WILL ED WILLIS RUN FOR MAYORS OFFICE ?

BIRCHWOOD GIRL SERIOUSLY HURT IN FALL FROM TRUCK

OLD CHUGIAK: A 16 year old Birchwood girl is in critical condition following a fall from the back of a pick-up truck in which she was reported to have been riding.

Mary French, daughter of Mr. and Mrs. Elden French of Bowery Lane in Birchwood was transported to the 5040th Air Force Hospital by the ambulance of the Chugiak Volunteer Fire Company.

She was then transferred to Providence Hospital where she was found to be suffering from extensive head injuries and was placed in the intensive care unit.

The accident took place on Friday, August 4th at 7:12pm at Mile 18 on the Old Glenn Highway.

The name of the driver of the truck, and the cause of the fall are not known at this time.

CANDIDATES AND VOTERS MEET AT CHAMBER HALL

EAGLE RIVER: Thirty two candidates from House Districts 9 and 6, and Senate Districts D and E faced an equally mixed bag of voters, some from Eagle River and Fire Lake precincts who vote in District 9 and E and some from Chugiak, Birchwood and Peters Creek who will vote in 6 and D, and others who are not sure where they are supposed to vote due to the confusion over re-apportionment.

This combined "meet the candidate night" was spon-

EAGLE RIVER: Will Borough Assembly Ed Willis, of Eagle River run for the office of Borough Mayor this coming October election?

This is the question which many are asking following the announcement by John Asp-lund, Borough Chairman that he will not seek re-election next October.

Asplund has occupied the of-(recently redesignated as Borough Mayor) ever since the Borough was formed nine years ago.

Willis indicated that although he has been urged by many of his constituents to run for the Borough Mayor seat, he is as yet undecided.

Willis said that several factors will influence his decision. Primarily there are personal considerations and the wishes of his family, also there are the many years he has devoted to his career in Civil Service. The office of Borough Mayor is a full time job, and he would have to resign from his job at Ft. Richardson if he were elected.

Also, Willis is up for re-election as Assemblyman for Section 1 of the Greater Anchorage Area Borough. He feels his first allegiance is to this area and would have to

LOCAL YOUTHS ARRESTED FOR POSSESSING STOLEN MOTORCYCLE

EAGLE RIVER: Two local youths were arrested last week by the Alaska State Troopers, and charged with having a stolen motorcycle in their possession.

The pair were Tommy Lee Hite of Eagle River, and Wayne T. Cromwell, of Peters Creek, both age 18.

According to the Alaska State Troopers, the cycle, a 1969, Triumph had the serial numbers obliterated, however experts of the State Troopers Criminal Investigation Department were able identify the bike as one which had been reported stolen earlier this year.

The pair are being held on a \$2,000.00 bond, according to the Alaska State Troopers.

candidate night" was sponsored by the local Chamber of Commerce in hopes that it might help dispel some of this confusion as well as letting the voters get a look at the candidates and learn in the three minutes allotted to each one, his or her stands on the issues.

Lee Jordan, of the Board of Directors for the Chamber of Commerce acted as Master of Ceremonies, Moderator and at times referee for the meeting.

Before introducing the candidates he took advantage of their captive status to give them a brief rundown of the local problems which the Chamber has been trying to find solutions to during the past two and a half years of it's existence.

These included lack of police protection, road maintenance, concern over mandatory unification, unhappiness over the recent reapportionment which split the area and the hopes of getting a road link with Girdwood over Crowpass through Chugach State Park.

Jordan pointed out that the present population of the Greater Chugiak Area is approximately 7,500 with a 15% to 20% annual growth potential to a projected 27,000 by 1990, according to a study made by the Greater Anchorage Area Borough.

Each candidate was then allowed three minutes in which to speak to the audience, for some this was barely time to get warmed up, and for others it appeared to be too long.

Candidates were called at random, as their names were drawn from a box.

A prime area of concern expressed by a majority of the candidates was the need for

PAUL HUPPERT OF THE BUTTE (left) AND WILLIAM ARMSTRONG, OF EAGLE RIVER, ELECTED TO THE BOARD OF DIRECTORS OF THE MATANUSKA TELEPHONE ASSOCIATION.

BILL ARMSTRONG IS TOP VOTE GETTER AT MTA ELECTION

PALMER: It was Chugiak night at the Annual MTA meeting in Palmer, with William Armstrong, of Eagle River garnering the most votes and winning the three year seat to the Board of Directors, and O.W. "Bill" Lowe, of Peters Creek winning the Grand Door Prize, an 18 inch color TV set.

Armstrong, who had been swept into office with a total of 78 votes as compared to the next highest candidate, incumbent Paul Huppert, of the Butte who tallied 69 votes

A total of 179 members had registered for the Annual Membership Meeting and Election. The other two candidates from the Greater Chugiak Area, Gerald O'Conner and Robert Thomas were far down on the list with 32 and 3 votes respectively.

Those at the meeting said that they had voted for Armstrong because they had been impressed by his technical background in the field of communications, which he had outlined in his remarks prior to the election

It was the opinion of some of those present that the outcome of the meeting had been undoubtedly affected by the train disaster near Houston which prevented the candidates and members from Big Lake, Willow, Houston and Talkeetna from getting to the meeting.

In addition to the election of directors, the membership approved all three amendments to the By-Laws.

In his address to the membership Paul Huppert, president of the Board, thanked the Bard, Management and Staff members for their services during the past year, which he pointed out had been a challenging and difficult one.

He cited the steps which MTA has taken to correct some of the problems, such as a complete engineering and feasibility study to update and revise it's Area Coverage design. Also he told of the steps which were being taken to join the Rural Telephone Bank, an organization which will be a major source of Association funding in the future.

He compared the cutover to Direct Distance Dialing and the Eagle River to Anchorage microwave system as ex-

amples of poor cooperation in the case of the former and proper cooperation in the case of the latter.

In his report, Manager Max Clements, dwelt on the growth of MTA since it began in 1957 with approximately 400 subscribers as compared with the almost 5,000 telephones in service today.

He pointed out that the Eagle River exchange has 1108 of these phones and the Chugiak exchange 844 for a total of 1,952 which is more than 300 more phones than the next largest area, which is Palmer with 1,658. This is also 878 phone more than the total of 1,074 which represents the phone in service in the remaining exchange of the system.

He told of proposed additions to the Chugiak, Eagle River and Palmer exchanges and of plans to purchase two radio facilities to provide scriber service to remote areas such as the Trapper Creek-Petersville area across the river from Talkeetna and to the McKinley Park Hotel Complex area.

In the drawing for door prizes which was held from time to time throughout the evening in addition to the

this area, and would have to consider if he could still continue to serve the residents of this area as effectively in the office of Mayor.

Asplund's announcement today that he would not seek reelection was accompanied by the following statement.

"As a citizen vitally interested in the future of the Anchorage community and the State of Alaska, and having had the privilege of serving three terms as Borough Chairman, I now find myself at a crossroad."

"After nine years as Chairman, I have decided not to seek election as Anchorage Borough Mayor in the October election."

"The decision was not easy but frankly, I would like to do a few things for myself and my family. I do not plan to retire, only change what I have been doing. I have had a tremendous challenge in being able to build a completely new government into a viable and proven effective approach in solving problems on an area-wide basis."

"I will leave once in October feeling that the Anchorage Borough is launched and that at least we leave a cleaner community for those who follow."

"My staff has done an excellent job as well as the dedicated employees to whom I can say 'Thank you' for serving well."

"After leaving office, I intend to keep an active interest in the Anchorage Community as Alaska will always be my home. I leave with a feeling of good will towards everyone in the Greater Anchorage Area Borough."

A scheduled question and answer period following the candidates speeches came to an abrupt end when this phase of the program deteriorated into a debate between one disgruntled Eagle River resident and the incumbent candidates over the lack of promised road maintenance in the area.

LOCAL VOTING PLAN STILL UP IN THE AIR

CHUGIAK: Voting arrangements for the reapportioned Greater Chugiak Area are still pretty much up in the air with the Election Supervisors office trying to iron out the wrinkles in establishing polling places, and finding a way to let residents know in which area they will be voting.

While there is no problem for voters in Eagle River and Eagle River Valley precincts, who, as in the past will vote at the Eagle River Elementary School, those in Chugiak, the new Fire Lake Precinct and Birchwood Precinct are likely to be confused, particularly those living at the fringe areas and who are uncertain whether they are in House District 9 or 6.

The Election Supervisor is in the process of drawing up an official map, and have promised to make it available to the Courier to be printed in next week's issue.

The new Fire Lake Precinct will vote at Chugiak High School as will the Chugiak Precinct. Tentatively the Birchwood Precinct will vote at the Birchwood Elementary School. A polling place for the Peters Creek Precinct has not been announced.

JUNIOR GIRLS SOFTBALL TOURNAMENT THIS WEEKEND

CHUGIAK: The All Star Tournament for the Junior Division in the local Girls Softball League will be held this coming Friday, Saturday and Sunday.

All Star teams for Eagle River and Birchwood-Chugiak are now practicing for the event, according to a spokesman for the local Girls Softball Association.

FIREMEN CALLED TO CLEAN UP GARBAGE

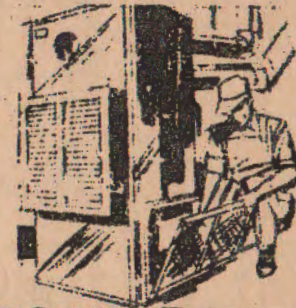

EAGLE RIVER: Firemen from Borough Fire Station 11, of Eagle River were called to wash down the area in the vicinity of Artillery Road and the New Glenn Highway last Wednesday, August 2nd.

A garbage truck- which was trying to avoid a collision with

another vehicle had reportedly tipped over, spilling garbage all over the road.

Apparently no one was injured, according a spokesman for the Borough Fire Department.

ARSON ELIMINATED AS CAUSE OF FIRE

OLD CHUGIAK: Arson was eliminated as the cause of a brush fire which was reported near Chugiak Gardens in Old Chugiak this week.

The Chugiak Volunteer Fire Company has suspected arson when they were called out on three separate occasions to fight the fire at this location each time after they were convinced that it had been completely extinguished.

It was after the third call that they discovered that traces of the fire was continuing to smolder under the moss, only to break out into flames again.

A spokesman for the Fire Company stated that if the fire should start up again after the last attempt to bring it under control, they would have to bring in a bulldozer to dig out all traces of the inflammable moss.

HOMES ARE SOUGHT FOR BOARDING STUDENTS

CHUGIAK: Residents of the Greater Chugiak Area are being asked again this year to open their homes to high school aged students from remote villages.

Last year there were two dozen boarding home students attending Chugiak High School, most of them 9th graders. So far this year, homes have been found for only 19 students, according to Andy Kirk, Chugiak High Teacher in charge of the project at the local school.

Kirk said that this year the State Boarding Home Program hopes to place about 30 students in this area. These homes would be for both boys and girls in grades 9, 10 and 11.

It is felt that the best situations developed where several boarding home students stayed in the same house.

Kirk explained that the program provides \$150.00 per student per month. This has proved to be ample, but on the other hand is not intended to be a money making deal.

According to Kirk last year's boarding home parents felt it was a worthwhile experience and most of them are planning to do it again this year. Many of the students this year will

probably come from Chevak where the school burned down last year.

Anyone interested in participating in the Boarding Home program is asked to call the coordinator at 277-8634 and a social worker will come and visit them. Also, anyone who would like to learn about last year's program and what is planned for this year, may call Kirk at 688 2548 for information.

amendment of the 1973 ballot to permit voting by mail was passed 69 to 16. It was pointed out that a committee was to be appointed to review the present by-laws and to make recommendations to the board as to how they might be amended.

One tongue in cheek motion by Sam Sumrall of Eagle River, was to by some means, legal or otherwise to disqualify Danny Bell from participating in the drawing for the color TV set. This was seconded by Ted Rumsey, also of Eagle River, but never was brought to a vote. Dan Bell was the winner of the Grand Prize at the MEA meeting last spring, also a color TV set.

SUNDAY'S SERMON

A Time For Commitment
 The warm weather is here, flowers are blooming, and thoughts of vacations and informal living are occupying our minds. The cold weather and serious thoughts are gone for a few months. Summer is a time of fun and gaiety, but it should be more. Summer, too, should have time for commitment and time for setting our lives back on the proper, straight trail. For with summer fun it is so easy to forget our neighbors and brothers in distress, so easy to clear our minds of the agony of others. Sure, poor children right here

in the United States are no longer shivering in the cold. But stop and look around. People are sweltering beneath waves of oppression, poverty, and tragedy all around the world and here in this great land. What can be done to help? Commitment is the answer. It's caring and doing something about others, not only in the cold of winter's darkest nights, but also in the beautiful sunlight of summer's golden days. Summer may mean vacations from school and work, but our commitments and our constant striving to do good can never rest.

 DEAD AT 73**

EKLUTNA: Funeral services are pending for William Ezi, colorful local character who died last Saturday, August 5th at the ANS Hospital at age 73. Ezi, who was a member of the Eklutna Indians, spent most of his time in recent years at his home up the Knik River.

He was known to most motorists along the Glenn Highway as the hitch hiker, and was a familiar figure along the road summer and winter alike thumbing a ride either toward Anchorage or the other direction.

Ezi was taken ill last Thursday August 3rd at Eklutna and was transported to the ANS Hospital by the Chugiak Volunteer Fire Company Ambulance.

He is survived by four sons, William Jr., James and Benjamin all of Eklutna, Samuel of Anchorage and a daughter, Mrs. Elizabeth Mills, of Anchorage.

Funeral arrangements are by Evergreen Memorial Chapel.

CANDIDATE CONCERNED ABOUT HIGH PROPERTY TAXES

WASILLA: High real property tax, and legislation to bring them more in line with the ability to pay, are the principal concerns of Rose Palmquist of Wasilla candidate to the State House of Representatives from District 6.

Mrs. Palmquist says that there are a number of ways by which this can be accomplished, and this will be one of her goals if she is elected.

She also feels the residents of the Greater Chugiak Area should incorporate into some legal entity. She pointed out that this area is helpless to protect their interests other than through public protest meetings.

"I have always been a fighter for the underdog", she stated, and she believes that an area which is naturally contiguous should not be divided as was done in the Greater Chugiak Area under the reapportionment.

Other concerns of the candidate are more job training programs for youth, public works programs for the unemployed rather than welfare handouts and more local say in roads and road improvements.

Mrs. Palmquist came to Alaska in 1947 and settled in Anchorage where she worked for the Alaska Railroad.

In 1955 she homesteaded in the Houston area. Her present residence is in Wasilla. She was a key organizer of

By: Martha Council

Dear Martha,

Boy, am I ever disappointed in you! I really felt that you knew all the answers and then I read your column last week. I am referring to the idiot who wrote in and complained that after he had been playing around with all the women he knew, he finally met one who he wanted to marry.

He was really pushed out of shape because after he did her the "great honor" of asking her to marry him, she said "thanks a lot, but no thanks" or words to that effect.

You told him to forget about her, which was good advice, but then you loused it up by calling her a "women's lib" type.

Martha, if you are going to keep on dishing out advice I suggest that you learn a little bit more about the Women's Liberation Movement.

Most of the women are res-

ponsible people, devoted to their husbands and children who only want to be treated fairly and not as second class citizens because of their sex.

They are not a group of man hating or advocates of free love as you and so many others seem to picture them.

I think you owe an apology to all the sincere women's liberators for that crack of yours

A wife, mother of 5 and a WOMEN'S LIBBER!

Dear Wife etc.

You're right, and I do apologize. I had no way of knowing if the girl described in the letter last week was motivated by Women's Lib, or any other philosophy when she rejected the young man in question.

Sincerely,

Martha Council

FT. RICHARDSON: A 16 year old Anchorage girl was injured in a freak accident which took place at Mile 7 on the Glenn Highway on Friday, July 21st at 1:00pm. Nancy Badar was driving a 1966 International Van when a front spring broke allowing the body of the Van to drop onto the right tire, causing the vehicle to go out of control.

Although Miss Badar was only traveling 30 mile per hour at the time, she sustained a head injury. Damage to the vehicle was estimated at \$750. The girls parents were notified of the accident and transported her to the family doctor.

No citations were given by the Alaska State Troopers.

SHORT HUNTING SEASON SEEN

Restrictions in the caribou hunting season in the Nelchina Basin have been announced by the Department of Fish and Game after a recent aerial photo census turned up fewer animals than expected.

The new hunting season for Game Management Units 11, 13 and 14 will be from Aug. 10-Sept. 20, with a bag limit of one caribou per hunter.

Ron Somerville, Anchorage regional game supervisor, said the cut-back in the hunting season was being made until the Fish and Game Department could make an assessment of the population status of caribou in the Nelchina Basin, and could determine how many caribou the range should support.

Somerville said although an exact count has not yet been made from the photo census, preliminary indications are that the Nelchina caribou population is down.

Department biologists were able to census the herd for the first time since 1967. Unfavorable weather conditions had prevented previous attempts.

Earlier this year, the Board of Fish and Game acted to shorten the caribou season to end on Dec. 31 from a previous closing date of March 31. Somerville said that although the new seasons may be conservative, he feels they are warranted until researchers can obtain a complete picture of the Nelchina herd.

BIRD, PENGUIN CREEKS OPEN TO VEHICLES

State park officials, on a trial basis, have opened the Bird and Penguin

to use the old logging trails that criss-cross the heavily wooded val-

Captain Doyle Currier and Engineer Jim Blake. Fire Fighters are Andrew Postischek and Gregory Ochoa.

These are 24 hour shifts, with each crew being on duty for 24 hours and off for 24 hours.

All eight of the men are professional fire fighters, and are full time salaried employees of the Borough. Fire took over the Eagle River Fire Service District on August 1st, when the Eagle River Volunteer Fire Company voted not to renew their contract with the Borough.

The crew on duty will be temporarily stationed in a house trailer which the Borough is in the process of installing adjacent to the local fire hall. This will be used until such time as the scheduled fire hall complete with quarters for the fire crews is completed.

In addition to the full time will still be answered by Volunteers who are now designated as Auxiliary Firemen, and paid for the time that they are on duty.
