demands are made upon the department through rapid community growth.

Further, there is now an opportunity to take advantage of certain business license rebate funds that would otherwise be lost to the community. The Assembly recently established a policy that these funds would go back to legally established service areas to insure greater equitableness with the City of Anchorage in their disbursement. Based on a tax base of approximately \$9,000,000, for the service area, these rebates would amount to approximately \$2,500 before July 1 for the next fiscal year.

this would total approximately \$2,500 before July 1, 1969. For the next fiscal year this would total approximately \$6,000. The 1/2 mill rate would raise approximately \$4,500.

What would a 1/2 mill rate mean in additional taxes to you as a taxpayer?

It would mean 50 cents for each \$1,000 tax assessment. If your total tax assessment was based on \$10,000 valuation, you would pay \$5.00 per year. If \$20,000, you would pay \$10.00 additional per year for fire service. Presently the voluntary contribution is \$12.00 per year for those who pay it.

Assuming favorable passage of this proposition the first proposed annual budget with established priorities for expenditures would be submitted to the community for appraisal and comments before going to the Assembly for final action.

I wish to point out that this

Tell it to Martha

By: Martha Council

Dear Martha,

I have a neighbor who has a very bad habit. She is all the time hinting that she wants someone to do something for her.

Like she will hint that she doesn't have a way into town, and I can tell she is hoping I will ask her to ride in with me. Or she will hint that her clothes dryer isn't working, and this means she is hoping I will say bring your clothes over and use mine, and soon.

Now, I think if she wants a favor, she should come right out and ask it, instead of beating around the bush. I am a very good friend of hers, and she doesn't have to play games with me. Don't you agree?

Hates hints

Dear Hates hints,

No, I don't agree. Can't you see that your friend is giving you the opportunity to

offer to help her out, and if you don't want to extend the favor at that time, she has spared you the embarrassment of having to say "no".

If you want to take her to town, or let her use your dryer, then offer it, and you can be the "Good Guy". If you don't want to extend the favor, then just pretend that you don't get the message and no hard feelings. Be grateful that you have a friend who is so considerate of your feelings. She could just as easily put you on the spot by asking right out and forcing you to either grant favors you don't wish to, or having to crawlfish around trying to get out of saying yes.

Sincerely,

Martha Council

TWO HURT IN 3 CAR PILE-UP

EAGLE RIVER: Two people suffered minor injuries in a three car rear end pile up at mile 14 1/2 last Sunday, January 19th.

The chain reaction started when Millie Margaret Brown, 55, mile 18 1/2 stopped prior to making a left turn. Charles A. Johnson, of Moosehorn Apartments in Old Chugiak, who was following in a 1964 Pontiac sedan also stopped. However the third car, a 1968 International Travelall, driven by Eldon Gallear, of Eagle River was unable to stop in time, and struck the Johnson car, pushing it into the 1968 Mustang which Mrs. Brown was driving.

Injured and taken to the 5640 Air Force Hospital, were Joyce Shey, of Moosehorn Apartments, and Mrs. Brown. Damage to the International was estimated at \$400, to the Pontiac at \$100, and the Mustang at \$75.

Gallear was cited for basic speed by the Alaska State Troopers.
