SEN. GRAVEL MEETS WITH MEA MTA ON LOSS OF LOAN FUNDS

PALMER: U.S. Senator Mike Gravel is meeting today, January 17th, with representatives of the Matanuska Electric and Matanuska Telephone Associations to discuss the impounding of REA loan funds.

On December 29th, 1972, the United States Department of Agriculture in a news release to the National Rural Electric Cooperative Association in Washington D.C. announced that all REA loan funds had been impounded and that effective January 1, 1973, no further direct 2% interest REA loans will be made.

Further, that beginning on that date (January 1, 1973), all future loans will be made as guaranteed and insured loans under authority of Section 104 Rural Development Act of 1972 (Sec. 306 (a)(1) of the Consolidated Farm and Home Development Act). The ex-

EAGLE RIVER RESCUE CREW ARE HEROES

PAGEANT IS IN THE BLACK

EAGLE RIVER Members of the ambulance crew who responded to a rescue call at the Eagle River Trailer Court last Monday, January 15th, are real heroes to the family of Sgt. and Mrs. Delmore Sorenson.

The ambulance responded to the call at the Sorenson residence, and found Mrs. Sorenson in labor and apparently having difficulties.

They rushed her to the 5040 Air Force Hospital, and five minutes later she gave birth to a 6 pound 12 ounce baby girl. The doctors told Sgt. Sorenson that it was a breech delivery, and had they arrived five minutes later, the

CHUGIAK: A financial report of the recent Miss Chugiak-Eagle River Pageant indicated that the event concluded "in the black".

The report was made last Monday to the Chugiak Eagle River Chamber of Commerce by executive director of the pageant, Bette Gaston.

Mrs. Gaston reported that the pageant cleared enough to cover all expenses, plus scholarship money for the winners.

COL. DANKWORTH, OF THE ALASKA STATE TROOPERS, EXPLAINS PROBLEMS OF HIS DEPARTMENT TO THE LOCAL CHAMBER OF COMMERCE. (seated at left, Major Donald McQueen)

EAGLE RIVER: An appeal to the legislature for more State Troopers to be assigned to the Anchorage detachment is the only hope for improved police coverage for the Greater Chugiak Area.

This was learned by the local Chamber of Commerce at their Monday night meeting.

Col. Dankworth, Director of the Alaska State Troopers for the Anchorage Detachment, explained to the Chamber members, that 32% of the State Trooper force is stationed in Anchorage. This consists of a total of 21 men, whom he must assign as he sees fit.

Dankworth explained that his schedule calls for one trooper to be on duty from the scale house to the Knik River bridge on a 24 hour basis.

He added, however, that this man may and frequently is called away to assist in emergency situations in other areas.

Dankworth stated that the

measured loans under authority of Section 104 Rural Development Act of 1972 (Sec. 306 (a)(1) of the Consolidated Farm and Home Development Act). The expected rate of interest on new loans will raise from 2% to 5%.

The immediate effect of this action is to abolish by executive order the 2% direct REA loan program established by Congress in the Pace Act of 1944, which made it possible for Rural Electrics to provide area coverage in their territories.

The REA loan program has enabled Rural Electric cooperatives to serve many areas whether it was feasible or not -- by employing the area coverage principal with the use of 2% loan funds.

The National Administration's action in removing the 2% direct REA loans and substituting the insured and guaranteed loans program with the higher rate of interest will result in a substantial increase in MEA annual debt service expense OR, in other words, raise the cost of doing business.

MEA's loan which was granted on December 5th, 1972, was not affected by the increase in interest rate however, borrowings for future years will result in increased costs of line extensions, system improvements, and charges for service.

MEA's Board of Directors and management met in a special session to discuss what action might be taken in an effort to reverse this executive action by the Nat-

Air Force Hospital, and five minutes later she gave birth to a 6 pound 12 ounce baby girl. The doctors told Sgt. Sorenson that it was a breech delivery, and had they arrived five minutes later, the baby would probably not have lived.

Sgt. Sorenson is with the Air Force, and has lived in the Eagle River area for 2 1/2 years. He and his wife have two older children both girls.

Mrs. Sorenson and little Leslie Ann are both doing well.

CHAMBER LISTS PRIORITIES FOR YEAR

EAGLE RIVER: The local Chamber of Commerce, meeting for the first time in 1973 agreed on six items to be priorities for the year.

These were, Roads, Police Protection, a Map of the Area, Street Naming, continued sponsorship of the Miss Chugiak-Eagle River Pageant and a study of the effect of the proposed Knik Arm Crossing on this community.

Chamber President, Lee Jordan established the following committees: Roads committee, Bearfoot Award Committee, Community Event Committee, Membership Committee, Retail Committee, Population

ecutive director of the pageant, Betta Gaston.

Mrs. Gaston reported that the pageant cleared enough to cover all expenses, plus scholarships for the winner and two runner-ups.

In addition to the above, there is enough to cover the expenses of the winner in the Miss Alaska Pageant. This event takes place on April 19th, 20th and 21.

Mrs. Gaston also indicated that there are a number of tickets still outstanding. She requested that anyone with unsold tickets, or who has ticket money they have not turned in to either call her at 688-2625 or Arvilla Soto at 688-2259.

Mrs. Gaston introduced Miss Chugiak-Eagle River (Ella Braendel) to the Chamber. Miss Braendel thanked the Chamber for their support on behalf of herself and the other contestants.

The Chamber of Commerce was the sponsor of the pageant.

MISS CHUGIAK-EAGLE RIVER, (Ella Braendel) THANKS THE LOCAL CHAMBER OF COMMERCE FOR THEIR SPONSORSHIP OF THE RECENT PAGEANT AT WHICH SHE WON HER TITLE.

He added, however, that this man may and frequently is called away to assist in emergency situations in other areas.

Dankworth stated that the legislature determines the number of State Troopers that are assigned to anyone area, and that if additional men can be authorized for the Anchorage Detachment, the coverage in the local area would be increased accordingly.

Other than trying to get the legislature to assign additional manpower, Dankworth pointed out other options open to local residents for police protection.

He explained that if the area could choose to incorporate they could hire a police chief and authorize him to recruit a police force. He said that in such a situation the State Troopers were available to help in the recruitment and in training recruits at the State Troopers Academy.

When questioned about the contracting of State Troopers for a local police department, as has been done in Kenai and in Palmer, he said that he felt there were many drawbacks to this.

Another answer would be for the area to vote for police service as a service district of the borough, as is now the case for fire protection.

If this were done, the borough could contract with the State Troopers or the Anchorage City Police to provide police coverage.

Dankworth estimated that it could cost the area from \$120,000 to \$150,000 a year

GRAVEL CRITICIZES WITHHOLDING OF REA FUNDS NO MARCH OF DIMES CHAIRMAN FOR LOCAL AREA

WASHINGTON D.C. - Senator Mike Gravel has criticized the withholding by President Nixon of funds for the two percent loan program of the Rural Electrification Administration.

These loans, which have provided \$175 million over the past 30 years to 13 Alaskan electrical systems, were recently discontinued by the White House in favor of other loan programs at higher rate of interest.

According to White House statements, the decision was motivated by the President's efforts to reduce federal spending.

"I have long been opposed to President Nixon's widespread impounding of funds for various projects that have been approved by Congress," Senator Gravel said. "We in Congress intended to accomplish specific goals with the programs we created and we funded them accordingly. To then have the President flatly refuse to spend the money just destroys what we have been trying to do. Such development weakens our constitutional government."

"In this instance," Senator Gravel continued, "the withholding of REA loan funds is short-sighted. This program has done a great deal to benefit Alaska and has also helped other areas of the country. These loans provided capital for rural electric and telephone cooperatives that was unavailable at any other source."

CHUGIAK: With the annual March of Dimes Campaign well underway throughout the State, it was reported that there is no March of Dimes chairman for the Greater Chuglak Area.

Mrs. Kenneth McCoy, Outlying Areas Chairman stated that she had written to those who were in charge of last years campaign asking their help in enlisting a chairman for this year, but has so far not received any reply.

Mrs. McCoy has asked for anyone who is interested in chairing, or co-chairing the cam-

paigned in the Greater Chuglak Area to please call her at 333-7277, or write to her at 274 So. Klevin, Anchorage, Alaska, 99504.

ional Administration. They will work with Alaskan Rural Electric leaders and will send a delegation to Washington, D.C. on January 22 to join in a rally with representatives from nearly 1,000 other REA borrowers. The rally will afford an opportunity to meet and discuss with Congressional leaders the consequences of this shocking executive action.

Alaska has a special case in that Rural Electrics are just beginning to get started with the job of extending service into newly developing areas where conditions make construction difficult and expensive.

Every MEA Member is urged to contact their representatives asking them to work for release of the impounded Congressional appropriations and to restore REA 2% direct loans program that has enabled the Rural Electric cooperative to do such an outstanding job of bringing electric service to Rural America.

and Housing Committee, Industrial Development Committee, Government Services Committee, and Recreation and Tourism Committee.

The Board voted to send a letter to all members of the State Legislature supporting the bill which has been pre-filed by Dr. Fritts.

This would call for the construction of 7.5 miles of road into the Chugach State Park as a continuation of the Eagle River Rd.

A letter was read from Representative Bob Hartig from District 9 to the Commissioner of Highways pointing out the poor condition of roads in the local area, particularly Eagle River Road and Eagle River Loop Road and calling for immediate measures to improve them.

President Jordan named the fourth appointed board member, Gerald O'Conner. The Chamber budget will be set at the next meeting.

This will be Monday February 5th. *****

He explained that it had cost the City of Palmer \$42,000 to \$50,000 a year to contract for two State Troopers.

Dankworth encouraged the Chamber to approach the legislature for more man as the most immediate solution to the problem, and promised that this area would benefit if the manpower were authorized.

Accompanying Dankworth at the meeting was Major Donald McQueen, Detachment Commander.

In his opening remarks to the Chamber, Briggs heard the crime rate in Eagle River was high, but he never expected to be invited out to see Glenn Briggs pull a job!

WOMAN SUFFERS HEAD INJURY

EAGLE RIVER: A woman, suffering from a head injury was transported to Providence Hospital by the Eagle River ambulance last Saturday January 13th.

The ambulance was called to the Angry Mare Bar at 12:05am. The victim, Karen Oliver was suffering from a mild concussion sustained when she struck her head on a bar stool, according to a spokesman for the borough Fire Department.

DRIVER CITED IN ACCIDENT

FT. RICH: An Anchorage driver was cited for basic speed following a two car accident January 9th, at 8:20pm.

The accident took place on the Glenn Highway at the weigh station.

According to the Alaska State Troopers, Arthur R. Kennedy, of Anchorage, was turning left on to a dirt road.

A second car, driven by Kim K. Knox, also of Anchorage, was passing other traffic, and struck the Kennedy vehicle on the left side.

Damage to Kennedy's 1971 Dodge station wagon was estimated at \$800

The 1968 Ford station wagon Knox was driving sustained an estimated

way and it is almost a universal feeling.
In most parts of the country the landscape is cold and bare. The birds aren't singing and even traveling is hazardous. Christmas, the time of joy, is gone again and plain old winter is here. Winter is a very natural time for people to let their problems and worries bother them and get them down.
If we would only depend more on our faith, winter could be a time of great joy, because we know that spring will follow, life will continue and better times are ahead. Winter, by its sheer contrast with spring, reminds us of the wonders of God. He will not let us down and we know this. But an active faith helps us to live to our fullest potential, no matter what or how dark and gloomy the circumstances.

WHEN EVERY MINUTE IS A LIFETIME

Flying in critically ill babies from an area as large as France is a hectic business. At the Intermountain Newborn Intensive Care Center in Salt Lake City, infants who get into serious trouble in the first few hours of life are given a chance to survive without permanent damage, thanks to a team trained to bring them to the Center on short notice and by the fastest means of transportation. The Center is headed by Dr. August L. Jung and staffed by highly trained nurses under Patricia Isaacs, Head Nurse. The unit is part of the University of Utah Medical Center. Once the baby reaches the intensive care nursery, it gets every help that special equipment, medical science, and skilled nursing can provide. The infants are monitored day and night by electronic devices and knowing M.D.s and R.N.s. Dr. Jung's program also provides expert consultation for

LIONS TO

LIONS TO CHANGE MEETING HALL LOCATION

EAGLE RIVER: The Eagle River Lions Club will be moving their regular meeting place to a new location as of the 1st of February, according to Sam Sumrall, the Lions Club President.

The Lions have arranged to purchase the building formerly occupied by the Chuglak Candy Kitchen, at Mile 14 1/2 Old Glenn Highway, next to Fair North Service.

The building is presently being remodeled, and should be ready for occupancy by the scheduled date.

The Lions also plan to conduct their BINGO games at the new location.

Sumrall said that once the move is completed BINGO will be played on Tuesday and Friday nights, instead of only on Tuesdays, as they are at present.

The Lions will have approximately the same amount of floor space in the 26x44 foot building, and plenty of parking area.

Future plans call for moving the building to the Lions Club park property on Eagle River Loop Road later this year.

The Lions have been meeting at the Sportsman's Hall at mile 15 on the Old Glenn Highway.

...and skilled nursing care provide. The infants are monitored day and night by electronic devices and knowing M.D.s and R.N.s. Dr. Jung's program also provides expert consultation for outlying hospitals in the Rocky Mountain states. It is supported by the March of Dimes.

EYE CLINIC IS SUCCESS

EAGLE RIVER: The vision screening clinic held last Saturday by the Chugiak and Eagle River Lions Clubs was declared a complete success by all those involved.

Among the 128 persons tested, 33 were found to have vision problems serious enough to be referred to an ophthalmologist.

The clinic was held at the public library in the Eagle River Shopping Center.

The Lions Clubs conducted the clinic in cooperation with the Educational Assistance Programs for Vision-Hearing Impaired. The program is funded by a grant from the Bureau of Education of the Handicapped.
