**GEORGIE PREG, (left) AND MARGARET RIPLEY OF THE CHUGIAK LADIES CLUB STUDY MAP AS THEY LOOK FOR POSSIBLE BABE RUTH FIELD SITES. (See page 5 for story)**

**EAGLE RIVER:** Two retired Air Force men were drowned in Thompson Lake near Eagle River last Thursday night, according to Lt. Talbert of the Ft. Richardson Public Information Office.

The victims were Ret. T/Sgt. Joseph V. Rouse and Ret. S/Sgt. Ralph Williford, both of Anchorage.

Witnesses at the scene reported that the men had been fishing from a kayak when the craft capsized. Neither man was wearing a life jacket. Military regulations require that anyone taking a boat on water on a military reservation must wear a life jacket. Thompson Lake is located on the Ft. Richardson military reservation, approximately one and a half miles from the Eagle River Inn. Lt. Talbert also reported that the kayak was not equipped with outriggers, also contrary to military regulations.

A spectator at the scene reported seeing the men standing up in the boat and casting.

When the boat capsized, throwing the men into the water, Sgt. Earnest A. Finley, of Ft. Richardson, who had been fishing on the shore of the lake with his two small children, jumped into the water and attempted to rescue the men.

A witness of the incident stated that Sgt. Finley didn't even stop to remove his clothing. He said that the man who Finley was trying to save had panicked and was struggling with him. When Finley was able to bring the man in, it was discovered that the man was dead of drowning. Finley himself was overcome by exhaustion and in serious condition.

An unidentified woman drove to the Eagle River Inn to try to get help. Ray Freeman, of Eagle River, who was at the Inn at the time, and happened to have a mobile radio unit in his car, contacted another citizen band operator in the area and asked him to call for help, and then returned with the woman to the lake.

Chugliak REACT, the local citizen band radio operators monitoring group, and the Eagle River Volunteer Fire Company, rescue unit responded. The Eagle River Ambulance transported Finley to the 5040th Air Force Hospital, while REACT assisted

**OPAG NEWS**

By: Pat Sherman, Community Aide for OPAG

Last Friday we were all bussed into Anchorage for our OPAG meeting.

Our genial driver, Grover Cummings, always has some sort of contest for each trip, with a prize for the winner. He contends that by giving us balloons, gum or cracker contests, he can keep our mouths busy, and therefore give his ears a rest from our melodious voices beating out the old time tunes. Sometimes we really do beat them to death! There are times when we either forget the words or the tune, but we enjoy our singing any way.

Mr. Cummings was very conscious of the fact that we had an out of state visitor with us. She is Blanche Moran, who

is visiting her daughter Madeline Mackey, who is the daughter of the Harry Mackeys, who are members of OPAG. Clear?

Blanche is a whale of a good sport, as she withstood Grover Cummings heckling, and was a definite asset to our singing group.

We are more than thrilled to learn that a "Good Neighbor" has offered to do the hair-dressing for the OPAG ladies. Now the gals can have their get together, and become beautiful aall at the same time.

One man has volunteered to be a part time overseer for our brush cutting boy. This gentleman can assist for short periods of time only, and only once in a while. If there are any men who can donate one or more hours as overseers, we certainly can use their help.

We also need one or more boys to help clear brush. To apply for either job, contact Pat Sherman at the new center or at home, 688-2210.

Some day this will be your center, so any help you can give us now will benefit you when you are fifty five or older.

These are some of the items needed to help finish up the Center building.

Two outside glass top doors, six sheets of plaster board. These do not have to be full sheets. We can also use pieces to patch up wall sections that have had large holes punched through them. Scraps of outside insulating material to close in under the back of the building. Boards 2 inches wide to use as molding between the wall and ceiling. Plywood, 24 inches wide to fill in between the rafters on the outside of the building.

The last item is needed to keep out the cold air, and the squirrels.

The building has a foul odor which we feel is caused by these unwanted attic tenants. If anyone has any suggestions for eliminating this odor, and discouraging these squatters, please call us.

Come visit the Center, You may be ready to throw out

some item that we can use. A visit will benefit all of us.

We hope to have a rummage sale in the future to help raise funds for our well. Any clean clothing and all household items will be needed.

The Best Line household cleaning products may be had by calling Peg.

Your aides - Pat Sherman, 688-2210 and Peg Tissington, 688-2518.

This was the 2nd attempt to hold this meeting, the one in June being cancelled due to lack of a quorum.

**LETTERS TO THE EDITOR**

Dear Editor,  
I have been a constant reader of the Knik Arm Courier ever since it was started. I live in one of the South Forty eight States, and have heard and read about Alaska for many years. Many of the stories that are told about Alaska in those states are strange indeed, as many of your readers are aware. This year I was able to fly here and see for myself, I was very pleasantly surprised at the wonderful climate here. On a sightseeing trip which I recently took, I found the scenic beauty of your mountains and river well worth coming so far to see. I also experienced the fine cooperation typical of Alaskans when I experienced a mishap on one of your roads when I was, as it seemed to me, miles from a habitable area. I will close with this thought, Alaska is one of the brightest stars in our flag.....may it continue to shine for all of us.

Yours truly  
Max Weintraub

**LITTLE LEAGUE PLAYER HURT**

EAGLE RIVER: A Knik Little Leaguer was injured during the Friday night game between Eagle River Shopping Center and the Eagle River Lions at the Eagle River Little League diamond.

The injured boy was Lyle Straight, a pitcher for the Shopping Center team.

According to a report from a league official, Lyle had been running to second base when he tripped and fell. He apparently struck his knee against a buckle attached to the base bag and cut his knee severely.

Lyle was taken to Providence Hospital by the Eagle River Volunteer Fire Company Ambulance where stitches were taken.

He is reported to be in good condition.

**LADIES CLUB SEEKS BABE RUTH FIELD LOCATION**

BIRCHWOOD: The Chugiak Ladies Club, at their last regular meeting, hear a report from a field committee who had examined several parcels of State owned land in the lower Fire Lake area, to determine if there might be one suitable for a Babe Ruth field.

The Ladies club, who have undertaken as their primary project youth recreation, are trying to establish a second Babe Ruth diamond in the Greater Chugiak Area. With four Little League teams graduating players each year, the Club feels that there is an urgent need for at least one more Babe Ruth team to enable more of these boys to continue playing baseball.

In addition to checking into public land, the Ladies Club are considering use agreement with private property owners who might have unused acreage that they would be willing to have developed into a Babe Ruth field. In the case of the latter, because of the cost involved in preparing

### L.L. RAFFLE SCORING BIG

**CHUGIAK:** Tickets for the "mini-bike" being raffled off by the Knik Little League are going like the proverbial "Hot Cakes", according to League President Herb Goedel.

All most all of the 600 tickets have been sold, according to Goedel.

The bike was donated to the league by Danny Jenssen, of Danny's Union 76 Service in Eagle River.

### LIONS SUMMER REC. PROGRAM UNDERWAY

**BIRCHWOOD:** The Lions Club sponsored summer recreation program is in full operation at Chugiak High School, according to Andy Kirk, director of the program.

The high school gym will be open every Monday, Wednesday and Friday from 7pm until 9pm until school starts in the fall. The program is open to both boys and girls in junior and senior high as well as Chugiak High School graduates. Only the boys are permitted the use of the showers.

Kirk stated that during the first week, operation was rather limited because the gym floor had just been varnished and only sock-feet or bare feet were permitted. He said it slowed down the basketball games and caused many a blister.

Kirk reported that gymnastics is very popular this summer, with both boys and girls. He said he has set up the horse, balance beam, rings and a tumbling area. Roy Stadlbauer, from AMU, has been helping the high school students with the horse, rings and gymnastics.

Some boys have been wrestling in the area set aside for this sport, and several boys are lifting weights on a training schedule in another part of the gym. Butch Richner is helping Kirk supervise the weight lifting.

The ageless favorites of ping pong and volley ball get average use, while a constant game of basketball occupies one half of the gym.

A combination pole vault and high jump pit is also being used for fun and practice. Outdoors, the shot, discus and hurdles get occasional use.

Kirk added that anyone who plans to participate must pay one dollar for liability insurance. Insurance is effective as soon as Kirk receives the money.

# Tell it to Martha

By: Martha Council

Dear Martha,

I know you are going to think this is a made up story, but I swear on my Grandmother's grave that every word of it is true.

My parent seperated seven years ago. It is against her religion, so mother wouldn't give my father a divorce.

I got married soon after that and moved here with my husband. When I was expecting my first child, my mother came up here to help me. She is still living here. She has moved in with this man who is at least ten years younger than she is, and everyone thinks they are man and wife.

Last year my Dad retired and he too came up here to live.

My problem is this. My mother doesn't want my father to find out that she is still up here and that she is living with this man, as she is afraid he will stop the support money he sends her.

I have to make sure that my father never visits us when she and her "roommate" are here. One time I had to stall my father in his car in the driveway while she made her get-away through the back-door.

She has the children call her "Aunt Betty", and her "friend" is "Uncle Bill". If they mention them to my Dad I am to explain that they are close friends who the children just call "Aunt" and "Uncle".

Martha, I am a nervous wreck trying to keep my parents from running to each other. My husband says he is not going to put up with it

much longer. He said that no only is my mother making a liar out of me, but she is making liars out of the children too.

I love both my parents, and don't want to hurt either of them, what can I do?

In the middle

Dear In the middle,

Tell you mother that you are not going to cover for her any more. If she doesn't want her husband to know how she is living and with whom, then she should make it a point not to go anywhere that he might see her, and that includes your home.

Your husband is right, to ask your children to lie to cover for their grandmother is wrong. Especially when they are supposed to think of her as an Aunt.

Your mother must be a remarkable person. Who else would think adultery less of a sin than divorce?

Sincerely,

Martha Council

## TIPS FOR MILADY

It is a good idea to pre-shrink your fabric before cutting out a pattern. It is also a good idea to preshrink any seam tape, zipper, or any cloth trim that will be sewn onto the garment before attaching. This will prevent puckering of the material when laundered.
