## LOCAL WOMEN VOTED OUTSTANDING

**CHUGIAK:** Two local women have been selected as Outstanding Young Women of America for 1972, according to an announcement today by the Chugiak Ladies Club who recommended the pair.

Selected were Mrs. Sally Callaway of Peters Creek, and Mrs. Elizabeth Gaston, of Birchwood.

They were nominated by the Chugiak Ladies Club earlier this year on the basis of their achievements.

Mrs. Callaway, who is a counselor at Chugiak High School was recommended for her work in setting up the "On the Job Training" program at Chugiak High and for her tireless efforts in getting local businesses to participate in the program thereby gaining valuable experience in many fields for the students enrolled in the program.

Mrs. Gaston was nominated for her work as a member of the Chugiak Volunteer Fire Company. She is a qualified fireman in addition to being a driver for the am-

GEORGE THOMPSON, PROPRIETOR OF NEW FURNITURE STORE IN PETERS CREEK

**CHUGIAK:** Three local residents have filed for the Anchorage School Board, all for the three 3-year terms which are open.

The candidates are Ken Bell of Eagle River, Robert L. Rogers of Old Chugiak, and Clarence McGrane, of Birchwood.

Bell, who lives on Baranof Street in Eagle River, has run unsuccessfully for the one year terms to the School Board in 1970 and in 1971. He is a fifth grade teacher at Ursa Major School on Ft. Richardson. He is the father of two children, both of whom attend Homestead Elementary.

Bell is primarily interested in seeing that teachers and administrators are allowed to exercise more authority and that the school board does not enter into areas which should be left up to the administration.

Robert L. Rogers lives at Mile 17 k/2 on the Old Glenn Highway. He is a real estate salesman, associated with Yukon Realty.

He is a two year resident of the area and of Alaska, and has two children both of whom attend Chugiak High School.

Rogers also feels that the teachers and Principals should have more to say in administrative matters. Las

ated for her work as a member of the Chugiak Volunteer Fire Company. She is a qualified fireman in addition to being a driver for the ambulance and having received special emergency medical training to enable her to administer to accident victims who are picked up by the ambulance.

In addition to the above she has for two years in a row organized the annual 4th of July Parade, and is responsible for establishing a local Miss Alaska Scholarship Pageant, of which she is the executive director.

Now in its eight year, the Outstanding Young Women of women between the ages of 21 and 35 for their contributions to the betterment of their communities, professions and country.

More than 6,000 young women are nominated annually as Outstanding Young Women of America by civic organizations, churches and college alumni associations throughout the country.

Complete biographical sketches of all nominees are featured in the annual awards publication "Outstanding Young Women of America."

The women included in the 1972 edition are now in competition for further state and national awards.

This fall, fifty of them - one from each state - will be named as their state's Outstanding Young Woman of the Year.

From the fifty state winners, the national Ten Outstanding Young Women of America for 1972 will be selected.

The Outstanding Young Women of America Program was conceived -- and is today guided -- by leaders of the nation's major women's organizations. Serving on the program's Board of Advisors are the national presidents of women's clubs, headed by Mrs. Dexter Otis Arnold, honorary president

## WILLIS UNAPPOSED IN BOROUGH ELECTION

**EAGLE RIVER:** Ed Willis, of Eagle River, is unopposed in his bid for re-election to the office of borough assemblyman from the local Section 1 of the Greater Anchorage Area Borough.

When the deadline for filing arrived at 5:00pm on Friday September 1st, no other candidate had filed for the seat on the Assembly from this area.

Willis will automatically return for another three years this October, unless a write in campaign is launched for another candidate, the only way now that he could be opposed.

This will be Willis's third term of office, he was the second elected Assemblyman from this area since the formation of the Greater Anchorage Area Borough. The first three year term was held by Glenn Briggs, of Eagle River.

# SCHOOL ENROLLMENT HERE TOPS 2,000

**CHUGIAK:** School enrollment in the three local elementary schools and at Chugiak Junior Senior High School topped the 2-000 mark with first week figures totaling to 2,387.

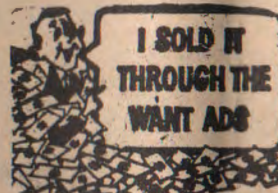

This still is considerably under the anticipated enrollment, however more students are expected to show up as the month progresses.

Enrollment at the Chugiak Elementary is 320, which includes kindergarten.

Eagle River Elementary School has an enrollment of 352 (including kindergarten), 358 (also including kindergarten) and Birchwood Elementary has 301, including Special Education and Kindergarten.

Chugiak Junior high enrollment is 568 and Senior High is 488 for a total of 1056 at the Junior-Senior High Complex.

## FURNITURE STORE NOW OPEN

**PETERS CREEK:** A used furniture store has just opened for business at Mile 21 1/2 on the Glenn Highway.

George and Eleanor's Used Furniture is owned and operated by Mr. and Mrs. George Thompson, of Chugiak.

The Thompson's, who live off of Bowery Lane in the Birchwood area, are 2 year residents, of the area, and have been Alaskan's since 1959.

The store is located in a new concrete block building which they had constructed for that purpose.

Mr. Thompson said that he has had considerable experience in the used furniture business. His parents owned a used furniture store in California so he literally grew up with the business.

Their present stock features a number of items of household furniture, which include a selection of major appliances.

\*\*\*\*\*

## STILL NO WATER AT SCHOOL WELL

**OLD CHUGIAK:** There is still no water at the well which is being drilled at the Chugiak Carnival Grounds, site of a possible Chugiak Elementary School.

The well is now down to 241 feet. According to a spokesman for the school administration, the driller had to switch to 5 inch casing when he was unable to drill any deeper with the 6 inch casing.

Apparently he was able to proceed only a few more feet with the five inch casing when he struck rock and was again unable to proceed.

He is planning to switch from the cable tool rig which he has been using to a rotary drill which will enable him to penetrate the rock.

The contract calls for him to drill to a maximum of 400 feet in an effort to find sufficient water to supply a school.

The present site of the Chugiak Elementary School has never had an adequate water supply, and CBA who administers the Carnival Grounds had proposed an exchange of land for the site presently occupied by the existing school, providing water can be found.

The contract for drilling the well is held by Jones and Young Drilling Company, of Anchorage.

\*\*\*\*

School. Rogers also feels that the teachers and Principals should have more to say in administrative matters. Last year he edited and published a pamphlet on drug abuse which was approved by the school administration, however, the school board refused to allow it to be distributed through the schools. He is also concerned with the lack of vocational education in the local schools. He feels that vocational education should be emphasized even at the elementary school level.

Clarence McGrane is a resident of the Birchwood Loop area. He is an industrial chemist, and owns Axcala Ltd, an Anchorage firm which manufactures industrial cleaning products.

He has one child, who attends Birchwood Elementary School.

McGrane feels that bidding procedures for the Anchorage School District are badly in need of reform. He said his personal experience with the way bids are handled has made him very angry and have prompted him to run for the school board.

\*\*\*\*\*

## CBA BOARD ELECTS OFFICERS

Relected were, President, Dale Briggs; Vice President, Jim Carawan, Secretary, Elsie Oberg, and Treasurer, Phyllis Smith.

Mrs. Smith was appointed to the board to fill the vacancy created when Darrel Tanner moved from the area.

### TIPS FOR MILADY

To remove the rubber insulation from an electric cord, try using a claw hammer.

Pull the two strands apart, and draw the wires in the "V" between the claws. This will remove the rubber in strips about two inches long.

## Tell it to Martha

By: Martha Council

Dear Martha,

Tell me, don't you think a child is entitled to a room of her own?

We are planning to build and I want to include a bedroom for our eleven year old daughter in the plans.

My husband says this a waste of money. He feels that to go to the expense of adding on and furnishing an extra room for her, as he puts it "when in a few years she will be running off and getting married" is foolish.

I don't agree with him, I think it is wrong to expect a girl to have to make her bed on a divan in the living room.

I wish you could say something that may influence him.

Her Mother

Dear Mother,

If your husband is anxious to make your daughter want to run off and get married at a tender age, I can think of no better way to go about it than to make her feel like an unwanted visitor in her own home.

Stand your ground and insist on a separate room for your child. Denying her the privacy she deserves at her age could have a very damaging effect on her.

Even if she lives at home with you for only a few more years, make those years ones that both she and you will cherish the memory of.

Sincerely,  
 Martha Council

## MOOSE KILLED AFTER BEING HIT BY THREE CARS

**EAGLE RIVER:** A moose is dead after being struck by three cars last Friday evening.

The accident took place at 10:15pm, approximately Mile 12.1 on the Glenn Highway.

According to the Alaska State Troopers, the first car to hit the moose was a pickup driven by Richard W. Sjodin, of Eagle River. He was southbound when the moose ran in front of him. The impact caused the windshield to shatter, and threw the moose across the road into the path of the second car, a pickup driven by Robert Johnson, of Eagle River.

The driver of the third car, Martin Russell, who was following the Johnson vehicle did not see the downed moose, and ran over the animal with the right wheel of his 1965 Buick.

Minor injuries were suffered by Richard Sjodin who sustained lacerations from the broken windshield, and Charlene M. Russell, who suffered a bloody nose.

Rain and poor visibility contributed to the accident, according to the Alaska State Troopers.

## Historical Society Holds November Meet On Railroad

The annual meeting of the Alaska Historical Society will be held on the White Pass and Yukon Railroad — travelling from Whitehorse to Skagway — in November.

Society President Richard Montague said that the arrangement will be a new twist. The annual meetings have been held in different towns each year and this year the "Gold Rush" theme was chosen, and Whitehorse and Skagway were the natural choices.

The meeting will be convened in Whitehorse on Nov. 3 and board the train the following morning for the trip to Skagway and an evening meeting in the gold rush town.

## Camp Fire Girls Putting Together Plans For Year

Camp Fire Girls are putting their year together now through "joining days."

Red, white and blue folders have been distributed to all the schools for new and continuing members to sign up, so the groups can begin their activities during the warm fall weather.

The Camp Fire program is open to all girls from the second grade through high school. The Blue Bird level is for second and third graders, the Camp Fire level for fourth through sixth, Discovery Club for seventh and eighth, and Horizon Club for ninth through twelfth grade.

The Chugach Council activities planned for the coming year include a fall carnival, Christmas service projects, crafts and parties, an annual mint sale preceded by rallies and followed by award ceremonies, an art show, a float in the Fur Rendezvous parade, a dad-daughter box social, spring parties and activity days, Blue Bird "fly-ups" and grand council fires, and a summer full of day camp and resident camp sessions.

"Joining Days" will continue at all the schools through Sept. 8.

## PLAYGROUND AT EAGLE RIVER ELEMENTARY BACK IN ORDER

**EAGLE RIVER:** The playground equipment at Eagle River Elementary School has been set up and is once again in working order.

The equipment had been taken down while the parking lot was being prepared for paving. The latter is now completed, and in addition to the original equipment, two new pieces of climbing equipment have been added.

The playground now includes more tetherball poles, an outdoor basketball court and a hockey rink.

Inside activities also have been expanded to include an enlarged school library.

The library is under the charge of Jean Reinke, with the help of volunteer teachers and parents. The library is open for checking out of books or reference reading from 7:30am until 5:00pm every day.

The Eagle River and Homestead Schools have the services of a school nurse every Tuesday and Thursday. Mrs. Peggy Hicklin is the school nurse on these days.
