

FUNDS APPROVED FOR EAGLE RIVER SEWERS

THIS COLORFUL GROUP ENJOYED A HAWIIAN LUAU IN CHUGIAK LAST WEEKEND. (See page 7 for story)

EAGLE RIVER: The Farm-Home Administration yesterday approved the Eagle River sewer improvement district.

This is an area bounded roughly by Glenn Highway on the West, Eagle River Loop on the North, by undeveloped land on the East and Monte Road on the South and including the Eagle River School and Eagle River Mobile Home Court.

The FHA is providing a loan of \$370,000 over a period of 40 years at 4 3/8% interest, and a grant of \$244,000.

The project is one sponsored by the Greater Anchorage Area Borough, who will be assuming all responsibility for construction of the system and assessing and collection from the property owners, as soon as the petitions are approved by the Borough Assembly.

The engineering firm of Thiel and Renshaw feel that the system can be completed by July 1, 1970, and the first assessment will be made January 1st, 1971.

The cost under the plan accepted by FHA will be 10¢ per square foot of property owned if paid in one lump sum, or at 6/10 of 1 cent per year, which includes interest. In addition, a \$5.00 monthly service charge per home for maintenance and operation of the system.

During the past 3 weeks, petitions have been circulated throughout the proposed area in an attempt to contact every property owner, and give each one an opportunity to sign.

The Engineers are now waiting for the petitions, from which they will determine finally boundaries of the sewer improvement district.

These petitions must be in their hands by July 15.

Any property owners within this proposed area who have not had an opportunity to sign and wish to do so, may contact Ed Willis, Clarence Lamay, Stanley Nickerson or Glenn Briggs.

Borough law requires that a 51% of those residing in the district sign the petition before the project will be approved.

A public hearing will be held up prior to the project being voted upon by the assembly.

This sewer district is the result of three years of work by the local group.

BLM FIGHTS PETERS CREEK BLAZE

PETERS CREEK: Approximately 20 D.L.M. emergency fire fighters are mopping up the 6 acre "Needel Fire", which broke out last Sunday afternoon.

The fire is located high on a mountain side, south of big Peters Creek, approximately 2 miles from the Glenn Highway.

The "Needel Fire" (so designated after Gene Needels who first reported it) is located on Government land.

The Chugiak Volunteer Fire Company was unable to get their equipment into the location, and the BLM had to use their large helicopter to fly the fire fighters in.

This helicopter is equipped with a "bucket" which is slung underneath the copter. The bucket has a capacity of 350 to 400 gallons of water, and was able to scoop buckets full of

NINE YEAR OLD IS DRAFTED

SEWARD: Nine year old Kenny Kirk was drafted into the Mustang Athletic Club when it was discovered that they were one short of the required number to participate as a team for the Junior Division of the Mt. Marathon race.

Four members are necessary to make up a team, and at the last minute only three of the club members who had been training for the race showed up.

Kenny, son of coach Andy Kirk, who had come along to act in capacity of handler for the Mustangs was pressed into service, the only requirement being that he complete the race.

The Mustang A.C. did quite well in the race, according to Coach Kirk. Phil Best came in 4th place, and Bob Shepard, who had gotten a poor position at the start, finished strong in 7th place.

PETITION TO ASK FOR LOCAL STATE TROOPERS

CHUGIAK: A petition which will be circulated among all the residents of the Greater Chugiak Area is being drawn up by a group of interested citizens.

This petition will ask the Commissioner of Public Safety that the State Troopers who in years past were assigned to cover the local area be restored.

At present the area is occasionally patrolled by a State Trooper from the Anchorage office.

For a number of years until 1967, two State Troopers had been assigned to this area, and made their homes here.

It is the belief that it is since their removal that the local crime rate has risen.

OPAG NEWS

by: Pat Sherman Community
Ide for OPAG

This last week has been a very busy one for your aides, Peg Tissington has had extra emergency trips into town, and have had to be away from the office all week.

If you have tried to reach us and couldn't please bear with us until we can get back on schedule.

Until we can find a man with a car who will take over the job of overseeing the boys as clearing away the brush and the new Center, Pat Sherman will have to be there every day.

If you are out for a drive, stop and say hello, you are always welcome. Even though we haven't moved into the center we are working on it.

The new Center is located on 21st Street, 20 1/2 and 21.

It is on the S.W. corner of the intersection of the Palmer Highway and the new Birchwood Loop Road.

We would like to thank the people who have been donating household items, and rummage to OPAG. This week we received a bed pan to add to our hospital type supplies which are in demand quite often. Pat and Peg are the ones who receive the heartfelt thanks when we are able to loan a needed item to one of our ill members, but it is you, the people in the community who make it possible for us to meet these needs by your donations.

There are two girls who would like to do ironing in their homes. One girl is looking for any type of housework, or babysitting.

We have a job opening for an older woman as a baby sitter.

One of our members is looking for part time garden work.

Remember to contact Peg for Best Line Household products.

HONOR STUDENT HAD NO OTHER SCHOOLING

Cynthia Warbelow, a young lady who had never been to school before she enrolled at the University of Alaska, has graduated with high honors, magna cum laude.

Cynthia received her elementary and secondary education by correspondence through the Department of Education. Courses were mailed from the Department of Education directly to Cynthia's home, Mile 1338 1/2, Alaska Highway near Tok, Alaska.

For 12 years Cynthia's mother was her "home teacher," directing Cynthia's studies and

issuing tests which were mailed back to the Department for correction and study hints. Cynthia went on to the University of Alaska directly from her home study course.

She completed the requirements for her bachelors' degree in seven semesters at the University, receiving "A's" in every course except one physical education course in which she received a "B." Her grade point average was 3.97 out of a possible 4.0!

Cynthia, majoring in biology, was this year's winner of the Marion Boswell Memorial Award as the outstanding senior woman at the University.

The fire is presently under control, aided by the rain which fell Monday night.

A spokesman for the BLM said that the fire was obviously of human origin, but it was impossible to say who had started it or when.

He said that because of this unusually dry spell, fires some of which were started in April, are still burning.

Kirk stated that both Best and Shepard beat several men who had beaten them consistently last spring. Henry Theodore, who finished third for the Mustang A.C. was back in the pack, and Kenny Kirk was way back, but finished none the less.

The Mustang A.C. came in 4th place out of the 9 teams entered.

There were over 60 runners who started in the Junior division.

Louis Doores was the only senior entry from Chugiak. Louie was not in running condition, but ran for the experience and to get in shape for going into the Marines.

The flag raising was conducted by members of the Chugiak Post of the Veterans of Foreign Wars and the Chugiak Boy Scouts.

FIRE CO. FLOAT WINS 1st PRIZE: A comic interpretation of a grim subject won first prize for the Chugiak Volunteer Fire Co. at the July 4th parade in Anchorage.

The float which was the product of the imagination and labor of the firemen themselves, depicted a fire-gutted "Chic-Sale" being chased down the street by a fireman clad in a fire helmet and a red flannel night shirt. Being towed by the fireman was the mascot of the Chugiak Vol. Fire Co., a pink swaybacked, cow-moose. This unfortunate creature was being towed by a length of fire hose which appeared to be a part of her anatomy. Two fire buckets were slung over her back, and a red lantern hung around her neck. A small hand operated siren completed the overall picture. The red gowned fireman was Chick LeDoux.

CBA ANNUAL MEETING RESCHEDULED: The annual meeting and election of officers of the Chugiak Benefit Association, which was postponed last month due to the lack of a quorum, has been rescheduled for July 16th, at 8pm at the Carnival Grounds.

Tell it to Martha

By: Martha Council

Dear Martha,

Last week my daughter was asked to baby-sit for some people.

About eleven o'clock a man came and pounded on the door. When she wouldn't let him in, he became very angry and insisted that he lived there. She went into the room where the children were sleeping and locked the door. When he finally left, she called me. She was terrified, so her father and I came and got her. I took her home and her father stayed with the children.

When the parents returned, he told them what had happened. They said that the man was the woman's brother, and he did live with them when he wasn't out working in the bush.

They were put out with my daughter for not letting him in. My husband really told them off for not explaining this to our daughter beforehand.

They said that they had not expected him home that night, but still insisted that our girl had no right to refuse to let him in his own home.

I guess the exchange of words got pretty hot before my husband left.

Our daughter is now angry with her father, as she says he probably lost her a baby sitting customer. I think she is better off without it, do you agree?

Who needs them

Dear Who etc.

I agree with you. Who does indeed need them. They should be grateful that your daughter refused to admit a strange man into the house

when she was babysitting with their children.

To expect a young girl to babysit with an adult man who she doesn't know present is presuming too much. Tell her I agree....Who needs them!

Sincerely,

Martha Council

Dear Editor:

Most of us had never before. Some of us had seen other or heard the protes the other at a recent sc board meeting. But at the organized meeting of "Concerned Parents" were all of one mind. Fo... all had the youths conce very much in mind.

The extremely importa function of the Concern Parents organization is make citizens of our commu ity aware of the sexeducati program used in our school. You've probably read articl about sex education in the lo er 48, but there's no protec ion in the length of the Alask Highway. These courses ha been being taught in our scl ools for some time.

At times the press has cal ed people protesting sex education "extremists" o "anti-sex". We've bee quoted statistics on how larg a percentage of parents favo sex education. Have you bee asked your opinion? And if yo were, with your healthy at titude toward sex or famil living or any of the variou: names this program is pass ed nnder, you would very probably approve. But have you checked into the programs yourself? How many of this supposedly large percentage of people for "human sexual- ity" course, would be if they were aware of more than the very basic courses being taught?

If your 10th grade child came home with a 23 question test with questions on birth, sexual intercourse and mastur- bation (Dimond High) would you be concerned? If an adult movie, "Standing Room On- ly", was not only shown, but supplemented by a display of contraceptives, (West High) would you shake your apathy aside? And wouldn't you ques tion the educational value to young teenagers of a movie entitled "Emergency Birth?"

If you were to see movies such as "Tuned Out Genera- tion" and "Generation Gap" in which teenagers are urg ed to give up their parents out moded set of morals - would you feel your ground- work of love and character building slipping?

OLD CHUGIAK: Mr. and Mrs. Leon Dandel Tallman, former- ly of Peters Creek, and now living in Maryland announce the coming marriage of their daughter Brynhilde Oliva to Mr. David Allen Stringer of Fairbanks.

The wedding will take place on Saturday, July 27th at 8pm at Our Redeemer Lutheran Church in Chugiak Alaska.

Brynhilde is a graduate of Chugiak High School, and has been attending the University of Alaska.

CHUGIAK BANKERS WIN ONE

PETERS CREEK: The Chug- iak Bankers, the local Babe Ruth League representative, won a close decision over the Anchorage Teamsters at the local field at Peters Creek last Thursday, in their only game of the week.

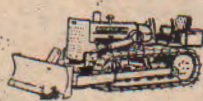

The game pitted two of the top pitchers of the league against each other as the Bank- ers sent Mike Stratton to the mound, and the Teamsters countered with Itchoak.

Stratton came out the winner with a one run lead at the end of the seventh in a game that was never decided until the last inning. Both boys did an exceptional job on the mound as the Teamsters were held to two hits and the Bankers were able to garner only six hits from Itchoak.

by the local club as Don Zim- merman came up with a double in the fifth, and Mark Mayo came up with a solid triple in the sixth for the only extra base hits by either ball club.

The game see-sawed back & forth for the entire seven in- nings with the Bankers on top in the inning that counted, the seventh, and came home with a 6-5 win.

The visiting team again won the attendance record, how- ever. Once again the visitors came out from Anchorage with more rooters on the field than our own local team. The Bankers play their last "Home" game at the Peters Creek field on Saturday, July 12th. The Bankers would like to see "You" there, so come on out and watch some of the "Non-Delinquents" at work.

EAGLE RIVER: There were no citations given following a two car accident which took place on July 4th at 11:30am at mile 14 Glenn Highway.

Damage to the Mercury was estimated at \$500, the pickup was damaged an estimated \$400. There were no injuries.

Dean told the State Troopers that his vision had been ob- scured by dust which had been raised by a third vehicle.

BAHA'IS TO HONOR DEATH OF BAB

EAGLE RIVER: On July 9th, the Eagle River Bahai's will observe the anniversary of the martyrdom of the Bab, prophet-herald of the Baha'i Faith, who was executed in Persia in 1850 by a military firing squad.
Just as John the Baptist was the Herald of Jesus, so was the Bab the Herald of Baha-Ullah, Founder of the Baha'i Faith. Both John the Baptist and the Bab were executed for their condemnation of the societies of their day and for the spiritual upheaval they caused by announcing the coming of a Messiah.

The occasion will be observed by a potluck supper beginning at 6:30pm, July 9th, followed by brief readings, slides, and a short informal talk on the history and significance of the amazing events surrounding the death of the Bab.

All persons interested in finding out about the Baha'i Faith are welcome to attend the informal potluck and commemoration to be held at the home of Mr. and Mrs. Gene Van Zanten, located in the Lamp Post Apartments, Apartment 1.

Anyone wishing additional information is asked to please call 694-2428.

NOTED BIBLE TEACHER TO TALK

BIRCHWOOD: Mr. Leslie M. Grant, well known Bible teacher, among those gathered to the Lord alone, will be in the Chugiak area for a few weeks.
Mr. Grant has written sever-

al books and short notes on the scriptures and will be having a series of meetings while here.

Then he will be speaking to the children at the Aiv-Saw Bible Camp that will be held near Willow, sponsored by the Chugiak Grace and Truth Chapel during the weeks July 21-26.

During the week July 13-19, there will be meetings at the Chugiak Grace and Truth Chapel on Birchwood Road.

On Sunday, the meeting will be at 11:00am, and on Monday through Friday at 7:30pm.

Those interested may call the E.J. Best residence at 688-2421 for further information.

For those who are Christians, prayers would be appreciated during his stay here.

OMICRONS ENJOY LUAU

PETERS CREEK: The beautifully decorated lawn of Mr. and Mrs. Bill Platzek of Peters Creek was the setting for a Luau on Saturday evening, July 5th, 1969 for the Omicron Chapter of Beta Sigma Phi.

Members and guests came in birght and gay dress to set the mood for the occasion.

Tow pigs, roasted on an outdoor pit, centered the table at the dinner hour.

Entertainment was furnished by members and their husbands. This included several Hawaiian dances, the Hawaiian War Dance, a hula-hoop demonstration and several poems read from the book, "Leaves of Gold."

Following the readings, the book was presented to member as a gift for her secret sister.

Approximately fifty members and guests were present.

A recent addition to the long list of 4-H educational programs is veterinary science. While it rounds out the traditional 4-H livestock project, veterinary science is not limited to farm youth.

Youngsters living off the farm apply the science to established projects such as dog care, horse and health.

Only in its second year, this new program already has attracted nearly 22,000 boys and girls from coast-to-coast. The national sponsor is The Upjohn Company of Kalamazoo, Mich., which again provides annual incentive awards.

The top state award is a \$50 U.S. savings bond. Gold-filled medals are presented to the four most outstanding 4-H'ers in the county.

Booklets that present scientific and practical information on the subject have been written especially for the 4-H member and local club leaders, announces the Cooperative Extension Service which supervises the work.

Every boy or girl can benefit by participating in the veterinary science program, says a 4-H spokesman. The only requirement is access to an animal. Cats, rabbits, mice, birds and guinea pigs can be used.

Studies include health improvement in animals; how to recognize disease and its prevention; structure and function of the animals body; principles that apply to animal health and personal health as well.
