MAN AND NEPHEW HURT IN WRECK

EKLUTNA: A Birchwood man and his 14 year old nephew suffered minor injuries when the station wagon in which they were riding collided with a pick-up truck towing a trailer last Saturday. The accident took place at mile 25 on the Glenn Highway at 9:20pm. Injured were Henry Perkins age 14, and his Uncle Dave Perkins who both list Klondike Street in Birchwood as their address. They were transported to the Anchorage Community Hospital by the Chugiak Volunteer Fire Company Amulance. The driver of the pick-up suffered no reported injuries.

JUNEAU: A Birchwood man and a teacher from the Birchwood Elementary School were among the 111 victims on the Alaska Airlines plane which crashed near Juneau last Saturday, killing all aboard. The local resident was John W. Boyles, of Birchwood Loop Road, who was enroute to Sitka where he planned to join his son on a hunting trip. The teacher was Mary Rogers, who lived in Anchorage and had just begun her first year as a member of the staff of three Special Education teachers at Birchwood Elementary School. Mrs. Rogers was also enroute to Sitka where she was planning to spend the weekend with her husband who was working in that area. Boyles, who was a 12 year resident of the Chugiak Area was employed by the FAA at Merrill Field. He is survived by his wife, Mattie, of Birchwood, a son John E. On Saturday the hours will be 9am until 9pm and on Sunday the doors open at 12 noon and close at 6:00pm.

PARKS LOSE 4 PICNIC TABLES - GAIN ONE

CHUGLIAK: In addition to the damage sustained in the Greater Chugiak Area as the result of heavy flooding, the State campgrounds were subject to deliberate acts of vandalism in recent weeks.

Park officials report that four picnic tables and one fireplace were torn up and thrown into the creek at the Peters Creek Campground.

According to authorities, replacement costs for the facilities will run over \$500.

As an interesting side note, it is reported that a picnic table was recently spotted by Park Rangers in Eklutna River at the bridge on the Glenn Highway.

All facilities at Thunderbird

Falls Picnic Area upriver are in place and accounted for, so park officers can only surmise this table was thrown into the river by vandals some years past and had lodged in an inconspicuous location until picked up by the flooding river and carried downstream to the bridge.

Attempts to retrieve the table are underway.

MUG SHOT OF WILLIS MAYO, SUSPECT IN ZIMMERMAN-HAIR SLAYING. ANYONE SEEING THIS MAN IS ASKED TO NOTIFY THE ALASKA STATE TROOPERS IMMEDIATELY.

ESCAPEE SOUGHT FOR ZIMMERMAN HAIR KILLING

ANCHORAGE: The charge is now murder in the deaths of Lorraine Zimmerman of Anchorage, and eleven year old Paul Hair of Birchwood.

Named as suspect in the case and being sought by the Alaska State Troopers is a 21 year old escapee from the Adult Prison Camp near Palmer.

The cause of the death of the pair was changed from accidental death to murder upon the location of the Toyota Land Cruiser which they had been riding in. The vehicle was found intact and abandoned in the parking lot of Fairview Manor in Fairbanks over 300 miles from the spot where their bodies had been found.

The Fairbanks Police Department received a call at 5pm on Friday, September 3rd, reporting the abandoned vehicle. Investigation led to the finding of a witness who had seen the man get out of the car and from this description a composite drawing was made up.

The man in the drawing fitted the description of Willis Mayo, age 21, who had escaped from the Adult Prison Camp near Palmer on August

MUG SHOT OF WILLIS MAYO, SUSPECT IN ZIMMERMAN-HAIR SLAYING. ANYONE SEEING THIS MAN IS ASKED TO NOTIFY THE ALASKA STATE TROOPERS IMMEDIATELY.

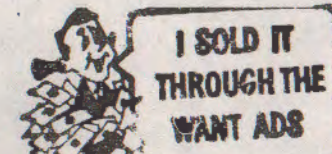

14th, the day the Zimmerman and Hair had disappeared.

Mayo is described as being 6 feet tall, weighing 185 pounds with brown short cropped hair and blue eyes. At the time of escape he was wearing blue shirt and pants.

The warrants for his arrest are for two counts of first degree murder with bail set at \$100,000 for each count and for one count of jay-riding.

May had been arrested at Valdez on June 17th on the charge of possession of hallucinogenic drugs. He was transferred to the Adult Camp at Palmer on August 4th.

Anyone seeing a man answering to this description is asked to notify the Alaska State Troopers. He is considered dangerous and may be armed.

John E. Boyles, of Sitka, a daughter, Mary Sanders of Birchwood and eight grandchildren.

Tell it to Martha

BY: MARTHA COUNCIL

Dear Martha,

What can I do to stop an ugly rumor about us?

We have three children all adopted. We have never made any secret of their adoption, in fact, we have been very proud of it. We are not able to have any children of our own, you see.

I have heard a rumor that one of our "friends" is saying that our oldest son is really my husband's natural child. That he got some girl in trouble, and adopted the baby. They say that the proof is that the boy looks exactly like my husband.

Now Martha, the boy really does look like my husband, and really could pass for his natural son, but this is no accident. You see the reason we had to adopt children is that my husband is unable to be a father because of an illness he suffered as a boy. When we decided to adopt we asked the adoption agency to find a child of the same general national backgrounds as we had.

Should I explain all this and put a stop to all the ugly talk? I really don't feel like telling such personal things, but all this gossip is making me ill.

Gossip victim

Dear Victim,

These friends of yours would be better off if they came right out and claimed to be your enemies.

I hate to advise anyone to offer explanations to gossip mongers, but in this case the talk could cause a lot of heart-ache for your children if they should ever hear it.

I am sure you must have some idea which of your friends are dishing up this muck. Pass the word along to them, and then ignore the subject if it ever comes up again.

Sincerely,

Martha Council

Issues Ok'd For Ballot

Resolutions putting service area annexation measures on the October ballot were approved by the Borough Assembly at a special meeting Thursday night.

Public hearings on ordinances enlarging the service areas were set for Sept. 27.

The assembly also approved a resolution which would allow Eagle River voters to decide on their service district assuming road and drainage powers. The public hearing on this also will be Sept. 27.

To be added, if approved by voters, to the Spenard Service area are Campbell Heights, Murray, Dowling, Aurora and Hollowbrook subdivisions. Crestbook subdivision would be annexed to the Sand Lake service area.

If the measures are approved, property owners will be subject to increased taxes to pay for the services which the service areas provide. Only residents of the affected areas will be allowed to vote on the measures.

Roads and drainage services to Eagle River would cost residents of that service area 2.5 mills for the remainder of the fiscal year.

EAGLE RIVER: Plans have been dropped for the present to open a branch of the Tom Thumb Montessori Schools in Eagle River.

Mr. Green, who operated the Tom Thumb Montessori Schools in Anchorage gave two reasons for this decision.

He stated that the building which was to be used to conduct the classes was not sufficiently completed, and that the number of prospective students did not come up to the enrollment necessary to open the local branch.

He indicated that at a future date, when a suitable building is available, and there are enough students to conduct a class, he may once again attempt to open a school here.

Many Alaskan Booklets Out

Wild Rose Hips, The Fisherman Returns, Wild Plants of Alaska — if any or all of those titles cover something you'd like to know more about, stop by the Extension Service office in Palmer.

The service publishes many bulletins on the above subjects and more. Some are free, and others are available for a nominal charge.

One of the most comprehensive of the booklets is the "Wild Edible and Poisonous Plants of Alaska" publication. It is illustrated with sketches and color photographs, and describes approximately 200 plants. Cooking instructions are included in the case of edible plants, and the poisonous plants are treated in a warning section by themselves. The publication is an invaluable pocket reference to the state's plants for the resident and the visitor alike.

As for the rose hip bulletin, one of the things you might not know without it; six to eight rose hips contain the daily minimum Vitamin C requirement for an adult. And 2000 tons of rose hips were gathered in England to replace scarce oranges in the last world war.

"The Fisherman Returns" and other bulletins like it are concerned with the preparation and the preservation of Alaskan fish and meat.

Many more publications are available, in categories ranging from landscaping, agriculture, sewing, child care and community development. Although a high proportion of the bulletins are of interest mainly to the

School Enrollment On The Increase In Borough System

The roll calls in the Anchorage Borough School District have increased steadily since the school year officially convened last Tuesday, according to district publication director Robert Jamison.

The first day enrollment was 30,461, while 31,077 youngsters signed in on Wednesday, 31,568 on Thursday and 31,768 on Friday. The anticipated total enrollment of 34,044 students will not be reached until mid-October, Jamison said.

"This is traditional, that if school starts much before Labor Day, the attendance is low for the first week or so," he said. "Families are still on vacation or the kids are at camp or parents have gone hunting. They'll start drifting in this week."

LADIES CLUB DROPS PLANS FOR BANQUET

BIRCHWOOD: The Chugiak Ladies Club has dropped their plans for a banquet to host the delegates to the Regional Convention of the Alaska Federation of Women's Clubs later this month.

The reason for this was given as the inavailability of a suitable place to hold the banquet, and the lack of personnel to conduct it.

This decision was arrived at during the September 2nd meeting held at the home of Sherry Shepard in Birchwood.

SENIOR CENTER & OPAG NEWS

We finally have our pump in the well and have pater piped into the building.

We want to give special thanks to Al Cross, Bob Tongeson, James Polyefko and Jimmy Stephan who donated a full days work and equipment to do this work for us. Thank you from the bottom of our heart.

Our next project is to get a cesspool so as to have drainage and rest rooms put in before winter sets in. We are working on a time and plase to have a spaghetti feed for the entire community to help us on this project. The details will be in the paper as soon as we get them worked out.

Our meeting and birthday party was a big success. For the board of Directors for the Chugiak Senior Center we have nominated Daisy Pelon for President, Anton Becker and Valma Heagle for Secretary, Bulah Mackey and Lorraine Shaw for Treasurer, and as alternated to the board Anna Nentwich, Florence Church, Francis Lee and Paul Swanson. The election will be

held at the November meeting. We will accept further nominations at that meeting before the vote is taken.

Next Friday, September 10, is the regular OPAG meeting in Anchorage. It will be a hot dog bean supper and begin at 6:30. There will be a fashion show put on by the OPAG ladies. It will be held at the Bancroft Memorial Hall at 3rd and Eagle. We will be nominating the new OPAG Board members. Anyone needing rides may call the Center at 688-2677, or my home at 688-2303.

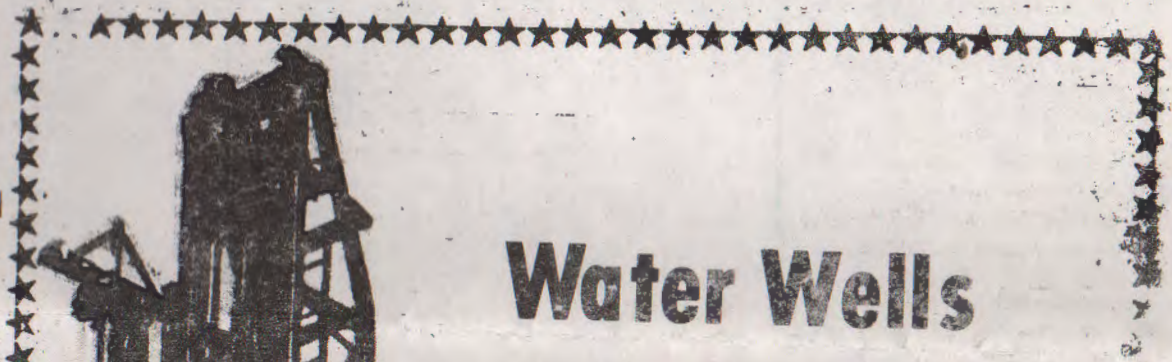

The center purchased a plant for Mr. Ted Graham who was injured in an automobile accident two weeks ago. He has done so much for the Senior Citizens of the Chugiak area. If you would like to send him a card, he is in Room 302 Ward 3A at Elmendorf Hospital. He is also able to have visitors now. Mrs. French said he is doing nicely and is steadily improving.

ACCIDENT VICTIM IS IMPROVING

ELMENDORF: Ted Graham, of Birchwood, is recovering at the 5040th Air Force Hospital at Elmendorf from injuries he sustained in the accident August 22nd at Mile 15 1/2 on the new Glenn Highway.

Graham has been taken off the critical list, but faces a long period of hospitalization. Most serious of his injuries was to his legs, which sustained multiple fractures.

Alaska State Troopers have cited the driver of the other vehicle in the accident, James Black, of Anchorage with reckless driving.
