CHUGIAK - 10¢

GOVERNOR EGAN TO PRESENT AWARDS AT CHUGIAK HIGH

MEA INCLUDES BIRCHWOOD SUB-STATION IN EXPANSION PLANS

PALMER: A sub-station in the Birchwood Area are included in the plans for expansion of Matanuska Electric Association's service.

MEA has announced the application for a loan from the Rural Electrification Administration to provide for the improvements which are planned.

In addition to the Birchwood facility, the improvements include a sub-station in the Butte area, modifications to the Palmer sub-station as well as the construction of 386 miles of member service extensions and 1.8 miles of new 115KV transmission lines. Also included are conversions of 25.7 miles of existing 34.5KV transmission line to 115KV. The transmission line is to be located within the City of

ORAL CANCER EXAMS TO BE OFFERED BY LOCAL DENTIST

EAGLE RIVER: Dr. John W. Sargent, local dentist, reminds the residents of the Greater Chugiak Area that Oral Cancer Day in Alaska will be observed on Monday, May 21st.

As a participant in this program to call attention to this major health problem, Dr. Sargent will be providing free oral cancer exams on that day.

Anyone wishing to have an exam may make an appointment by telephoning Dr. Sargent's office at 694-2441. His office is located in the Eagle River Shopping Center.

Local residents are encouraged to come into the office

OBEDIENCE CLASS WINNERS (l to r) 4th place, MARY HORAN WITH HEIDE, 3rd place, MARGIE BELLRINGER WITH LOBO; 2nd place, SHERRY JORDAN WITH CHIN-COK; 1st place, SHARON SPANGLER WITH FLINT

BIRCHWOOD: Governor William A. Egan will be a special guest at Chugiak High next Monday, May 21st, at which time he will present the 2nd Annual Ernest Gruening award to an outstanding senior boy and girl.

The award, a perpetual plaque, is presented to the boy and girl who have contributed the most to the class. In addition to having their names inscribed on the plaque, the outstanding seniors each receive a personal gift.

Last year, the first that the award was presented, the winners were Rodney Willis and Mary Ellen Wallis.

Governor Egan will also at this time, make the official presentation of the 1973 Chugiak High Year Book to the school.

This year the "Yearbook" has undergone several major changes from the format of past years, the most notable is a new name. No longer, "The Last-Round Up", the new yearbook is called "Babiche", which is said to be an Alaskan Indian word which translated means "to tie together."

Following the presentation of the yearbook, all students

member service extensions and 1.8 miles of new 115KV transmission lines. Also included are conversions of 25.7 miles of existing 34.5KV transmission line to 115KV.

The transmission lines to be located within the City of Palmer and in the Butte area within the Matanuska Susitna Borough.

According to MEA these facilities will make it possible for them to provide service to an estimated 2,348 new consumers, as well as meeting the increasing power demands of present consumers.

GRADE SCHOOLS TO HOLD MUSIC FESTIVAL TOMORROW

BIRCHWOOD: A music festival, featuring a combined chorus from all four local elementary schools, will be held tomorrow, Thursday, May 17th, at 7:30pm, at Chugiak High School.

"Showers of Songs", is under the direction of Charles Reynolds, Music Director for the Anchorage Borough School system.

This is the second such event to be held in the local area.

In past years local elementary school students participated in the massed chorus made up of students from Anchorage area grade schools and held in Anchorage.

Some of the numbers which the chorus will render are, "This Land Is Your Land," "Pearly Shells", and "Raindrops".

A demonstration of Folk Dancing will be included in the program.

There is no admission charged to those attending, and the public is invited.

Anyone wishing to have an exam may make an appointment by telephoning Dr. Sargent's office at 694-2441. His office is located in the Eagle River Shopping Center.

Local residents are encouraged to come into the office for their free cancer check-up. Those who work in Anchorage may find it more convenient to have their check-up at one of the dental offices in town, where free cancer check-ups also will be provided.

NEW BOROUGH MOVEMENT PICKS UP STEAM

CHUGIAK: The movement to withdraw from the GAAB and form a new borough is picking up steam and gaining new supporters every week, according to Leonard Nugen, publisher of the "New Borough Bulletin", weekly newsletter of the New Borough Steering Committee.

The latest issue of that publication reviews the five local government options which had been suggested by certain individuals and lists what they feel are the advantages and disadvantages of each plan.

Of the five plans (which include maintaining the status quo, establishing a Board of Supervisors, transferring to the Mat-Su Borough, incorporation as a city and withdrawal to form a new 2nd class borough), the committee favors the latter, and is taking steps to move in that direction.

The bulletin is published weekly, and distributed free of charge.

Donations or comments are welcomed, and may be sent to box 106, Eagle River.

OBEDIENCE CLASS WINNERS (l to r) 4th place, MARY HORAN WITH HEIDE, 3rd place, MARGIE BELLRINGER WITH LOBO; 2nd place, SHERRY JORDAN WITH CHINOOK; 1st place, SHARON SPANGLER WITH FLINT.

BRUSH FIRES KEEP LOCAL FIRE FIGHTERS ON THE RUN

CHUGIAK: Brush and grass fires have kept the firemen from both the Chugiak and Eagle River Fire Service Districts on the run this past week.

On Tuesday, May 8th, the Eagle River Fire Station dispatched two pieces of equipment to the Birch Hills subdivision, where approximately 1/2 acres of brush were involved in fire. Children playing with matches were believed to have started the fire.

On Sunday, May 13th, the Chugiak Volunteer Fire Co. responded to a call to Mile 18 on the Old Glenn Highway where a grass and brush fire was reported. The cause of this fire was not determined.

Later that same day, the Chugiak Volunteers responded to a report of a brush fire at the abandoned Mohawk Army Barracks near Thunderbird Falls.

Two abandoned quonset huts were destroyed in the blaze.

It was thought that this fire might have been started by careless campers.

WINNERS OF OBEDIENCE CLASS ARE CLOSE

OLD CHUGIAK: Scoring was very close among the top four dogs to complete the beginners class in the Obedience Graduation match held last Saturday, May 12th at the Chugiak Carnival Hall.

It was necessary to hold a two-way "sudden death" run off for first place and a three way run off for third place before the winners of the match could be determined.

First place with a score of 198 plus, out of a possible 200 points, went to "Flint", a German Shepard, handled by Sharon Spangler.

Second place with 198 points went to Sherry Jordan, with "Chinook", a Samoyd.

Third place went to Margie Bellringer with "Lobo", a Huskey-Wolf mix, with a score of 196 plus.

Fourth place, with a score of 198 was Mary Horan, with Heidi, a German Shepard.

Highest scoring Junior Handler award went to Sherry Jordan, with Chinook.

Most Improved Dog in the Class was "Lobo", handled by Margie Bellringer.

Judge for the Beginners Class was George Scot, of the Obedience Training Club of Chugiak, sponsors of the class.

Thirteen dogs competed in the match, with ten earning enough points to graduate.

In the Intermediate Class, only two dogs competed.

First place went to Caesar, a German Shepard, handled by Margaret Tannehill.

Second Place was "Troy", also a German Shepard, handled by Charles Sullivan.

Jackie Larkin was the judge for the Intermediate Class.

A new class in Obedience Training started last night, Tuesday, May 15th. Dogs may still be entered in the class through the first and second week. Classes are held at the Chugiak Elementary School, Intermediate at 6:30pm and Beginners at 7:30pm.

The cost of registration is \$15.00 per dog for the ten week course.

prevent birth defects
Give to the MARCH OF DIMES

Last-Round Up", the new yearbook is called "Babiche", which is said to be an Alaskan Indian word which translated means "to tie together."

Following the presentation of the yearbook, all students who had ordered copies of the yearbook will be given their books.

SPEEDING CAR TAKES TO AIR THEN CRASHES

FT. RICHARDSON: The driver of a 1965 Ford crashed his vehicle after the speeding car went out of control and became airborne.

According to the Alaska State Troopers, William M. Wright of 1003 Chugiak Way in Anchorage, Wright lost control of his car while traveling westbound on the Glenn Highway at approximately Mile 10.

From the tire tracks he apparently was traveling at high speed on the right shoulder of the road, started to turn sharply to the left and after sliding sideways for approximately 100 feet, the car flipped over once and became airborne, traveling an estimated 30 feet in the air before crashing.

Wright was transported to the 5040th Air Force Hospital by the Eagle River ambulance with a neck injury and lacerations.

Damage to the car was estimated at \$450. The case is under investigation by the Alaska State Troopers.

TOWED DUNE BUGGY IS CAUSE OF ACCIDENT

FT. RICHARDSON: A dune-buggy, which was being towed by a 1971 GMC pick-up, was the cause of an accident which resulted in a \$1,000 worth of damage to the truck.

The truck, driven by Paul S. Fox was towing the dune-buggy on the Glenn Highway when a wheel came off the towed vehicle. This caused the pick-up to leave the road and roll over into the ditch.

The dune buggy remained on the road and was undamaged.

There were no injuries, according to the Alaska State Troopers.

TAX PROTESTOR IS FOUND GUILTY

PHOENIX, ARIZ: Marvin L. Cooley, author of "The Big Bluff", a book which explains how to allegedly file income tax returns without paying tax, was found guilty of willful failure to file his own income tax returns for the years 1968 and 1970 by a jury trial in Federal court here today.

Cooley, 45, of 525 E. Baseline Road, Mesa Arizona, was charged with failure to report alleged income of \$18,912 in 1968, \$17,214 in 1969 and \$19,083 in 1970.

According to the Internal Revenue Service, Cooley, following advice provided in his book, had written "I don't know" on the face of these returns in spaces normally used to supply figures. Also, as advised in his book, Cooley decided to serve as his own (legal counsel) lawyer.

Cooley faces a maximum sentence of up to one year in jail and a \$10,000.00 fine on each of the three counts.

STATE TO REQUIRE PERMITS TO BURN

ANCHORAGE: The Forestry Section of the Alaska Division of Lands has announced that the fire season in Alaska has been designated As May 1st through September 30th, of 1973.

This year, as last, the State will be operating under the burning permit program.

F.J. Keenan, Director of the Alaska Division of Lands noted that the first year of operating under the burning permit program very definitely indicated its effectiveness in reducing the number of fires in the state and consequently, the cost of fire fighting.

Under the burning permit program, open fires are prohibited without a permit within the various forest warden areas that have been designated in the state.

Cooking and warming fires have been excluded from the program.

According to William A. Scheck, Alaska State Forester, anyone who starts a fire or is a party to the starting of such a fire without a valid permit is guilty of a misdemeanor and is subject to a fine, imprisonment or both.

Scheck also stated that a valid permit does not relieve the individual of responsibility for negligence or damages resulting from the escape of fire.

For the convenience of the public, State Forest Wardens have been stationed in Fairbanks, Tok, Glennallen, Palmer, Anchorage, and Sterling.

burning permit program, it is advised that interested persons contact the nearest Alaska Division of Lands office or local State Forest Warden.

NONE HURT IN CAR-MOOSE ACCIDENT

FT. RICHARDSON: There were no injuries to the occupants of a 1968 Ford which collided with a moose at Mile 12 on the Glenn Highway last Saturday, May 12.

The car, driven by Elroy A. Ashmore, of Palmer was eastbound on the highway when the moose ran in front of it.

Damage to the car was estimated at \$125 by the Alaska State Troopers.

KINDERGARTEN STUDENTS TO REGISTER

CHUGIAK: Registration for
kindergarten students in the
Greater Chugiak Area will
be held at all three elem-
entary schools from May
14th through May 18th.

Students entering kinder-
garten must be at least five
years of age prior to Nov-
ember 1st, 1973. Parents
desiring to enter children
in the District Kindergarten
Program should bring the
child's birth certificate or
other proof of age to the el-
ementary school in their
area of attendance. Home-
stead students will regis-
ter at Eagle River Element-
ary school.

Registration will be con-
ducted between 8:30am and
4:00pm.

A physical examination of
beginning students will be
required prior to attending
school in the fall.

GRADUATED SENIORS CAN PICK UP KEYS ETC.

BIRCHWOOD: Those seniors
who have graduated early
from Chugiak High School and
who had ordered announce-
ments and/or senior keys
are informed that they are
now available at McGrane's
Jewelry at 413 D Street in
Anchorage.

This is between 4th and 5th
Avenue near Penney's.

For those who had neglect-
ed to order announcements,
but would like to have some,
two hundred extra were or-
dered and are available.

Anyone wishing cap and gown
announcement or senior key
order forms may get them by
contacting Debbie Call, or by

LOCAL GIRL IS WINNER OF 4H DRESS REVUE

ANCHORAGE: Jeanne Hilde-
man, a member of the rec-
ently organized 4H Club in
Birchwood was one of two
winners of the Dress Revue
held in Anchorage last Sat-
urday.

Jeanne, and the other win-
ner, Kathy Fortin, of O'Malley
Road will represent the An-
chorage Area at the State Dress
Revue to be held in Fairbanks
later this summer.

Jeanne is 15 years old, Kathy
is 16. Jeanne is the daughter
of Mrs. Irene Hildeman of
Birchwood. She is a student
at Chugiak Junior High Sch-
ool.

OPERATOR TO IMPROVE FLOAT PLANE BASIN AT LOWER FIRE LAKE

FIRE LAKE: Bill Chand-
ler, who operates a com-
mercial float plane basin
at the southeast end of Low-
er Fire Lake, told of plans
to improve the facility.

Chandler was granted a
permit to operate the in-
stallation on May 12, of 1972.

When improvements are
completed, he said he will
have tie-down space avail-
able for least for 12 to 15
aircraft.

Chandler said that his plans
call for deepening the area
of the lake where his tie-
down facility is located, and
possibly eventually provide
gas pumps if there is a de-
mand for this service.

Chandler said that he had
been approached by certain
individuals who operate
float planes on the lake with
the idea of getting together
and dredging a channel to
make the lake more suitable
for float plane operation.

He said that while the plan
has merit, he is not in a po-
sition to undertake this at the
present time, and his plans
are limited to the improve-
ment of the immediate area
of his own operation.

**It matures
sooner than
you think.**

LADIES CLUB TO MEET TOMORROW

BIRCHWOOD: There will
be a regular business meeting
of the Chugiak Ladies Club
tomorrow, Thursday, May 17
at the home of Dee Steeby in
Birchwood.

Business will include a
"post mortem" of the recent
Spring Art Show, and dis-
cussion of plans for the sum-
mer social season.

All members are urged to
attend.

You Can Do It!
 Tired of the same old you
 fired of putting off changing
 your life for the better? You can
 do it. Surely not in all things, but
 you can change in the areas
 where you need improvement.
 If you feel your faith is slipping,
 it is not hard to attend
 church more often and feel your
 faith renewed. When you are in
 church look for something more
 to believe in, latch on to the new
 meanings you find in the service
 or sermon.
 Take time to pray - not plea -
 if you have doubts. Let your
 prayer be a message of thanks.
 If something or someone
 bothers you, turn your thoughts
 around. Be tolerant, forgive and
 forget. Your pride may feel some
 pain but you will be a better person
 for it.
 Let God be the center of all
 things in your life. Then you will
 discover you are on the way to a
 full and happy life. You can do it!

NOTICE

Matanuska Electric Association, Inc., announces that it has made application for a loan from the Rural Electrification Administration which provides for the construction of 386 miles of member service extensions and 1.8 miles of new 115 KV transmission line as well as conversion of 25.7 miles of existing 34.5 KV transmission line to 115KV.

New power substations are proposed in the Birchwood and Butte areas. Modifications will be made to the Palmer substation.

The transmission line will be located within the City of Palmer and in the Butte area within the Matanuska-Susitna Borough.

These facilities will make it possible for Matanuska Electric Association, Inc., to provide service to an estimated 2,438 new consumers and to meet the increasing power demands of present consumers.

If there are any comments on the environmental aspects of the proposed construction, they should be submitted to MATANUSKA ELECTRIC ASSOCIATION, INC., within 30 days of the publication of this notice. Additional information may be obtained at Matanuska Electric Association headquarters office, Box G, Palmer, Alaska 99645, telephone 745-3231.

...before she was born
 The March of Dimes wants every mother-to-be to know that prenatal care can reduce birth defects — it the rubella (German measles) vaccine and the Rh vaccine can reduce birth defects.

later?
 Money's tight. You feel pretty lucky if you can stretch your paycheck enough to meet all the everyday expenses. It's harder than ever to save a buck. And how are you going to take care of the future, when you've got enough trouble just taking care of the present?
 But, you can manage to save—by joining the Payroll Savings Plan where you work. It's a sure way to get started on a nest egg that you can depend on in the future.
 The amount you designate will be automatically set aside from your paycheck and used to buy U.S. Savings Bonds, before you get your check, and before you can spend it.
 So, join the Payroll Savings Plan and start on your "secret stash" today. And then just relax and don't worry about tomorrow. You'll manage.

Now E Bonds pay 5 1/2% interest when held to maturity of 5 years, 10 months (4% the first year). Bonds are replaced if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.
 Buy U.S. Savings Bonds.

Tell it to Martha

BY: MARTHA COUNCIL

Dear Martha,

Our son enlisted in the service a couple of years ago. A few months back he wrote to us to tell us that he was married. We were shocked, as we knew nothing about the girl or her family.

A short time after that he wrote again saying he was being sent overseas. He said that his wife's family didn't want her moving back with them, and he asked if she could come move in with us until he got back.

Of course we had no choice but to say yes.

Imagine our shock when she turned out to be a baby-faced kid of no more than sixteen.

It has been a real problem ever since she arrived. She is younger than our own daughter, but thinks because she is married she has the privileges of an adult. She comes and goes as she pleases, feels that she doesn't owe us any explanation as to where she spends her evenings or money.

She is too young to get a real job, and spends most of her time just lying around, watching TV or fixing her hair.

My husband I don't know what to do about the situation. We can't ask her to leave as she has no where else to go, but we feel that it is a bad influence on our daughter to see her getting away with all this while we expect HER to continue to observe curfews and other rules we have set

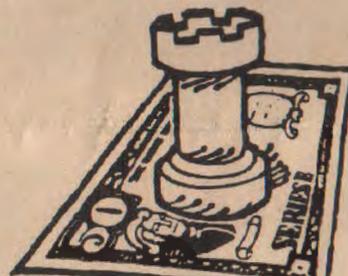

a regular job she should be contributing to the household expenses (or at least her husband should.)

I think a family conference is in order. You must explain to your daughter that this girl has a special status, and must not be expected to abide by the same rules as she does. Also write to you son and tell that his child bride is creating these problems and ask him to try to get her cooperation.

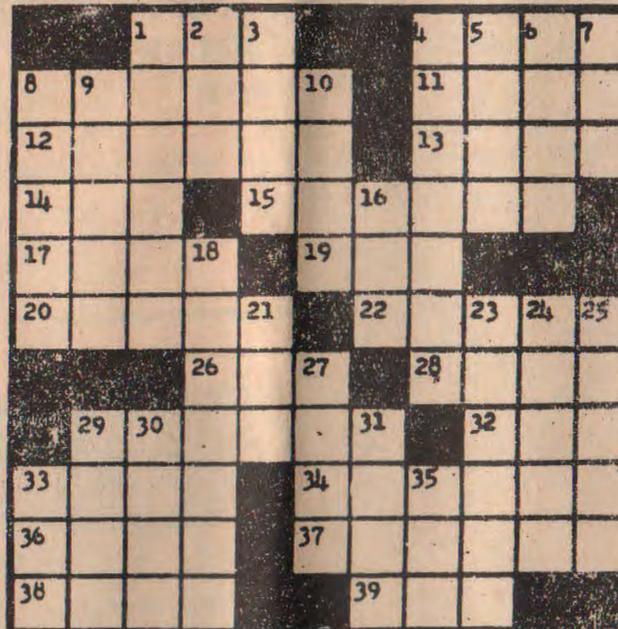

If things don't improve, then I feel that you should ask the girl to move. She decided she was old enough to assume the responsibilities of a married woman and that includes the ability to live away from her husband without a baby-sitter.

Sincerely,
Martha Council

WOMAN IS INJURED IN ARTILLERY RD. COLLISION

EAGLE RIVER: It appears that every week there is at least one accident at the intersection of Artillery Road and the Glenn Highway, and this week is no exception.

This week's collision took place on Sunday, May 13th, at 7:53pm.

According to the Alaska State Troopers, a 1968 Mustang, driven by Clara A. Wilhelm of Anchorage had stopped at the stop-sign on Artillery Road and then pulled onto the Glenn Highway just as a 1971 Mercury driven by Don D. Moore, of Palmer entered the intersection.

The Wilhelm car struck the Mercury, inflicting an estimated \$400 damage, while sustaining an estimated damage of \$125.

Ms. Wilhelm was transported to Providence Hospital by the Eagle River ambulance where she was found to be suffering from a head injury.

She was cited for failure to yield after stopping by the Alaska State Troopers.

You're never too old to yearn.

When you retire, you'll still want to take vacations.

When you retire, you'll still want to buy new clothes, have an occasional night out, drive a newer car, buy gifts, and be independent.

Will you be able to?

If you have your health there's only one thing that's going to keep you from living the way you want to. Lack of money.

That's where U.S. Savings Bonds come in. You can join the Payroll Savings Plan where you work right now.

That way an amount you specify will be set aside from your paycheck and used to buy Bonds. It's an almost painless way to save, and before you know it, you'll have a sizeable nest egg built up for your retirement years.

U.S. Savings Bonds. Because you want to retire from work, not from living.

We can't ask her to leave as she has no where else to go, but we feel that it is a bad influence on our daughter to see her getting away with all this while we expect HER to continue to observe curfews and other rules we have set up. How can we handle this matter?

Troubled Mother-in-Law

Dear Mother-in-law,
To begin with, you must adjust to the idea that this is not someone's teen-aged daughter that you have agreed to keep. This is someone's WIFE and even though she may still young in years, she has assumed the role of an adult and with that goes some of the privileges of an adult, such as not having to account for her finances except to her husband, and use her own judgement as to where she spends her time. She owes you no accounting for that. However, she does owe you and your family the responsibilities that go along with being an adult. She should try to help out around the home, instead of acting like a guest, and even if she is unable to get

A good move.

Today's Health News

Published by the American Medical Association

Wind and hard work help make clean air . . . According to a recent survey of urban pollution, the 10 cities with the cleanest air— not "squeaky clean," but cleanest — all have two things in common: natural ventilation, provided by regular winds, and active citizen organizations dedicated to fighting pollution. Three of the top 10 are in Texas — Dallas, Houston, and San Antonio, which came out number one. The other seven are San Francisco, California; Boston, Massachusetts (the only East Coast city to make the grade); Seattle, Washington; Kansas City, Missouri; Memphis, Tennessee; Columbus, Ohio; and, in the same state, surprisingly, Toledo, located on the edge of over-polluted Lake Erie. The cities were rated by the Mitre Corporation, which, on contract to the Environmental Protection Agency (EPA), determined a National Air Quality Index which measures both particulate matter (such as dust, mist, ash, smoke, and fumes) and pollutant gases.

Every city, except Boston, depends on natural gas for both heating and electricity generation; all but Houston have eliminated incineration as a method of

its consumption may have restricted. And sanitary problems often present problems of settling and ground seepage sides, many cities are run of sites that can be filled garbage.

Undaunted, and convincing alternatives can be found needed, the top 10 have long strides in reducing in emissions and are planning against the nation's number one polluter — the automobile also have established central recycling glass, cans, and Columbus, for example, such centers — organize group called Waste Watch

If your city isn't on it and you'd like it to be, t ing your local government pollution control office, local branch of the League Women Voters, or the Tuberculosis and Respiratory Association. If you ca a local office to contact either: The League of Voters, 1730 M Street N.W. ington, D.C. 20036, or Tuberculosis and Respiratory Association, 1740 Br New York, N.Y. 10022.

They'll help you fight fo

MANUAL GIVES GUIDELINES OF VEHICLE LIMITS

JUNEAU: A manual providing instructions and guidelines for the issuance of permits for oversized and overweight vehicle operation on State highways has been issued to all commercial carriers in the State, according to Department of Highways Commissioner B.A. Campbell.

The manual also outlines current Highway Department policies and procedures for oversized and overweight permit operations.

In discussing the intent of the new manual, Commissioner Campbell said, "Our desire is to establish a uniform Statewide system for permit issuance and oversized overweight vehicle operation to provide the required safety to the public and the protection of the State Highway network."

Copies of the new Oversize and Overweight Permit Movements Manual are available at Highway Department District offices in Anchorage, Fairbanks, Nome, Valdez and Juneau.
